

Second European Conference on Politics and Gender

13 - 15 January 2011
Central European University, Budapest, Hungary

The ECPG conference is organised by the ECPR Standing Group on Gender and Politics. It is a broad-based network on issues relating to the study of gender and sexuality in politics and world politics.

The Second ECPG aims to strengthen and expand the gender and politics community in Europe and beyond.

By fostering intellectual, political and social connections, the conference also aims to ensure that gender as a research field within politics and women in the profession are taken seriously by ECPR and other professional organisations for political science.
