

Level One

Computer Programming

Mathematics I

Embedded Systems

Electronics I

Sound Recording and Production I

Audio Mixing and Sound Synthesis

Level Two

Audio Programming

Signals and Communication Systems

Embedded Systems II

Electronics II

Instrument and Installation Design

*Live Production Systems
Sound Design For Film*

*Sound Recording and Production II
Sonic Arts*

Level Three

Digital Audio Effects

Auditory Perception

Audio Engineering Project

Work Placement

*Designing Musical Interactions
Spatial Audio
Audio Post Production*

*Sound Recording and Production III
Sonic Arts II
Audio Post Production*
