At the heart of our Graduate School lies a culture of opportunity, innovation and enterprise, fuelled by a diverse and inclusive social community that has ambitions to shape a better world.
Thank you for considering joining us at Queen’s University Belfast for your postgraduate studies. Queen’s is an exciting place. A place that delivers both local and international impact. This makes us a global top 200 university*, based in Belfast, a modern capital city known for its welcome, accessibility and affordability as well as being a vibrant hub for the creative and tech sectors. It is a great place to live and work. We are immensely proud of what our city and our university will offer you.

From the day you arrive at Queen’s, you will be part of a world-class international university with a thriving postgraduate culture built on teaching excellence, leading-edge research, innovation, collaboration and engagement. These components are woven together in our Graduate School to deliver a truly integrated experience.

You will receive an educational experience that is research-led, learning from academics who are global leaders in their field, and you will benefit from a range of academic and professional opportunities available through our global connections.

You will also experience our world-class campus, including our state-of-the-art Graduate School which supports our postgraduate community to become thinkers, communicators, innovators and leaders who are future-ready.

For all these reasons I do hope you choose Queen’s for an outstanding postgraduate experience – we look forward to welcoming you and ensuring that your time here becomes the platform for a truly wonderful, exciting and fulfilling career.

Professor Ian Greer
President and Vice-Chancellor

* QS World University Rankings 2019
WHY POSTGRADUATE STUDY AT QUEEN’S?

WELCOME FROM PROFESSOR MARGARET TOPPING

The Graduate School is the gateway to your postgraduate experience.

For us at Queen’s University Belfast, the ‘post’ part of the word is not simply about what comes next. It’s about something much more dynamic and challenging.

Being a postgraduate student at Queen’s is about going beyond - beyond current conceptions and categories, redefining and rethinking assumptions, and having a perspective that is flexible and adaptive.

It’s about what we call ‘What’s Next’ thinking.

We train our postgraduates to become Thinkers, Communicators, Innovators and Leaders who are future-ready. And key to this process is disciplinary excellence, combined with transdisciplinary collaboration.

A partnership involving Academic Schools, Research Institutes and The Graduate School will enable you to stand out as a ‘What’s Next’ thinker. During your Master’s or Doctoral programme, you’ll have the support of internationally-recognised leaders in your field of study. Meanwhile, The Graduate School is a world-class intellectual and social hub, connecting students from all disciplines to each other and to mentors and employers within the University and beyond.

The Graduate School is about intellectual challenge beyond borders. It’s about developing new skills, increased personal effectiveness... It’s about a culture of opportunity, innovation and enterprise and a rich, diverse and inclusive social community.

The Queen’s postgraduate experience is about the whole person; helping you to achieve personal and academic goals that will enable you to stand out in the crowded and increasingly competitive local and global job market.

The Graduate School is about intellectual challenge beyond borders. It’s about developing new skills, increased personal effectiveness... It’s about a culture of opportunity, innovation and enterprise and a rich, diverse and inclusive social community.

The Graduate School is a world-class intellectual and social hub, connecting students from all disciplines to each other and to mentors and employers within the University and beyond.

Professor Margaret Topping, Dean of The Graduate School

OUR TAILORED DEVELOPMENT PROGRAMMES

DEVELOP YOUR LEADERSHIP
At Queen’s, you access more than research excellence. Our research students communicate across disciplinary boundaries and are challenged to translate design thinking into innovation. Your research skills are honed through working with stakeholders.

MASTER YOUR LEADERSHIP
The aim of Master Your Leadership is to support a ‘whole person’ approach to the Postgraduate Taught student (Master’s level) experience at Queen’s University. This is achieved through a programme of training and development which complements disciplinary excellence and develops employability skills.

THE INNOVATION HUB
We are committed to encouraging and supporting innovation, entrepreneurship and enterprise with our students. From Design Thinking; harnessing the collective expertise of students to collaboratively work to design solutions, to individual 1-2-1 business mentoring support for students who have ideas they want to grow into a business, we deliver a wide range of creative support in our hub.

THE INNOVATION HUB

Accelerating Social Transformation Programme – The programme tackles real local and global social challenges with students working across multi-disciplinary teams to design innovative solutions, making an impact on the world around them

A range of Innovation workshops, masterclasses and networking events connecting our student community to external partners to support in unleashing their creative potential

1-2-1 Enterprise and Innovation Appointments

CMI
The Graduate School is offering postgraduate students the chance to earn a Level 7 Certificate in Strategic Management and Leadership, accredited by the Chartered Management Institute. There are a number of ways this will help you stand out and become a future-ready, innovative leader:

The certificate will help you to develop practical skills as well as theoretical understanding. You will also choose to study either project management or entrepreneurship as a second unit.

Upon registration you will be given Associate membership to CMI valid for 12 months after completion of the qualification.

You also gain free access to Management Direct, which includes a vast array of online resources to help you complete your certificate and develop your leadership skills.

For further details and costs of the CMI programme:
Visit the dedicated website at go.qub.ac.uk/managers

For more information, please contact the Graduate School on +44 (0)28 9097 6534 or the School of Management on +44 (0)28 9097 6520.

YOUR FUTURE CAREER

The Graduate School is a community of creative thinkers and world changers, searching together for solutions that will create a better tomorrow. This is the place where physicists work alongside linguists to develop leadership skills, where medics collaborate with creative artists to communicate their research to a non-specialist audience, and where engineers seek the perspectives of philosophers to tackle global challenges.

STAND OUT FROM THE CROWD
We provide you with high-quality, transdisciplinary training and development that will make you stand out in a fast-paced, changing global job market. We’ll help you become future leaders by letting you apply your knowledge to real-world challenges, giving you the confidence and skills to gain an edge in your career.

POSTGRADUATE CAREERS EVENTS
We give students opportunities to develop their readiness for the future and manage their own careers, whether in academia or beyond. As well as central career and employer events, we offer career development programmes to support you as you embark on your next steps.

GRADUATE PLUS AWARD (POSTGRADUATE TAUGHT)
Queen’s Graduate Plus award is a vehicle for accrediting work-related learning and skills that current postgraduate taught students develop through extra-curricular activities, including the range of skills development workshops offered by The Graduate School. The Graduate Plus is a specific award for Master’s students and is recognised by a range of employers.

RESEARCHER PLUS AWARD (POSTGRADUATE RESEARCH)
As well as developing research expertise in your subject discipline, postgraduate research students have opportunities to develop a range of skills which are transferable beyond their research degrees to both academic and non-academic careers. The Queen’s Researcher Plus award provides official recognition of these skills and assists researchers in demonstrating them to employers.

ACCESSIBILITY TO WORK-BASED LEARNING PROJECTS
Queen’s University offers access to a real life work-based project by supporting collaborations with external organisations, providing opportunities for some Master’s students to undertake a work-based project in place of a more traditional Master’s dissertation.

INDUSTRY INSIGHTS
Students will gain insights in a range of industries through onsite visits, hearing from employees directly and getting a chance to ‘prototype’ their chosen career pathway.

Visit our online Course Finder go.qub.ac.uk/PGCareers
NEW CENTRES OF LEARNING
A striking addition to the Queen’s skyline is the redevelopment of the old School of Law. It provides an innovative teaching environment, including a wet lab and a student social hub. Over the past decade, Queen’s has invested £1.93m in developing our world-class facilities including the Centre for Cancer Research and Cell Biology, the William J Clinton Leadership Institute - which includes a FinTrU trading room with Bloomberg terminals - interdisciplinary health and life sciences research facilities, and innovative engineering hubs.

THE MCCLAY LIBRARY
We’ve invested over £50m in the McClay Library, blending the best features of a traditional library with the latest technology. Facilities include computing and media services, IT training rooms, quiet study and group work areas, a café, a Language Centre and a vast array of printed works.

WI-FI AND TECHNOLOGY
The Wireless Campus Project is a £1.93m investment programme providing a world-class service of connectivity across the University through more than 2000 access points. It enables you to have anytime, anywhere access to the resources you need. Our Library and IT services also gained a 90% satisfaction score in a recent National Student Survey, establishing Queen’s as one of the best UK universities in these categories.

LANGUAGE CENTRE
Our Language Centre provides you with the opportunity to acquire skills in a foreign language and improve your career prospects through our advanced multimedia facilities. Here you can undertake short courses for pleasure, or more intensive courses to enhance your career. The centre has classes in 17 languages and self-study courses in more than 80 languages. Translation services are also available, along with a large library of resources including books, tapes, dictionaries and DVDs.

QUEEN’S SPORT
There is a thriving sports culture at Queen’s, offering a choice of over 50 different sports clubs. Our Upper Malone outdoor facilities are a world-class centre for training and competition, the only place in the UK and Ireland to showcase rugby, Gaelic games and soccer in one space. The Physical Education Centre located on campus includes state-of-the-art fitness training and weights areas, four studios, 25m swimming and diving pool, two multipurpose sports halls, a martial arts area, two climbing walls, eight squash courts and two hurling courts. In 2018 Queen’s Sport opened a gym within the new City Centre accommodation block.

ARTS AT QUEEN’S
The University boasts the award-winning Naughton Gallery, one of Belfast’s most exciting art spaces. The Seamus Heaney Centre for Poetry reinforces our reputation as a world literary power, while the Brian Friel Centre for Theatre Research is a world-class studio theatre for performing arts students.

OUR BOUTIQUE CINEMA
Film fans will be impressed by Queen’s very own, full-time cinema, the Queen’s Film Theatre. Presenting the best in classic and new world cinema, it’s a unique cultural venue and a friendly, intimate space. The QFT has been bringing a high-quality film experience to Belfast audiences for 50 years.

STUDENTS’ UNION (SU)
Our Students’ Union is the largest single campus Students’ Union in Ireland and is rated 7th in the UK for Student Experience (Times Higher Education Student Experience Survey 2018). Currently situated across two sites (Elmwood Avenue and Lisburn Road) it is led by students for students and provides services and support such as representation, advice and student development opportunities. It’s also a popular social space and offers bars, entertainment, an SU Shop and areas for students to meet up with friends. A project commencing in 2019 will see the creation of a £41m Student Centre opposite the McClay Library. A project commencing in 2019 will see the creation of a £41m Student Centre opposite the McClay Library. A project commencing in 2019 will see the creation of a £41m Student Centre opposite the McClay Library. A project commencing in 2019 will see the creation of a £41m Student Centre opposite the McClay Library.

SUPPORT SERVICES
Queen’s has a network of support services dedicated to helping you get the most from your time at Queen’s. We look after your health, emotional wellbeing, education, study needs, financial security and career prospects.

STUDENT GUIDANCE CENTRE (SGC)
The SGC is the first place to visit for information, support, advice and guidance including:
- Careers Service
- Resilience, Wellbeing and Counselling
- Disability Services
- Student Finance
- International Student Support
- Learning Development Service
- Student Administration

IT TRAINING AND SUPPORT
We provide an introduction to our virtual learning and email services, and advice and support on how to get the best out of University and personal IT equipment.

