What will I study?

IELTS 6.0 and Above

Mathematics and 8 Specialist modules specific to each engineering degree

+

ELSS modules

+

Professional Development Sessions:

gives the opportunity to combine study skills with professional skills such as CV writing, interview techniques and employability to prepare students for placement years, internships and future careers.

IELTS 5.5

Mathematics and 8 Specialist modules specific to each engineering degree

+

English Language and Study Skills module:

aims to assist and support students in meeting the English language requirements of their chosen degree programme, through the development of reading, writing, listening and speaking, and with a particular emphasis on high level academic writing skills in an Engineering context.
