

Number	Symposium title	Day	Location	Pre coffee morning	Post coffee	Pre tea afternoon	Post tea
3	Exploring population dynamics in community and landscape contexts	Mon	Bell				
5	Behaviour and ecology of insectivorous mammals: 'ant' eaters of the world	Mon	PFC 2017				
6	Small carnivores in space and time	Mon	PFC G007				
12	Mammal-macroparasite relationships	Mon	PFC 2025				
13	Late Quaternary Extinctions	Mon	PFC 2018				
23	Personality traits in wild mammals	Mon	Larmor				
24/25	Extreme environments/Energetic costs and behavioural patterns	Mon	PFC G024				
32	Hunting and conservation	Mon	PFC 2026				
33	Mammalian adaptations to human-dominated landscapes	Mon	PFC 2026				
37	Hyper-abundance and defaunation of ungulates: parallel and contrasting fortunes in northern and southern hemisphere	Mon	PFC G007				
4	Environmental signals, population outbreaks and the collapse of multiannual cycles	Tue	PFC 2026				
6	Small carnivores in space and time	Tue	PFC G007				
7	Migration, dispersal and orientation: how, when and where mammals move	Tue	Bell				
14	Phylogeography and biogeography	Tue	PFC G024				
20	Assembling the mammalian Tree of Life	Tue	PFC 2017				
29	The world underground	Tue	PFC 2017				
34	Reintroductions: objectives, methods and obstacles	Tue	PFC 2025				
38	Beavers as an ecosystem engineer, past, present and future impact	Tue	PFC 2018				
39	Modes of Communication: olfactory, touch and vocal signals	Tue	Larmor				
40	The Historical Biogeography of American Mammals and the Great American Biotic Interchange	Tue	Larmor				
1	Advances in the ecology and genetics of emerging zoonoses	Thur	Bell				
8	Mammal-plant interactions	Thur	PFC 2026				
10	Reproductive competition and sexual selection in mammals	Thur	PFC 2025				
11	Ecological and evolutionary responses of predators and their prey: is there a landscape of fear?	Thur	Larmor				
15	The influence of temperature on the evolution and diversification of mammals	Thur	PFC 2018				
16	Species concepts, hybridisation and conservation	Thur	PFC G007				
17	Conservation genetics	Thur	PFC G007				
27/28	Climate change impacts: mitigation, restoration and novel ecosystems/Physiological approaches to conservation	Thur	PFC 2017				
35	Wildlife human interactions: conflicts in the management of mammals	Thur	PFC G024				
2	Impact of disease on wild mammal populations	Fri	Larmor				
9	Scale dependencies in mammalian evolutionary ecology: from individual behaviours to coevolution	Fri	Bell				
30	Trophic cascades, ecological restoration and conservation of mammals	Fri	PFCG007				
35	Wildlife human interactions: conflicts in the management of mammals	Fri	PFC G024				
36	Invasive mammals: impacts, control and mitigation	Fri	PFC 2026				
41	Landscape and Community Ecology	Fri	PFC 2017				
42	Behavioural and Evolutionary Ecology	Fri	PFC 2025				
43	Education, History, Ethics, Policy & Systematics	Fri	PFC 2018				

PFC Peter Froggatt Centre

Larmor/Bell Physics Lecture Theatres