CAREERS, EMPLOYABILITY AND SKILLS
We support students to explore, develop and achieve their career potential. The range of services include connecting students with employers and providing careers guidance, information, development programmes, work local and international) and study opportunities. Find out more at qub.ac.uk/careers

SUPPORT FOR INTERNATIONAL STUDENTS
Queen’s supports international students before arrival, providing specialist visa and immigration advice and leading welcome and orientation programmes to help maximise university life.

RESILIENCE, WELLBEING AND COUNSELLING
Our qualified and experienced counsellors can help work through any personal, academic and emotional difficulties that impact on your studies.

SUPPORT FOR STUDENTS WITH DISABILITIES
We offer all kinds of support, including School and exam support, accommodation requirements and assistance with applications for Disabled Students’ Allowance.

STUDENTS’ UNION ADVICE CENTRE
We offer you free, confidential, independent, accurate and non-judgemental advice and representation on issues like money, education, accommodation, course funding, and health and wellbeing.

CHILDCARE
Queen’s offers a range of childcare support, including full-time day care, out-of-school care and a summer activities scheme.

FAITH PROVISION
Our chaplains and other religious representatives serve students and staff across 12 faiths and denominations.

HEALTH
Healthcare and prescriptions are free for everyone in Northern Ireland through the National Health Service. If you need to see a doctor or order a prescription, this General Practice provides NHS (and non-NHS) services for Queen’s students.
A GLOBAL EXPERIENCE

The world is coming to Northern Ireland to live, work and learn. We are proud to play a leading role in our country’s growing internationalisation.

OUR GLOBAL COMMUNITY

Queen’s is truly an international university, ranked 25th in the world for global outlook.

We currently have 2,200 international students from over 80 countries. We have more than 600 international staff from over 70 nationalities.

We have international links with over 250 partner institutions and we collaborate with 3,000 local, national and international employers. These links will help you develop your skills and make an impact on the world.

Our partnerships are worldwide – with institutions like Dubai Healthcare City, where we have helped to develop the Mohammed Bin Rashid University for Medicine and Health Sciences; or with Bin Rashid University for Medicine and Health Sciences; or with the China Medical University in Shenyang, establishing the China Medical University College of Medicine and Health Sciences in Northern Ireland.

Located on the Queen’s campus, INTO Queen’s has helped to develop the Mohammed Bin Rashid University for Medicine and Health Sciences, where we have partnered with world-class academics.

“Not only does Queen’s provide great academic resources but also a unique, human environment that motivated me to achieve. Without this support, I would never be able to engage in conversations with world-class academics.”

Claire Zhao, PGR Doctoral Student

DYNAMIC STUDENT LIFE

Student life at Queen’s is dynamic and challenging. We examine preconceived ideas about the world and tackle global issues through interdisciplinary thinking.

We are developing global leaders. Our Graduate School provides an environment that encourages student-led initiatives. It is an interactive and international microclimate where your opinions and ideas are valued and nurtured and where you can engage with fellow students and academics as equals.

STUDENT WELLBEING

Queen’s is a college of the University which provides a range of specialist academic programmes in Finance, Management and Social Science as well as English Language Courses to prepare international students for future study at Queen’s.

Located on the Queen’s campus, INTO Queen’s has access to all Queen’s facilities whilst studying at the Centre and are taught to the highest standards by experienced, qualified teaching staff. Students can also avail of excellent support services from the INTO Student Services team based in the Centre, dedicated to helping support students during their studies.

www.intostudy.com/queens

“Looking back on my time at Queen’s, one of the most interesting aspects of my experience was the intersection of cultures. I was able to learn from – and alongside – students from all around the world.”

Whitney Wall Bortz, California, PhD Education

THE GRADUATE DIPLOMA

The Graduate Diploma is designed to provide international students, who do not qualify for direct entry to the University, with a pathway to selected masters’ programmes at Queen’s University Belfast. Three Graduate Diploma pathways are available:

- Graduate Diploma in Finance
- Graduate Diploma in Management
- Graduate Diploma in Social Science

Students who successfully complete the Graduate Diploma programme and meet the specific grades for entry will be guaranteed entry to a designated postgraduate degree programme at Queen’s University Belfast.

“The exciting Queen’s Quarter

This is one of the most culturally diverse and cosmopolitan corners of Northern Ireland. Within ten minutes of our main campus, there are restaurants for all tastes and traditions, side by side with halal grocers and international supermarkets, as well as local shops and entertainment venues.

Throughout the year, there are significant multicultural events for all our students, marking key dates such as the Chinese New Year, Eid and Diwali.

“Not only does Queen’s provide great academic resources but also a unique, human environment that motivated me to achieve. Without this support, I would never be able to engage in conversations with world-class academics.”

RESEARCH WITH GLOBAL IMPACT

Building a better society through a spirit of innovation and collaboration

OUR LEADING POSTGRADUATE AND POSTDOCTORAL COMMUNITY

We are committed to the growth of an environment where ideas and innovation can flourish, where our students and researchers can develop their talents and fulfill their ambitions.

Flagship programmes are bringing together researchers working across disciplines to address some of the greatest global challenges of our time. How do we tackle cancer, respiratory conditions, eye disease? How do we help societies recovering from conflict? How do our lives stay secure in the midst of the expanding information explosion?

We’re answering the big questions – and we’re doing it here in Belfast.

OUR WORLD-RANKING RESEARCH REPUTATION

Queen’s University is in the top one per cent of global universities, ranked 8th in the UK for research intensity and 9th in the world for international research collaboration. We have established global networks, working with more than 250 institutions and partners. Our research reputation is attracting major international investment. For example, California-based CV6 Therapeutics has chosen to partner with our Centre for Cancer Research and Cell Biology, with an initial investment of £5.5m, on the development of a new drug with the potential to make chemotherapy more effective.

DRIVING CLEAN TECHNOLOGY

Queen’s and the Northern Ireland company Wrightbus, which supplies London’s new Routemaster bus, are leading the way in the development of some of the world’s most advanced hybrid engines. This is one of our most enduring research collaborations with industry and has led to the establishment of the William Wright Technology Centre at Queen’s, promoting research and advanced engineering for today’s bus industry.

PROVIDING A NEW STREAM OF TALENT

Seagate Technology, one of the world’s largest manufacturers of hard disc drives, collaborated with Queen’s to set up ANSIN, a new research centre at the School of Mathematics and Physics. It has become a source of highly-educated and employable PhD students in Science and Technology. It has also led to the establishment of an £8m Centre for Doctoral Training, supported by Seagate and other industry partners.

GROUNDBREAKING GREEN CHEMISTRY

Our partnership with the Malaysian oil and gas giant PETRONAS has led to the development of ionic liquids – green chemistry – hailed as the most important British innovation of the 21st century. The technology developed by Queen’s University Ionic Liquids Laboratories (QUILL) and PETRONAS is being used to produce mercury-free natural gas at plants in Malaysia.

OUR HEALTHCARE PARTNERS IN DUBAI

Queen’s is partnered with Dubai Healthcare City, the world’s largest healthcare free-trade zone, to develop the Mohammed Bin Rashid University of Medicine and Health Sciences and its College of Medicine. It is a long-term partnership and collaboration to address the healthcare education, training and research needs of Dubai and other regional communities.

FROM RESEARCH TO ENTERPRISE

Every day our talented researchers work on new ideas and new concepts, making exciting discoveries that expand knowledge that can advance global society.

QUBIS, our venture spin-out arm, is translating much of that research into impact. QUBIS companies have an annual turnover of £250m and sustain 1800 high-value jobs in Northern Ireland. These companies include Andor Technology, developer of scientific cameras, and Kainos, the digital technology company. Both are now highly successful global enterprises.
The Institute for Global Food Security is at the forefront of tackling one of the greatest global challenges – how to ensure a sufficient, safe and nutritious supply of food for the world’s population.

The Institute has gained a worldwide reputation for research in several areas of food safety, including uncovering high levels of toxic inorganic arsenic in rice, the staple diet of half the world’s population. Researchers have also found that almost half of baby rice products contain high levels of inorganic arsenic, despite new limits set by the EU. It is also playing a key role in a major partnership tackling the challenge of feeding the world’s growing population. Through the European Institute of Innovation and Technology, a Knowledge and Innovation Community on Food has been formed, involving 50 major companies, universities and scientific partners.

From 2018, the Institute will have a new home. It will be a core component of the University’s new £39m School of Biological Sciences building which will offer the most modern teaching and research facilities for 750 students and 170 staff.

The Centre for Cancer Research and Cell Biology is working with partners around the world in developing cancer treatments and pioneering advances in patient care through global networks to develop cancer treatments and pioneering advances in patient care. Major programmatic awards in colorectal and prostate cancer, digital and molecular pathology underpin the focus on Precision Medicine. Recent advances at CCRCB include the discovery of how a genomic approach to understanding bowel cancer could improve the prognosis and quality of life for patients. The Centre for Public Health is working to identify risk factors that impact on the health of the individual and the population, to understand the causes of the major global health problems today. We are working to develop screening programmes and interventions to reduce the burden of chronic disease. The need to improve human nutrition in both the developed and developing world is also a major research focus. Recent research from CPH informed World Health Organisation (Europe) guidance on green space interventions for health.
We are working to help peace-building in conflict and post-conflict societies, informing and advising some of the highest diplomatic decision and policy-makers, politicians and activists throughout the world.

SECURITY AND JUSTICE

J. MITCHELL INSTITUTE

THE SENATOR GEORGE J. MITCHELL INSTITUTE
FOR GLOBAL PEACE, SECURITY AND JUSTICE

Questions about peace, security and justice dominate the discourse of governments, international agencies and civil society. As it emerges from conflict, Northern Ireland can help to answer these questions and offer valuable comparative insights, and it is doing so through the work of the Mitchell Institute.

Named after the distinguished US diplomat who was a major influence in bringing peace to Northern Ireland (later serving as Queen’s Chancellor), the Institute’s role is to respond to the unprecedented challenge of building a peaceful, secure and inclusive world.

It brings together the University’s unparalleled expertise, linking peace-making with social transformation and pointing out the need for governance reform of state institutions alongside cultural and social processes for healing in society. To answer questions that are not immediately answerable from a single perspective, there is an emphasis on multidisciplinarity and interdisciplinarity, with international researchers from fields as diverse as Politics, History, Mental Health, Management and Planning working together. This collaborative research also includes a shared grant with the Centre for Secure Information Technologies (CSIT) looking at cyber security and issues of trust, privacy and ethics.

The Institute’s key research themes include:

- Legacy Issues – How do peace processes become a part of everyday life?
- Justice and Rights – How to embed international human rights norms into local cultures?
- Security – How do we secure ‘just’ and ethical responses to a range of security risks?
- Ideology and Beliefs – How do values and beliefs in different cultures shape approaches to peace-building?

