

*The School of Nursing and Midwifery*  
**Clinical Trials E-learning Module 2008**  
(Degree level 3)

This **e-learning** module in **Clinical Trials** will be running at Queen's University Belfast in January 2008. The module has been developed between the School of Nursing and Midwifery and the All Ireland Cancer Consortia to help advance the skills of clinical research practitioners in the whole of Ireland.

- **Entry requirements:** Nurse Registration and/or evidence of diploma level education or equivalent.
- **Attendance:** Sessions will be taught on-line save for two face to face sessions at Queens – One induction day and attendance at a further session half way through the course.
- **Module Cost:** £220
- **Contact Details:** Brenda Flynn (b.flynn@qub.ac.uk)
- **Closing Date:** Thursday 20<sup>th</sup> December 2007
- **Website:** [www.qub.ac.uk/schools/SchoolofNursingandMidwifery/](http://www.qub.ac.uk/schools/SchoolofNursingandMidwifery/)

**The content of this module will include:**

- Clinical Trials and hierarchy of evidence
- Critical appraisal of clinical trials
- Quality of Life Assessment and other measures in Clinical Trials
- Ethical Issues in Clinical Trials
- Consumer perspectives
- Research Governance
- How to manage a Clinical Trial
- Pharmacotherapeutics
- Interpreting Data
- Developing Research Careers

The module would be of interest to anyone wishing to extend their knowledge of clinical trials, or currently working in a clinical research post.