Among major collaborative projects is an £800,000 award from the Arts and Humanities Research Council with investigators examining the role of sound, narrative, music-making and digital media in conflict transformation.

go.qub.ac.uk/gri-mitchell

THE INSTITUTE OF ELECTRONICS, COMMUNICATIONS AND INFORMATION TECHNOLOGY

ECIT is transforming Northern Ireland into a world-leading centre for enterprise and innovation. It is based at Catalyst Inc – formerly the Northern Ireland Science Park – where it became the anchor tenant in 2004. Now there are more than 200 companies on the site, employing 3,000 people.

Our world has become increasingly digitised, affecting how we communicate, manage our finances, access healthcare, and even how we interact with household devices. But with this digital growth, new challenges arise: how to process and transmit huge volumes of information and how to accelerate the global adoption of technical innovations for greatest economic impact.

ECIT is answering these questions by developing the next generation of secure – connected – intelligent technologies and industry leaders.

www.ecit.qub.ac.uk

The Institute has three pillars:

- The Centre for Secure Information Technologies (CSIT)
- The UK’s Innovation and Knowledge Centre for cyber security, responsible for delivering some of the nation’s flagship cyber security innovation programmes such as HutZero, Cyber 1010 and London Office of Rapid Cybersecurity Advancement (LORCA).
- The Centre for Wireless Innovation – Developing underpinning technologies for mobile, medical and space.
- The Centre for Data Sciences and Scalable Computing
- Computing systems for the data-driven society.

THE INSTITUTE OF ELECTRONICS, COMMUNICATIONS AND INFORMATION TECHNOLOGY

THE INSTITUTE OF ELECTRONICS, COMMUNICATIONS AND INFORMATION TECHNOLOGY

ECIT’s continued success has been highlighted in three recent events:

- The award of a Queen’s Anniversary Prize to CSIT for its work in protecting the online activity of billions of internet users around the world:
- The granting of a Regius Professorship to Queen’s, celebrating research that is internationally excellent and has a major impact on wider society and the economy.
- The award of a Knighthood to Professor John McCanny, ECIT’s head and founder.

At CSIT, multinational partners include Allstate, BAE Systems, Direct Line, Equiniti, Infosys, and Thales. It is the UK’s largest academic research and innovation centre in cyber security and one of the largest in Europe. It has also retained its ‘Academic Centre of Excellence in Cyber Security Research’ status, first awarded in 2012 by the National Cyber Security Centre.
A place that has produced poets, scientists, historians, musicians, engineers, writers, leaders of society... We’re building on a rich heritage of culture and creativity, supporting new generations of thinkers and innovators who will make their mark in the world. People like you.

This is a place of rugged, natural beauty, where every day there’s something new to discover. Breathtaking landscapes, lakes and forests. A dramatic coastline. Exciting cities. And the friends you haven’t met yet.

Belfast and the Causeway Coast named the number 1 region in the world to visit in 2018

(Lonely Planet, 2017)
THE NORTHERN IRELAND EXPERIENCE

A GLOBAL DESTINATION

The world is catching on to the secret that locals have always known: Northern Ireland is one of the most beautiful places on the planet. Just ask the experts at Lonely Planet who recently lauded Belfast and the Causeway Coast as the number one region in the world to visit in 2018. From golden beaches to lush forests, as a postgraduate student in Belfast, the region’s most breath-taking landscapes will be right on your doorstep.

ADVENTURE ON YOUR DOORSTEP

You’re never more than a short distance away from a beach, a hillside, a river, or a landmark to our history. Take an exciting road trip along the twisting, turning North Coast road and marvel at the spectacular views. See the Giant’s Causeway, a UNESCO World Heritage Site, plunge into the Atlantic surf near Royal Portrush Golf Club where The Open will be played in 2019, or steel your nerves to cross the famous Carrick-a-Rede rope bridge. And all in one day.

SWEEPING TO THE SEA

Our tallest peak, Slieve Donard, dominates the Mourne Mountains, an Area of Outstanding Natural Beauty, and the inspiration for C.S. Lewis’ magical world of Narnia. Soak up the rich culture, heritage and mythology of the region, and enjoy sweeping views down to the sea as you scale the fantastical soaring mountains in search of Aslan.

GAME OF THRONES

The most popular TV series in the world is filmed throughout Northern Ireland and at the Titanic studios in Belfast. Tour the real locations – both spectacular and mysterious, such as the Dark Hedges – that have helped to create the legend and have fuelled the growth of our local film industry.

GATEWAY TO EUROPE

Uniquely and perfectly positioned within easy reach of the Republic of Ireland, the rest of the UK and mainland Europe, this is the perfect UK student destination for exploration and adventure. It’s a short hop from Belfast to other UK major cities, less than a couple of hours to Paris, while Dublin is just 100 miles down the road.
You’re going to like it here. So make yourself at home. Belfast is a modern capital city, welcoming, easy to get around and an inexpensive place in which to live and study. It is also a learning city. It has a passion for progress – a passion shared by Queen’s University.

As Belfast flourishes as a global food, culture, arts and shopping destination, Queen’s is positioned in the beating heart of the city’s social and economic pulse, sharing a commitment to excellence, innovation and prosperity.

Belfast: Friendly, Affordable, Ambitious

Northern Ireland is the Happiest Place in the UK
(Office for National Statistics, 2016)
INNOVATION AT ITS HEART
Belfast’s young, dynamic population translates into a thriving business community with a determination to succeed. This is a place where innovators and entrepreneurs can find the support network and urban workspaces they need to nurture success. A city with innovation at its heart, technological advances infiltrate every sector helping to build our competitiveness on the global stage.

HOME TO THE WORLD’S BIGGEST COMPANIES
The prevalence of venture capitalists, business angels and private investors mean that young high potential companies are booming in the city. In fact, Northern Ireland has the highest proportion of start-ups reaching £1 million in revenue within three years (Enterprise Research Council, 2016).

There are almost 900 international companies located in Northern Ireland, making Belfast the second most successful city in the UK (after London) for attracting US trade. Belfast is also one of Europe’s top 10 small cities for Foreign Direct Investment strategy (Financial Times, FDI European Cities of the Future, 2018). The Titanic Quarter has become an economic and technological powerhouse, hosting global companies such as Citi, Microsoft, IBM and HBO. Catalyst Inc, formerly the NI Science Park, houses 200 companies which are spearheading tech innovation.

It is also the home of Queen’s globally-renowned Centre for Secure Information Technologies which has helped to create 1,100 new jobs in cyber security in Belfast over the past three years.

A LOW COST OF LIVING
Northern Ireland has the lowest student cost of living in the UK. In fact, it’s over £5,000 per year cheaper for students to live in Northern Ireland compared to London (Which? University, 2018).

At an average of £90 per week, Belfast was found to have the cheapest weekly rent than anywhere else in the UK in 2018 (Marbles.com). The average student’s cinema ticket cost £4.95 and just £4 in Queen’s Film Theatre – less than half the price of London. More pennies and pounds in your pocket to enjoy everything the city has to offer.

BELFAST: A PROFESSIONAL CITY
GETTING AROUND
Belfast is a compact city, best explored by foot or by bicycle. The city’s popular Belfast Bikes scheme has cycle racks located all over the city. There are good bus and train services, with student travel discounts widely available.

A CITY OF CULTURE
Beautiful architecture, art galleries and museums, such as the Ulster and Titanic Museums, speak to our rich history, which has shaped the city’s unique character, while the thriving music and arts scene has created a modern cultural landscape of effortlessly cool gig venues, pop-up theatres and urban festivals.

Queen’s University is at the heart of a city of artists, poets, writers and musicians who are celebrated in areas such as the Cathedral Quarter, with its busy restaurants, pubs and arts venues, such as the MAC and the Black Box. The energy of the city is tangible in the legendary nightclubs, artisan cafés and cloth-cap bars that line the cobbled streets, where street art, street food and street markets deliver a colourful punch at every turn.
ACCOMMODATION

Studying in Belfast is a fantastic experience. It’s even better when you know you’re living somewhere safe, comfortable and affordable.

Queen’s is Belfast’s largest provider of student accommodation with over 3,500 rooms.
That includes an investment of £72m in the city centre which saw 1,200 student rooms opening their doors in September 2018.

Accommodation for our postgraduate students is offered on a self-catering basis and is within a short walk of university facilities including the sports centre, library and most key campus buildings.
And there are plenty of local bars, shops and cafes nearby.

CONTEMPORARY APARTMENTS TAILORED TO POSTGRADUATE AND INTERNATIONAL STUDENTS

Located a short walk from the main campus, our purpose-built postgraduate accommodation, Willow Walk, offers a mix of studio, one, two, three, and four-bedroom apartments, each with a modern contemporary design. Apartments are light and spacious, and each study bedroom has a double bed and shared bathroom facilities.

OPTIONS TO SUIT ALL BUDGETS AND LIFESTYLES

By choosing Queen’s Accommodation, students benefit from the advantages of the University managing and supporting their living needs. This includes a residential life programme with over 350 annual events, pastoral care, 24/7 safety and security, as well as regular maintenance.

Alternatively, for more independent living, Mount Charles is located just off Botanic Avenue, two minutes from the main campus and right in the heart of one of Belfast’s most vibrant areas.

ROOM TYPES AND COSTS

Mount Charles has a number of room options including a twin, standard, premium standard, en suite and premium en suite for you to choose from.
As a guide, our accommodation prices in 2017/18 range from £75 per week if sharing a twin room and up to £175 for an exclusive one-bedroom apartment in Willow Walk. This makes us one of the cheapest places to rent in Belfast. For your convenience we also have a variety of payment plans to help you decide which best suits your situation.

ADDED EXTRAS INCLUDED IN YOUR RENT

Our all-inclusive residential fees include rent, all utility bills (electricity, heating and hot water), contents insurance, maintenance repairs, TV licence for communal areas, weekly clean of communal areas and high speed broadband with high speed Wi-Fi throughout all accommodation.

Our Residential Life Co-ordinators also offer support, help and guidance on settling into student life in Belfast. And now you can also benefit from free off-peak membership of Queen’s Sport.

COUPLES AND FAMILIES

We have a wide range of accommodation options for students travelling with family members or dependants. Please contact us to discuss requirements for suitable housing before you apply.

OPTIONS SUMMARY:
- Single or mixed gender accommodation
- Residences suitable for couples, families and dependents
- Private or shared bathrooms
- Studio, one - six bedroom apartments
- Twin, standard, premium standard, en suite and premium en suite room options

Queen’s University Belfast – Postgraduate Prospectus 2019
ACCOMMODATION IS GUARANTEED FOR INTERNATIONAL STUDENTS

International postgraduate students are given priority for a place in University accommodation for at least their first year at Queen’s. You should submit an application as soon as you can in order to be allocated the room type you need.

HOW TO APPLY FOR ACCOMMODATION

Register online and complete an application form as soon as you have received a conditional or unconditional offer to study at Queen’s. Information on how to apply will be sent automatically to all offer holders, and you are advised to apply even if Queen’s is your insurance choice.

Applications open in January.

PRIVATE RENTED ACCOMMODATION

Private rent in Belfast is lower than in other UK cities and there is plenty of accommodation in the Queen’s Quarter, within a 10-minute walk of the campus.

The website ribestudentpad.co.uk is recommended by the Students’ Union to help students search for private rental accommodation.

To assess the location of private sector accommodation in relation to the University, you can enter the University postcode (BT7 1NN) into an online map search.

POSTGRADUATE
STUDY AT QUEEN'S
APPLYING TO QUEEN’S

Applications for admission to the majority of postgraduate programmes can be made online via the Postgraduate Applications Portal (go.qub.ac.uk/pgapply). The online system also allows applicants for funding where appropriate.

The following programmes have separate application procedures, so you should apply via the appropriate School/Institute web page:

- Postgraduate Diploma in Professional Legal Studies (Institute of Professional Legal Studies; qub.ac.uk/pg/lps)
- Doctorate in Educational, Child and Adolescent Psychology (School of Psychology; qub.ac.uk/pg/psychology)

A step-by-step guide on the application and admissions process is available at go.qub.ac.uk/pgapplicationguide. If you need further advice, please contact:

Admissions and Access Service
Queen’s University Belfast
Belfast BT7 1NN
T: +44 (0)28 9097 3004
F: +44 (028) 9079 315
E: postgrad.admissions@qub.ac.uk

WHEN TO APPLY

Where a closing date does not apply, we do recommend that you apply as early as possible, ideally no later than 31 July, for courses which commence in late September. If demand for a course is high, it may be necessary for us to introduce an earlier closing date, and this will be advertised in the online Course Finder. Early application is also recommended, as for a number of our courses, arrangements may be made to allow sufficient time to obtain a student entry visa.

There is no standard closing date for postgraduate research programmes; however, you should check the website of the School/Institute in which you hope to conduct your research for information on deadline dates (and eligibility requirements) for postgraduate funding applications. This will also determine when your application for a place should be submitted.

Closing dates apply for admission to the following postgraduate programmes:

- Postgraduate Certificate in Education (PGCE)
- Postgraduate Diploma in Professional Legal Studies
- Professional Doctorates in Psychology
- MA Global Security and Borders
- MA Public History
- MSc Psychological Sciences

Please check our online Course Finder for full details of application closing dates (go.qub.ac.uk/coursefinder).

ACCEPTABILITY OF QUALIFICATIONS FOR ADMISSION

For admission, an Honours degree from a UK or Republic of Ireland Higher Education Provider, or an equivalent qualification acceptable to the University is normally required. Professional qualifications and/or experience may be considered in combination with academic qualifications for entry to some programmes.

Only qualifications that have been awarded by accredited Higher Education Providers, recognised by the University, will be accepted. If you are an international student with a query about the acceptability of your academic qualification, you should refer to the ‘Your Country’ section of the University’s website (go.qub.ac.uk/YourCountry) for advice on comparability with UK qualifications.

A guide to the general entry requirements for postgraduate taught programmes, expressed in terms of UK Honours degree classifications, is included in each subject section within this Prospectus. Detailed entry requirements and further information on individual programmes is available on the University’s online Course Finder at go.qub.ac.uk/coursefinder.

RECOGNITION OF PRIOR LEARNING (RPL)

The University operates a Recognition of Prior Learning (RPL) scheme which recognises relevant prior learning for admission and for credit purposes.

For some programmes, admission under Recognition of Prior Educational Learning (RPL) may be permitted and, if applicable, this will be indicated under the individual programme entry on the Course Finder. Please visit go.qub.ac.uk/RPMPolicy for the University’s RPL Policy and information on application procedures.

ENGLISH LANGUAGE REQUIREMENTS

If your first language is not English, evidence of an acceptable level of proficiency will be required. In addition, applicants who are non-EEA nationals must satisfy the UK Visas and Immigration (UKVI) immigration requirements for English language for visa purposes. This evidence should be in the form of a Secure English Language Test (SELT), normally the IELTS Academic for UKVI Purposes test, or another English language qualification acceptable to the University which examines all four elements of language learning—Listening, Reading, Writing and Speaking.

Within this Prospectus, the English language requirement for entry to each postgraduate taught and research programme is expressed in terms of IELTS Academic test scores. The IELTS Academic scores listed are the minimum overall score requirements. For each individual test component, the minimum score required is normally 5.5, however for some programmes the component scores necessary may be higher. Please refer to the University’s online Course Finder for individual programme requirements at go.qub.ac.uk/coursefinder. For details of other English language qualifications which may be accepted by the University please visit go.qub.ac.uk/EnglishLanguageReqs

VISA AND IMMIGRATION

Visa and Immigration requirements can sometimes seem intimidating; Queen’s provides a high-level of support and advice on UK student visa directly for you. Working within Office of the Immigration Services Commissioner’s code of standards (GSI), the International Student Support office is here to help you make a smooth transition from your home country to Belfast. For information on how visa requirements are calculated, as well as Points Based System (PBS) and your Confirmation of Acceptance for Studies (CAS) number, please see: go.qub.ac.uk/infvisa

Further information is also available at go.qub.ac.uk/visas-immigration

APPLICANTS WITH A DISABILITY OR LONG-TERM CONDITION

If you have declared a disability or long-term condition at the time of application and you receive an offer, you will be directed to a questionnaire, which you should complete and return to the Disability Services unit.

The information you provide will be treated as sensitive and kept strictly confidential. It will only be used to plan for your individual support requirements, ensuring that your transition to Queen in is as smooth as possible (see also page 10).

If you need any advice about declaring a disability, or the arrangements which we can make, please contact:

Disability Services
T: +44 (028) 903-5250
E: disability.office@qub.ac.uk

APPLICANTS WITH A CRIMINAL RECORD

It is the policy of the University to consider applications for admission on their individual merit in the light of all available information. The primary selection criteria are those related to the qualifications, skills, abilities and personal qualities of an applicant. The University will investigate the criminal record of a new applicant only if the primary selection criteria for the programme have been met. The University considers the role of education in the rehabilitative process and a criminal record will not debar an applicant unless the nature and seriousness of the offence in question are incompatible with:

- the study programme applied for
- the ultimate professional or vocational goal
- participation in an academic and social setting and the University’s responsibility to ensure a safe and neutral environment.

Regulations concerning admission of applicants who have a criminal record are available at go.qub.ac.uk/PAGAdmissionsPolicy

ADMISSIONS APPEALS AND COMPLAINTS PROCEDURE

If you consider that your application has not been dealt with fairly, you should contact the Admissions and Access Service in the first instance.

REGISTRATION

If you are accepted for a programme of study, you must provide original documentary proof of your qualifications (and English language qualifications and/ or certified English translations when appropriate) and also need to provide photographic identification (Current UK/EU passport, EU National Identity Card or Driving License issued in the UK or Ireland) with your registration. International students will be required to provide passport and visa information. Details of arrangement for enrolment and registration will be provided in your Welcome Guide.

Find out more go.qub.ac.uk/pgapply
STUDENT FINANCE AND FUNDING

INTRODUCTION
Tuition fee arrangements for students from Northern Ireland, those from England, Scotland and Wales (Great Britain), and those from the rest of the European Union are detailed below. Tuition fee information for international students is available on page 38.

POSTGRADUATE RESEARCH
The standard tuition fee for postgraduate research students from Northern Ireland, Great Britain, or the rest of the European Union, for 2019-20, had not been set at the time of publication. These will be set in early 2019. The standard tuition fee for 2018-19 was £4,260. The standard tuition fee for international postgraduate research students from Northern Ireland, Great Britain, or the rest of the European Union are detailed below. Tuition fee information for international students is available on page 37.

POSTGRADUATE TAUGHT
Tuition fees are agreed for certain courses. Some fees may be subject to annual inflationary increases. Information on how tuition fees are calculated is available at qub.ac.uk/tuitionfees.

POSTGRADUATE TAUGHT Tuition fees for 2019-20 are as follows:

- **MSc Accounting and Finance**: £19,100
- **MSc Economics**: £17,600
- **MSc Finance**: £19,100
- **MSc HR Management**: £19,100
- **MSc International Business**: £19,100
- **MSc Management**: £19,100
- **MSc Marketing**: £19,100
- **MSc Quantitative Finance**: £19,100
- **MSc Risk and Investment Management**: £19,100
- **MBA**: £21,500

Note: standard international postgraduate fees are listed by course, but different fees may be agreed for certain courses.

Tuition fees quoted are for study in the academic year 2018-19 only. Tuition fees are subject to annual inflationary increases. Information on how tuition fees are calculated is available at qub.ac.uk/tuitionfees.

Research students should contact either:

- Student Helpline: +44 (0)28 9097 3223
- email: studentfinance@qub.ac.uk

For further information, please also see qub.ac.uk/TuitionFees for updates on all tuition fees.

TUITION FEE PAYMENT OPTIONS
A number of options are available, to pay tuition fees. Students can either:

- Sign up to a Direct Debit and make a minimum 25 per cent payment at enrolment, followed by three further bi-monthly payments in November, January and March. Pay the full tuition fee on enrolment. Provide evidence that a sponsor will pay fees on their behalf. Students must provide an official letter confirming this fact at enrolment. Students will remain liable for the full fee until this letter is presented to the Student Finance Office. Where a sponsor has not paid the fees due by 31 January, the outstanding debt will revert to the student.
- Apply to the Student Loans Company for a postgraduate tuition fee loan. Please see qub.ac.uk/TuitionFees for further information.
- Pay the full tuition fee on enrolment. If the student’s visa application is successful, but the student chooses not to accept his/her place at the University, the deposit will not be refunded. The standard tuition fees for international postgraduate students, commencing a course in 2019-20, are as follows: (FR + Fee Rate):

<table>
<thead>
<tr>
<th>Course</th>
<th>Fee Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>FR1 (classroom based course)</td>
<td>£20,300</td>
</tr>
<tr>
<td>FR2 (laboratory based courses)</td>
<td>£20,300</td>
</tr>
<tr>
<td>FR4 (clinical element of Medical and Dental courses)</td>
<td>£37,600</td>
</tr>
</tbody>
</table>

INTERNATIONAL POSTGRADUATE Tuition fees are subject to annual inflationary increases. Information on how tuition fees are calculated is available at qub.ac.uk/tuitionfees.

Note: standard international postgraduate fees are listed by course, but different fees may be agreed for certain courses.

For information on additional course costs is available at qub.ac.uk/tuitionfees.

OTHER COSTS
For some courses, students are required to purchase instruments, equipment or attend field courses, the cost of which is additional to tuition fees. Information on additional course costs is available at qub.ac.uk/coursefinder.

PAYING FEES AT ENROLMENT
Payment can be made at enrolment either online, in person, or by phone, using a credit or debit card. Payment can also be made by cheque or bank transfer.

To confirm the fee rate of a particular course, prospective students should contact either:

- Student Helpline: +44 (0)28 9097 3223
- email: studentfinance@qub.ac.uk

For further information, please also see qub.ac.uk/TuitionFees for updates on all tuition fees.

The options available for paying tuition fees are outlined on page 37.

Find out more:

- qub.ac.uk/TuitionFees
- go.qub.ac.uk/coursefinder

EXCEPTIONS
For further information, please also see qub.ac.uk/TuitionFees.

- MSc Accounting and Finance: £6,500
- MSc Applied Cyber Security: £12,600
- MSc Economics: £6,500
- MSc Finance: £6,500
- MSc HR Management: £7,000
- MSc Management: £6,500
- MSc Marketing: £7,000
- MSc Quantitative Finance: £6,500
- MSc Risk and Investment Management: £6,500
- Masters in Law: £7,400
- MBA: £21,500

In addition to the exceptions noted, different fees may be agreed for certain courses. Prospective students should refer to go.qub.ac.uk/coursefinder for course costs and tuition fees. Please also see qub.ac.uk/TuitionFees for updates on all tuition fees.

For further information, please also see qub.ac.uk/TuitionFees.
FUNDING FOR POSTGRADUATE STUDY

Applicants are advised to explore fully the funding opportunities for studying in the UK, for example, international students may find funding is available from sources within their own countries. Some closing dates can be a year before commencing studies, so please ensure to apply in good time. Possible sources of funding are available at go.qub.ac.uk/intlschol

The funding set out in this section includes funding available from the University and from some external sources. Information provided in this section is intended to highlight the broad range of funding available. It is not a comprehensive list of funding sources. Applying for funding which is available from the University is part of an integrated, online, postgraduate admissions process. An offer of a place at Queen’s does not constitute an offer of financial support.

For 2019 entry, Faculty and Schools in the University will be setting their own deadlines for postgraduate applications for admissions, scholarships and studentships. Applicants who wish to apply for postgraduate funding available from the University for 2019 entry should refer to the relevant Faculty and School websites for information. Details may be found at qub.ac.uk/schools

POSTGRADUATE TUITION FEE LOAN FOR STUDENTS FROM NORTHERN IRELAND AND EUROPEAN UNION*

A Postgraduate Tuition Fee Loan up to the value of £15,500 is currently available towards the cost of tuition fees for a taught or research Master’s degree, Postgraduate Certificate or Diploma. The Postgraduate Tuition Fee Loan (PG TFL) for postgraduate study is non-means tested and paid directly to the relevant University or College. Students should contact The Student Finance NI for further guidance, please contact The Student Finance NI on 0300 123 9003 or email studentfinance@qub.ac.uk or check the information provided at the link below.

*Terms and Conditions Apply

STUDENTS FROM ENGLAND

Postgraduate student loans are available if you're an English resident. You may be eligible for a loan of up to £10,609 to study a taught or research Master’s in any subject. Full details are available at gov.uk/postgraduate-loan

APPLICANTS FROM THE UK AND OTHER EU COUNTRIES

Note: where it states ‘UK residents,’ please note that qualifying residency and citizenship/nationality criteria apply. For further details, please refer to the expanded eligibility criteria available at the Find out more link opposite.

Department For The Economy Postgraduate Research Studentships

These studentships funded by the Department for the Economy (DfE) are offered in a wide range of subject areas across Col3 Faculty/Schools and postgraduate research projects in collaboration with an industrial sponsor.

Department For The Economy Co-Operative Awards In Science And Technology (CAST) Postgraduate Research Studentships

Details of the ESRC Northern Ireland and North East Doctoral Training Partnership (NINE DTP) will be advertised at the ‘Find out more’ link opposite and on the relevant Faculty/School website at qub.ac.uk/schools

UK residents: fees plus maintenance. Other EEA (including EU) residents: fees only. Other UK residents: fees only. Other EEA (including EU) residents: fees only.

Leverhulme Interdisciplinary Network on Cybersecurity and Society (LINC) Postgraduate Research Studentships

A number of studentships may be available to study for a taught or research Master’s in the political and societal aspects of cybersecurity. LINC has been established to support pioneering research at the interface between the Social Sciences and Electronic Engineering and Computer Science. LINC brings together the Senator George J. Mitchell Institute for Global Peace, Security and Justice and the Centre for Secure Information Technologies (CSIT) to develop a distinctive cohort of doctoral students working across the boundaries of their disciplines who will open up new avenues of enquiry centred initially on priority themes. Details will be advertised at qub.ac.uk/Research/GRI/mitchell-institute/Research/LINCS

Fulbright Scholarships

Fulbright Scholarships are available for citizens of developed and developing Commonwealth countries to study at Queen’s University Belfast. Fulbright Scholarships are available for postgraduate study in a range of subject areas. Details of the Fulbright Scholarships are available at britishcouncil.org

Institutional Awards

Many US students opt to finance their studies through US Federal Loans. Students are also eligible to apply for Marshall Scholarships, available for citizens of developed and developing Commonwealth countries. Details of the Marshall Scholarship scheme are available at marshallscholarship.org

A limited number of scholarships and bursaries may be available for specific taught Master’s courses. Further details can be found on the relevant Faculty/School website at qub.ac.uk/gov/pgr/funding

For outstanding students from developing Commonwealth countries who will be undertaking Bachelor’s, Master’s or PhD programs at Queen’s, there are a number of institutional awards available. Details of the available awards are available at international@qub.ac.uk or check the information provided at the link below.

Postgraduate Tuition Fee Loan

Many US students opt to finance their studies through US Federal Loans. Students are also eligible to apply for Marshall Scholarships, available for citizens of developed and developing Commonwealth countries. Details of the Marshall Scholarship scheme are available at marshallscholarship.org

A limited number of scholarships and bursaries may be available for specific taught Master’s courses. Further details can be found on the relevant Faculty/School website at qub.ac.uk/gov/pgr/funding

Applicants from countries outside the EU

University International Postgraduate Research Studentships

University-funded studentships for international (non-EU) students may be available for postgraduate research into specific strategic research areas. Details are available at the ‘Find out more’ link below or on the relevant Faculty/School website at qub.ac.uk/schools

Non-EU residents: normally fees plus maintenance.

Applicants from all countries

British Chevening Awards

Applicants from the USA

Royal Commission 1851

Additional allowances for spouses or other dependents are normally available. Only students from developing Commonwealth countries are eligible to apply. Details of the available awards are available at britishcouncil.org

International students may find funding is available from sources within their own countries. Some closing dates can be a year before commencing studies, so please ensure to apply in good time. Possible sources of funding are available at go.qub.ac.uk/intlschol

For more information, please contact the International Office on +44 (0)28 9097 5088 or email international@qub.ac.uk

Applicants from Mexico

Applicants from Mexico can apply for the CONACYT award: go.qub.ac.uk/related

For further information on funding, contact The Graduate School at go.qub.ac.uk/pgfunding or check the information provided at the link below.

The scholarship covers the student’s tuition fees, a maintenance grant and travel costs. Additional allowances for spouses or other dependents are not usually available. Only students from developing Commonwealth countries are eligible to apply. Details of the available awards are available at international@qub.ac.uk or check the information provided at the link below.

Commonwealth Scholarship Commission

A range of scholarships and fellowships are available for citizens of developed and developing Commonwealth countries. Details of the available awards are available at britishcouncil.org

Aga Khan Foundation Awards

Additional allowances for spouses or other dependents are normally available. Only students from developing Commonwealth countries are eligible to apply. Details of the available awards are available at britishcouncil.org
POSTGRADUATE STUDY AT QUEEN'S TAUGHT PROGRAMMES

For up-to-date programme information, please visit the University’s online Course Finder at go.qub.ac.uk/coursefinder
YOUR POSTGRADUATE TAUGHT JOURNEY TO QUEEN’S

FIND YOUR COURSE
When you’ve spotted something you like in this prospectus, visit our online Course Finder go.qub.ac.uk/coursefinder for full details.

CHECK ENTRY REQUIREMENTS AND DATES
Check that you meet, or expect to meet, the academic and, if applicable, English language entry requirements for your course. Check if a closing date is applicable. Although most of our Postgraduate Taught courses don’t have closing dates, there are some exceptions.

CONSIDER THE COSTS
Our tuition fees are listed from page 35. For information on postgraduate funding opportunities, visit the Graduate School webpage go.qub.ac.uk/graduate-school or the School webpage for which you wish to study go.qub.ac.uk/schools. You may be asked to pay a tuition fee deposit, especially if you are an international applicant.

APPLY
Apply using our online Postgraduate Applications Portal go.qub.ac.uk/pgapply and follow the step-by-step instructions.

GET YOUR DECISION
When we’ve made a decision, we’ll send you an email which will advise you to log on to the Postgraduate Applications Portal to view the decision. You will also receive a letter by post.
POSTGRADUATE TAUGHT

TAUGHT MASTER’S DEGREES
Master’s degrees are designed to enable students to focus on a particular subject area or field of study in greater depth than they have encountered before in undergraduate study or employment experience. Students on our taught Master’s programmes usually undertake a combination of taught modules, assessment and supervised independent research. Master’s programmes usually involve two semesters of classes and assessed work followed by four or five months of research culminating in a dissertation or project. Students undertaking a Master’s degree have the opportunity to undergo a programme of training and development which aims to develop their leadership skills. Through the programme, students are able to undertake a 360 degree assessment of their skills and to participate in a range of training sessions and developmental activities, relevant to their needs.

Taught Master’s degrees at Queen’s include:
- Master of Arts (MA)
- Master of Architecture (MArch)
- Master of Business Administration (MBA)
- Master of Education (MEd)
- Master of Law (LLM)
- Master’s in Law (LLM)
- Master of Public Health (MPH)
- Master of Research (MRes)
- Master of Science (MSc)
- Master of Theology (MTh)

For admission to a Master’s degree, a Second Class Honours degree from a UK or Republic of Ireland Higher Education Provider or an equivalent qualification acceptable to the University is normally required. Entrance requirements vary by programme and you should consult the individual programme entries in this prospectus or the online Course Finder.

POSTGRADUATE DIPLOMAS AND CERTIFICATES
Postgraduate Diploma courses usually last for nine months, with Postgraduate Certificate courses normally lasting four months. Where offered as a standalone qualification, they are typically structured in the same way as Master’s degrees, without the research dissertation or project, and usually cover some of the same modules as the related Master’s degree. The Postgraduate Certificate in Education (PGCE) is a vocational course which lasts for nine months and includes teaching placements.

The University offers postgraduate study for diplomas and certificates in a wide range of subjects. Entrance requirements vary by course and you are advised to consult the individual course entries in this prospectus and the online Course Finder. All postgraduate taught students have the opportunity to undertake training in academic skills such as dissertation writing and referencing.

CONTINUING PROFESSIONAL DEVELOPMENT (CPD)
Some Postgraduate Taught programmes can be used for Continuing Professional Development. In addition, the University provides some non-credit bearing CPD courses for example, through the William J Clinton Leadership Institute in Queen’s Management School.
ADVANCED CLINICAL PHARMACY PRACTICE (MSc, PgDip, PgCert)

DURATION
1 year full-time

OVERVIEW
This part-time programme is delivered by a team of expert clinical pharmacy practitioners based in the School of Pharmacy and the NPS. The aim is to support the development of advanced pharmacy practice in the trainee’s chosen field. In the Master’s, the focus is on developing advanced practice in the Expert Professional Practice, Collaborative Working, Relationships and Research and Evaluation clusters of the Royal Pharmaceutical Society’s Advanced Pharmacy Framework. Several options are available in the MSc stage, including development of competences in the Leadership, Management and Education, Training and Development clusters. You will be able to select options that are relevant to your current practice or future employment aspirations. Exit points are available at the PG Certificate and PG Diploma stages if required.

CAREERS
This programme will enhance opportunities to progress your career as a pharmacist to an advanced practitioner level. Pharmacists in Great Britain have an option to undertake non-medical prescriber training in the second year. International students have the option to undertake clinical experience in the UK during the MSc stage.

ENTRANCE REQUIREMENTS
- Normally a 2.2 Honours degree (or equivalent qualification acceptable to the University) in a relevant area of science or equivalent qualification acceptable to the University.

FEES
UK/EU FEES: £5,500
INTERNATIONAL FEES: £19,000

ADVANCED FOOD SAFETY (MSc, PgDip, PgCert)

DURATION
3 years part-time

OVERVIEW
The world’s food supply is reducing, its production is under increasing pressure, and food safety issues are likely to arise. The MSc in Advanced Food Safety is tailored towards students who aim to work within the agri-food industry and related sectors, offering a unique qualification in the fields of food safety and security. Taught by world leading research staff in the Institute for Global Food Security (IGFS), the programme focuses on understanding the key developmental approaches to food safety, authentic quality and security, and you will gain practical experience in the use of conventional and emerging tools of the art biotechnological technology.

CAREERS
Previous graduates have gone on to employment in, in addition to the international agri-food industry sectors, Diagnostic service provision companies, Research and regulatory analyst laboratories and may have gone on to pursue PhD-level study.

ENTRANCE REQUIREMENTS
- Normally a 2.2 Honours degree (or equivalent qualification acceptable to the University) in a relevant area of science or equivalent qualification acceptable to the University.

FEES
UK/EU FEES: £5,500
INTERNATIONAL FEES: £19,000

ADVANCED PROFESSIONAL AND CLINICAL PRACTICE (MSc, PgDip)

DURATION
1 year full-time / 3 years part-time

OVERVIEW
This MSc offers a taught programme of study that will enable students to develop expertise within the key areas of expertise within the School of Nursing and Midwifery: acute and critical care; cancer nursing; supportive and palliative care; leadership; and management. Graduates complete a full-time study over 2 years which includes 200 hours work-based learning in the clinical environment. This programme is delivered on a mixed mode basis, combining off-site work with online delivery. You will also have the opportunity to undertake a workplace placement to further understand how theory is applied within the clinical setting.

CAREERS
Graduates of this programme progress into management and leadership roles, or continue into a research or education capacity.

ENFORCEMENT REQUIREMENTS
- Applicants must have a professional qualification in Nursing, Midwifery or Allied Health and Social Care Services. They shall normally hold a relevant 2.2 Honours degree or above, or equivalent qualification acceptable to the University.

FEES
UK/EU FEES: £5,000
INTERNATIONAL FEES: £16,400

ENGLISH LANGUAGE REQUIREMENTS
- Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

ACCOUNTING AND FINANCE

DURATION
1 year full-time

OVERVIEW
Speaks ‘the language of business’ and understand financial decision-making and financial statements. You’ll learn the latest accounting techniques, analyse and report financial transactions and explore how financial managers and investors make financial decisions. How do they manage their finances and what tools do they use? This course builds on your existing knowledge of financial markets function. You’ll also gain exemptions from the Association of Chartered Certified Accountants (ACCA) professional examinations.

CAREERS
This Masters programme provides the basis for both professional- and research-oriented careers, as well as skills and knowledge required to progress into management careers in the accounting and financial services. It opens a wide range of career opportunities in banking, accounting and auditing, government, corporate finance, investment analysis and academia.

ENTRANCE REQUIREMENTS
- Normally a 2.1 Honours degree in a relevant subject (Accounting or Finance based) or equivalent qualification acceptable to the University. Exceptional applicants with appropriate experience, evidence of relevant knowledge of and/or subject clusters of the Royal Pharmaceutical Society’s Advanced Pharmacy Framework. Several options are available in the MSc stage, including development of competences in the Leadership, Management and Education, Training and Development clusters. You will be able to select options that are relevant to your current practice or future employment aspirations. Exit points are available at the PG Certificate and PG Diploma stages if required.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

ANTHROPOLOGY
DURATION
1 year full time / 3 years part time
OVERVIEW
You’ll gain a general knowledge of the study of human similarity and human difference, looking at the causes and consequences of the many worlds of human society on a local and global platform. You’ll also explore the history of anthropology - the study of mankind and the development of music - an opportunity unique to you as a Queen’s student. The research work you carry out is supervised and carried out in our Institute of Cognition and Culture.
CAREERS
Graduates have pursued careers in a wide range of fields, such as research (academic and non-academic), teaching, music therapy, publishing, translation, museum and heritage posts, journalism and radio broadcasting. Among those who have pursued academic careers, not all have done so within anthropology - several have taken posts in related disciplines. Others have found positions within governmental and non-governmental organisations abroad.

APPLIED BEHAVIOUR ANALYSIS
DURATION
1 year full time / 3 years part time
OVERVIEW
This highly interactive programme includes a course sequence verified by the Behaviour Analysis Certification Board (BACB®) and will appeal to speech language therapists, occupational therapists, psychologists or students preparing for PhD studies in behaviour analysis. Content is delivered online with multiple focused weekly virtual interactions including peer and tutor feedback. A consultation workshop takes place once during each module giving opportunity to meet students and course tutors. The programme meets a growing demand for behaviour analysts and offers great opportunities for professional development and research skills that can lead to a doctorate in the area of Applied Behaviour Analysis. Note: the course is not eligible for a Tier 4 visa.
CAREERS
Professionals who are BCBA®s have the skills and knowledge to develop, implement and evaluate quality interventions that help to promote positive behavioural changes in a range of settings. Typically, behaviour analysts work in the helping professions (teachers, speech/ language therapists, occupational therapists, psychologists, social workers) to help behaviour management strategies or occupational therapy to improve the occupational performance of clients. The course is designed for those who have a BCBA® or are nearing completing the BCBA® exams. It is particularly suitable for those who work in one of the disciplines specified above or an equivalent qualification acceptable to the University who can demonstrate relevant experience. The course will be considered on a case-by-case basis.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS® score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.
FEES
UK/EU FEES: £5,900
INTERNATIONAL FEES: £16,400

APPLIED CYBER SECURITY
(With Professional Internship)
DURATION
1 year full time / 2 years part time
OVERVIEW
This MSc QNCC/CSC certified Master’s course has been developed in collaboration with global employers in the field of cyber security, to provide you with the in-depth knowledge and practical skills you’ll need, with a strong focus on security technologies. You’ll be given unique access to applied skills development and networking opportunities through industry placement and lab-based training, seminars, industry and entrepreneurial talks, and many others. If you opt for the 2 year programme you’ll also have the chance to gain work experience into practice during a 12-18 month internship in industry.
CAREERS
Demand for cyber security experts is growing at 12 times the rate of the overall job market. Graduates have gone into technical development, cyber risk analysis, network security, managerial positions such as Chief Information Security Officer, entrepreneurial ventures, and also further research.

ENTRANCE REQUIREMENTS
Normally a 2:1 Honours degree or equivalent qualification acceptable to the University in any subject (with the exception of an Applied Behavioural Analysis (ABA) - related context and access to an ABA related working environment). Applicants with a 2.2 Honours degree or equivalent qualification acceptable to the University may also be considered if they have at least two years of experience in an ABA related context and access to an ABA related working environment. Additional entrance requirements apply. Please see the online Course Finder for full details.
Closing date for applications: 31 May 2021 at 4.00pm. Late applications may be considered.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS® score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.
FEES
UK/EU FEES: £5,900
INTERNATIONAL FEES: £16,400

APPLIED SOCIAL STUDIES – CHILD CARE (MSc, PgDip, PgCert)
DURATION
1.5 year part time only
OVERVIEW
You’ll be already working in the care professions and wish to study direct practice in child care. You should apply by working around your professional duties. This programme has been accredited by the Northern Ireland Post-Qualifying Education and Training Partnership and gives you the specialised knowledge and training to progress towards work in high level leadership, management and partnership with autonomous organisations and adult mental health.
CAREERS
Continuing professional registration in social work, community development and other related disciplines. Opportunities for further education, research and also to study a range of qualifications at postgraduate level in human services and management.

ENTRANCE REQUIREMENTS
A 2.1 Honours degree or above or equivalent qualification acceptable to the University in Social Work or a cognate area. Where this is not met, applicants must demonstrate through completing a written assignment their experience and qualifications enable them to acceptably study at postgraduate level through the uptake of references and through completing a written assignment. Please note that this programme is only open to applicants who are working as Social Care Professionals within NICK.

Additional entrance requirements apply. Please see the online Course Finder.
Closing date for applications: 31 July 2021. Late applications may be considered.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS® score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.
FEES
UK/EU FEES: £3,990 (MSc), £1,962 (PgCert)

APPLIED SOCIAL STUDIES – DUAL DIPLOMA (PgDip, PgCert)
DURATION
1 year part time
OVERVIEW
The programme is designed to meet the communication and ongoing development needs of those working in the care professions (social work, psychology, education, nursing, teaching, medicine, etc). The programmes present opportunities to study a range of areas including direct practice in child care, and promotion of leadership status, within autonomous organisations and adult mental health.
CAREERS
Continuing professional registration in all areas of health and social care is predicated on continuing professional development. The NIQ has highlighted that social workers and social care workers demonstrate their competence in the curriculum of the Applied Social Studies Programme.

ENTRANCE REQUIREMENTS
A 2.1 Honours degree or above, or equivalent qualification acceptable to the University. Equivalent qualifications include the Pre-2007 Post-Qualifying Diploma in Social Work. Where this is not met, applicants must demonstrate their experience and qualifications enable them to study at postgraduate level through the uptake of references and through completing a written assignment. Please note that this course is not eligible for a Tier 4 visa.
CAREERS
Continuing professional registration in all areas of health and social care is predicated on continuing professional development. Social work and social care professionals demonstrate their competence in the curriculum of the Applied Social Studies Programme.

ENTRANCE REQUIREMENTS
A 2.2 Honours degree or above, or equivalent qualification acceptable to the University. Equivalent qualifications include the Pre-2007 Diploma in Social Work. Where this is not met, applicants must demonstrate their experience and qualifications enable them to study at postgraduate level through the uptake of references and through completing a written assignment.

ADDITIONAL ENTRANCE REQUIREMENTS
Applicants must complete an application form and provide a piece of written work. This could take the form of an essay or a reflective account. The piece of work will be assessed to determine the candidate’s suitability for the programme. Additional entrance requirements apply. Please see the online Course Finder.
Closing date for applications: 31 July 2021. Late applications may be considered.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS® score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.
FEES
UK/EU FEES: £1,967
The course is designed to equip students with the knowledge and skills necessary for a career in social work, including an understanding of the legal framework, professional conduct, and ethical principles. Students will undertake a range of placements in social care settings, allowing them to apply their learning in real-world contexts.

**ENTRANCE REQUIREMENTS**

- A 2:2 Honours degree in Social Work or equivalent qualification acceptable to the University.
- Applicants must have a minimum of 60 credits at Merit level or equivalent.
- Evidence of an IELTS* score of 6.5, with not less than 5.5 in each component, or an equivalent qualification accepted to the University.

**FEES**

- EU/EEA: £5,900 (MSc)
- International: £20,200 (MRes)
- UK/EU: £5,900 (MSc)
- International: £16,400 (MRes)
- International: £16,400 (MRes)

---

**ARCHITECTURE**

**OVERVIEW**

An exciting, creative Master’s degree with accreditation from the AIB and RIBA, offering students with a first degree in architecture or related fields an opportunity to advance within Queen’s Faculty of Arts, Humanities and Social Sciences. The course is structured around the personal research interests of each student and supported by a bespoke research preparation portfolio and range of optional modules. The MRes offers excellent placements, business and the arts of managing projects and their application to the world of arts managers.

**ENTRANCE REQUIREMENTS**

- Normally a 2.2 Honours degree or above, or equivalent qualification acceptable to the University. Applicants must demonstrate that their experience and qualifications enable them to study at postgraduate level by showing either that they have had direct experience of the relevant profession or they have a minimum of 2,000 words of project work. Additional entrance requirements apply. Please see the online Course Finder.

CLINICAL ANATOMY
1 year full time / 3 years part time
OVERVIEW
The MSc Masters programme will provide you with a greater understanding of human anatomy, whilst also developing your technical and surgically relevant anatomy. We are one of the very few in the UK where you’ll be taught through dissection of human cadavers, as well as by using a built facility licensed by the Human Tissue Authority, to give you unique insight.

CAREERS
This programme will support career development for trainees in primary medical specialties and those taking professional development. It would be suitable for healthcare professionals looking to engage in a career as an anatomy teacher.

ENTRANCE REQUIREMENTS
2.1 Honours degree or equivalent qualification acceptable to the University, or a 2.2 Honours degree or equivalent qualification acceptable to the University in a relevant subject. Applicants with qualifications below 2.2 Honours degree standard, or equivalent qualification acceptable to the University, may also be considered if they have at least two years of professional experience in education, training or relevant content.

Closing date for applications: 31 July 2019. Late applications may be considered.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

COGNITIVE BEHAVIOURAL PRACTICE
1 year part time
OVERVIEW
This multidisciplinary course will equip you with a better understanding of common mental health issues, and the basic Cognitive Behavioural Therapy concepts, methods and skills to guide your clients towards recovery. At Step 1-2 of the Mental Health Stopped Care Model, it is ideal if you are currently working in a mental health setting, whether in primary or secondary care. This will enable you to take a practical approach and to encourage your clients to ‘own’ their own care and self-care setting.

CAREERS
This award will enable students to apply for professional employment at step 1-2 of the Mental Health Stopped Care Model, as well as to lead interventions into professional practice.

ENTRANCE REQUIREMENTS
A 2:2 Honours degree or equivalent qualification acceptable to the University. Applicants who do not meet the above academic requirement but who hold a professional qualification will be considered on an individual basis.

All applicants must have:
• Evidence of working with people who have a variety of mental health issues
• A broad understanding of mental health issues
• Good written and verbal communication skills
• Good organisational and computer skills.

Closing date for applications: Wednesday 31st July 2019.

Late applications may be considered.

Domestic students will need local placements to access clients for clinical training. Whilst these placements should normally be arranged by the applicant, the University will try to negotiate a limited number of placements with local HSCB agencies.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: Not set for 2019-20
INTERNATIONAL FEES: Not set for 2019-20

COGNITIVE BEHAVIOURAL THERAPY (CBT) (MSc)

DURATION
2 years part time

OVERVIEW
This degree provides both clinical and research skills training to promote evidence-based practice in the field of Cognitive Behavioural Therapy (CBT) and will add to the core of the Postgraduate Diploma. You will learn from a team of internationally recognised research and clinical faculty who are currently the key recommended psychological treatments for anxiety disorders. You will be taught by academics and practitioners whose expertise is both national and global and who offer research-led teaching in areas of conflict transformation, social justice and related setting at the University, alongside an Edinburgh institution.

On completion of this course, you may wish to proceed to the specialist MSc which is offered as a further 6-month period.

ENTRANCE REQUIREMENTS
A 2:2 Honours degree, or equivalent qualification acceptable to the University in a cognate area, setting within an organisation providing psychological therapies preferably Cognitive Behavioural Therapy (CBT), and be employed in a role for the duration of the Programme to access a suitable client group for practice and supervision purposes.

Applicants from a non-core profession will be required to provide a portfolio of evidence and references to demonstrate suitable core professional skills. Applicants must have completed a core PG diploma or equivalent qualification acceptable to the British Association for Behavioural & Cognitive Psychotherapists (BABCP). Applicants must have relevant professional qualification(s) in psychology, social work, or equivalent.

ENGLISH LANGUAGE REQUIREMENTS
Applicants for whom English is not their first language must be able to provide evidence of their proficiency in English in order to benefit fully from their course of study or research. Non-EEA applicants must satisfy the University’s English language requirements as presented by the BABCP. Graduates from this course will be eligible to be accredited at level two.

CAREERS

**CRIMINOLOGY AND CRIMINAL JUSTICE (LLM)**

**DURATION**
1 year full time / 2 years part time

**OVERVIEW**
The Criminal Justice LLM is designed for those with an academic or professional interest in crime and criminal justice. It is an exciting, stimulating and topically-oriented programme. Students become known to globally-recognised scholars and researchers who offer a wide range of expertise. It will enable you to understand the practical operation of criminal justice and how the state responds to crime and victimisation.

**CAREERS**
Some graduates use this degree as a base for further study towards a research degree. Others pursue criminal justice-related or legal careers in the public sector, private sector or voluntary sector.

**ENTRY REQUIREMENTS**
- Normally a 2:1 Honours degree or above in a related subject or equivalent qualification acceptable to the University.
- Exemption from these requirements may be considered for those who hold a Master’s degree or equivalent qualification acceptable to the University.

**ENGLISH LANGUAGE REQUIREMENTS**
- Evidence of an IELTS* score of 6.5 with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

**FEES**
- UK/EU FEES: £5,900
- INTERNATIONAL FEES: £14,400

---

**ECOLOGICAL MANAGEMENT AND CONSERVATION BIOLOGY (MSc)**

**DURATION**
1 year full time / 2 years part time

**OVERVIEW**
Data Analytics is an emerging field of rapid development. Data is everywhere and continuing to grow massively, creating huge growth in demand for qualified experts to be able to extract the real benefit from the data. The programme provides a balanced route to learning through a blend of academic study and lab sessions, with a heavy focus on practical engagement with industry. In the first and second semesters, you will study 6 modules full time which include opportunities for blended and collaborative learning. In the third semester you will undertake a significant industry-based project.

**CAREERS**
- Forecasts indicate that job opportunities for data analytics will rise significantly exponentially. There is a current shortage in qualified staff for these roles.
- You could be working or leading your own analytics team in Google, Facebook, Citigroup, Blackstone, Santander, Swepco, Redbull, Kamos, Skyeye, British Airways, Boots, Debenhams plus many more companies looking for this package of skills.

**ENTRY REQUIREMENTS**
- Normally a 2:1 Honours degree in Mathematics, Statistics, Computer Science, or a closely related discipline, or equivalent qualification acceptable to the University.
- Applicants with a minimum 2:2 degree grade in a subject area fulfilling the discipline or a closely related qualification at Level 1 at grade B, or equivalent qualification acceptable to the University, will be required to pass an aptitude test. Dates of aptitude tests to be confirmed in due course.

**ENGLISH LANGUAGE REQUIREMENTS**
- Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

**FEES**
- UK/EU FEES: £5,900
- INTERNATIONAL FEES: £14,900

---

**ECONOMICS (MSc)**

**DURATION**
1 year full time

**OVERVIEW**
An intensive postgraduate course offering you the opportunity to develop an in-depth understanding of micro and macroeconomic theory, its application to critical real-world issues, and the practical skills needed to become an economy consultant. You will have the opportunity to engage in seminars and masterclasses from expert guest speakers, and undertake weekly training sessions in market-leading economics software such as STATA.

**CAREERS**
- Our graduates have found this degree beneficial for improving leadership practice in their workplace, expanding the roles they undertake at work, and getting employment or promotion.
- Some graduates have found this degree helpful for career progression to doctoral-level research.

**ENTRY REQUIREMENTS**
- Normally a 2:1 Honours degree or above in an education, training or relevant context.
- Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

**FEES**
- UK/EU FEES: £5,900
- INTERNATIONAL FEES: £14,900

---

**EDUCATIONAL LEADERSHIP**

**DURATION**
1 year full time / 3 years part time

**OVERVIEW**
This degree aims to equip you, as an educational professional, with the necessary knowledge, skills, and attributes to develop leadership skills, to respond to a variety of leadership challenges, to promote your critical and creative thinking, and to question assumptions. This is achieved through studied periods of academic study and insightful conversations with your professional peers.

**CAREERS**
- Our graduates have found this degree beneficial for improving leadership practice in their workplace, expanding the roles they undertake at work, and getting employment or promotion.
- Some graduates have found this degree helpful for career progression to doctoral-level research.

**ENTRY REQUIREMENTS**
- Normally a 2:1 Honours degree or above in an education, training or relevant context.
- Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

**FEES**
- UK/EU FEES: £5,900
- INTERNATIONAL FEES: £14,900

---

**EDUCATIONAL STUDIES**

**DURATION**
1 year full time / 3 years part time

**OVERVIEW**
This programme offers teachers and educational professionals opportunities to learn about the diverse roles and areas within the broad field of education. Educators professional in the 21st century are expected to have strong knowledge and skills in core areas as well as an ability to move flexibly in and out of a variety of specialist areas. This programme is designed to provide you with the opportunity to select modules from a wide range of topics including learning and teaching, assessment, educational leadership and management, as well as relevant professional needs. Students get the opportunity to familiarise themselves with current research on these topics and are encouraged to consider and reflect on the practical implications of theoretical perspectives and research findings.

**CAREERS**
- Graduates from this degree have found the skills and knowledge learned to be beneficial in their workplace by improving their professional practice.
- In the case of teachers the degree can be considered for renewal of registration and as informed practice and the ability to lead professional development within their schools.
- Furthermore, a higher degree can enhance employment prospects to help secure future promotion. Having deepened their knowledge in a specific area, other students have chosen to continue their academic study to doctoral level.

**ENTRY REQUIREMENTS**
- Normally a 2:1 Honours degree or above in an education, training or relevant context.
- Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

**FEES**
- UK/EU FEES: £5,900

POSTGRADUATE TAUGHT PROGRAMMES

ENGLISH – CREATIVE WRITING (MA, PgDip)

DURATION
1 year full time / 2 years part time

OVERVIEW
Focusing on prose fiction and scriptwriting, this course will encourage your development as a confident writer and self-reflective lifelong learner, and provide you with a broad understanding of the commercial aspects of literary production. You’ll be taught by experienced novelists, playwrights and screenwriters, attend workshops with visiting authors, publishers, editors and agents, and have a number of opportunities to present your work.

CAREERS
Graduates from these programmes have a good employment record. Professions including publishing, journalism, public relations, teaching, the Civil Service, business, industry and the media all recruit from our pool of graduates. Some students choose to continue their studies to PhD level on a chosen, specialist topic in Creative Writing.

ENTRY REQUIREMENTS
MA: A 2:1 Honours degree or equivalent qualification acceptable to the University in any discipline. Exceptions may be made in the case of applicants with a strong track record of publication, production, pre-screening or relevant professional experience.

All applicants are required to submit a sample of original written work which will be assessed to determine if an offer of admission can be made. PgDip: Normally a 2:1 Honours degree or equivalent qualification acceptable to the University in English, or joint or combined Honours with English as a major subject. In addition, applicants are required to submit a sample of original written work which may be assessed to determine if an offer of admission can be made.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UEFEES: £5,900* INTERNATIONAL FEES: £16,400

*Additional £825 placement charge

ENGLISH – LITERARY STUDIES (MA, PgDip)

DURATION
1 year full time / 2 years part time

OVERVIEW
Students choose topics exploring a broad range of historical periods (from Anglo-Saxon to contemporary), culture (particularly Britain, Ireland, America, and India), Teaching reflects research strengths of the School of Old English, Medieval, Renaissance, 18th-century, Romantic, Victorian, and Modernist literatures in addition to twentieth-century and contemporary poetry. Students will be encouraged to participate in an academic environment with a world-leading expertise in the study of modern poetry and the understanding of modern poetry, and will also have the unique opportunity of working with some of the UK's most renowned poets.

CAREERS
Graduates of the programme have a good employment record. Professions include publishing, journalism, arts administration, events organisation, the media, public relations, teaching, the Civil Service, business, industry and the media. Some students choose to continue their studies into (funded) PhDs in modern poetry or creative writing (poetry).

ENTRY REQUIREMENTS
MA: A 2:1 Honours degree or equivalent qualification acceptable to the University in English, or joint or combined Honours with English as a major subject. In addition, applicants are required to submit a sample of original written work which will be assessed to determine if an offer of admission can be made.

English Language Requirements
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UEFEES: £5,900* INTERNATIONAL FEES: £16,400

ECONOMICS / ELECTRONICS WITH PROFESSIONAL INTERNSHIP (MSc)

DURATION
1 year full time / 2 years part time

OVERVIEW
Designed as a specialised extension to Economics at undergraduate level, this course will prepare you to develop expertise, to work in areas such as technical development and operational analysis, project management and senior technical positions. You’ll have access to specialist facilities for the study of microengineering, electronics, communications, circuits, instrumentation, virtual reality, software engineering, renewable energy, power and machines.

The Queen’s Advanced Micro-engineering Centre (QAMEC) is a Centre of Excellence in the study of microengineering, electronics, and their applications. The Queen’s School of Electronic Engineering focuses on providing an education which is of great value to students, industry and society.

CAREER INFORMATION INTRODUCTION
Our graduates are selected from earning a prestigious MSc qualification from the School, one of the UK’s top engineering schools, has significantly enhanced their job opportunities and employment prospects. Graduates typically find employment in a wide range of fields including with semiconductor companies, electronic equipment manufacturers, design and service providers, software houses and in other electronic engineering-based industries.

ENTRY REQUIREMENTS
• Normally a 2:2 Honours degree or above or equivalent qualification acceptable to the University in Electrical and/or Electronic Engineering, or Physics with significant electronics content.
• Places are filled on a first come, first served basis. Application before 30th June is advised. A deposit will be required to secure your place.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.0, with not less than 5.0 in any component, or an equivalent qualification acceptable to the University.

FEES

ENVIRONMENTAL ENGINEERING (MSc)

DURATION
1 year full time / 2 years part time

OVERVIEW
Enhance your understanding of environmental engineering principles and prepare for a career in environmental, consultancy, regulatory, environmental engineering or further study. We welcome graduates from non-engineering backgrounds (such as Geography, Geology and Environmental Science) who want to specialise and develop a career in this field. Strong links with industry mean employers set projects and contribute to lectures on subjects such as renewable energy and latest regulations. Degree accredited as meeting the requirements for further learning for a Chartered Engineer (CEng) for candidates who have already acquired an Accredited CinP (C) (Partial) BEng (Hons)/undergraduate first degree.

CAREERS
Past graduates have found employment with a wide range of employers, eg environment and engineering consultancy companies, as well as engineering and environmental consultancies in the UK, Ireland and abroad.

ENTRY REQUIREMENTS
Normally a 2:2 Honours degree or above or equivalent qualification acceptable to the University in relevant (Environmental Science/Civil Engineering) discipline. Applicants must demonstrate sufficient mathematical background (at a minimum of A-level standard or equivalent) in one or more of: mathematics, physics and computing. Applicants must also have a minimum of two years full-time work experience in an engineering role. In certain circumstances, students may be admitted on a case-by-case basis.

ADDITIONAL REQUIREMENTS
• Normally a 2:2 Honours degree or above or equivalent qualification acceptable to the University.
• Application before 30th June is advised. Professional qualifications may be considered on a case-by-case basis.

ADDITIONAL REQUIREMENTS
• Normally a 2:2 Honours degree or above or equivalent qualification acceptable to the University.
• Application before 30th June is advised. Professional qualifications may be considered on a case-by-case basis.

INCLUSION AND SPECIAL EDUCATIONAL NEEDS

DURATION
1 year full time / 3 years part time

OVERVIEW
You wish to gain essential skills necessary to understand and manage business challenges and opportunities in a global setting. You'll focus on organisations that do not limit their operations to a single nation state, such as Google, and you'll consider why these organisations exist and how they are successful in the ever-changing global environment. You are likely to want to earn a degree in a multinational corporation, international organisation or consultancy, many of which have offices in Ireland.

CAREERS
Graduates from this degree have found it beneficial in their professional institutions in advising colleagues, influencing policy and supporting pupils and students. The degree helps students rethink their thinking on specialist needs education and matters of inclusion, to help students reshape their thinking on specific issues. We are beneficial in their professional institutions in a global society whose ambition is to increase life expectancy and improve wellbeing.

ENTRANCE REQUIREMENTS
A 2.1 Honours degree or equivalent qualification acceptable to the University in a subject related to the programme. Applicants with relevant experience may also be considered if they have at least two years of relevant professional experience in an education, training or relevant context.

Closing date for applications: 31 July 2019. Late applications may be considered.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: £5,900 INTERNATIONAL FEES: £16,400

INTERNATIONAL BUSINESS LAW (LLM)

DURATION
1 year full time / 2 years part time

OVERVIEW
This programme explores law’s role in the global economy and looks at the dynamics of global capital and the place that corporations play in global societies. We take a socio-legal approach which allows you to think about law as a core institution in the construction of our economy. It addresses some of the key questions we face regarding the regulation of international business, covering areas including governance and compliance and corporate social responsibility.

CAREERS
This LLM provides a useful qualification and knowledge base for a business, governmental or NGO career relating to governance, compliance, social responsibility or trade.

ENTRANCE REQUIREMENTS
Normally a 2:1 Honours degree or above, or equivalent qualification acceptable to the University in Law, Social Sciences, Humanities, or a cognate discipline.

EXCEPTIONS
Exemption from these requirements may be considered for those applicants who hold a Master’s degree (or equivalent qualification acceptable to the University) or for those applicants with a 2:2 Honours degree (or equivalent qualification acceptable to the University) along with a minimum of 2 years of relevant experience.

ENGLISH LANGUAGE REQUIREMENTS
In evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: £5,900 INTERNATIONAL FEES: £16,400

INTERNATIONAL RELATIONS (MA)

DURATION
1 year full time / 3 years part time

OVERVIEW
This MA aims enable you to examine, explain and understand what affects our world. From commerce to justice, migration and mobility, to global financial crises, the programme offers an interdisciplinary approach, providing you with the opportunity to actively choose your area of interest. Why these organisations exist and how they are successful in the ever-changing global environment. You are likely to want to earn a degree in a multinational corporation, international organisation or consultancy, many of which have offices in Ireland.

CAREERS
All of the MA programmes offered in the School provide our graduates with the skills to pursue a wide range of careers in the private, public, voluntary and sectors in addition they provide an appropriate basis for those who wish to proceed to PhD or Doctoral level study.

ENTRANCE REQUIREMENTS
Normally a 2:1 Honours degree or above, or equivalent qualification acceptable to the University in a subject related to the programme. POSTGRADUATE TAUGHT PROGRAMMES

MATERIALS SCIENCE AND ENGINEERING WITH PROFESSIONAL INTERNSHIP (MSc)

OVERVIEW
The MSc programme in materials science and engineering is designed for graduates with a good understanding of the fundamental concepts of materials science and engineering, who wish to study at the research stage and who wish to graduate in a career in materials-related industry or in academic research. The programme will be consolidated, using data analysis and problem solving tools, to encourage critical thinking and personal development. Project management skills will also be introduced through individual material research projects.

CAREERS
After completion of the MSc programme in materials science and engineering companies may be interested in your knowledge, skills and networking strategies, to ensure your personal development, business ethics and sustainability, and international careers.

CAREERS
The MSc programme in materials science and engineering is designed for graduates with a good understanding of the fundamental concepts of materials science and engineering, who wish to study at the research stage and who wish to graduate in a career in materials-related industry or in academic research. The programme will be consolidated, using data analysis and problem solving tools, to encourage critical thinking and personal development. Project management skills will also be introduced through individual material research projects.

CAREERS
Applicants with qualifications below 2.1 Honours degree standard may be considered if they can demonstrate appropriate relevant professional experience. All applicants will normally have a minimum of 5 years’ full-time, postgraduate employment experience, preferably in a management capacity. In certain circumstances 3 years’ experience will be considered.

Admission under the Recognition of Prior Experiential Learning (RPEL) may be considered, detailed guidelines can be found on the University’s Recognition of Prior Learning Policy. Please visit http://gis.qub.ac.uk/RPOL/ for more information. Applicants must provide a full up-to-date curriculum vitae together with a dated work experience form, part of the application process.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS score of 6.0, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: £5,950 (MSc) INTERNATIONAL FEES: £20,200 (MSc)

Additional IELTS placement charge for professional internship.

Molecular Pathology of Cancer

Duration: 2 years full time / 4 years part time

Overview: This MSc will provide high calibre candidates who can thrive in the academic, health care delivery or biotechnology sector.

Entrance requirements: Normally a 2:2 Honours degree or above in a relevant area of science or equivalent qualification acceptable to the University. Applicants with qualifications below 2:2 Honours degree standard for equivalent qualification acceptable to the University (MBBS, BDS or BVSc) or experience will be considered on an individual basis.

English language requirements: Evidence of an IELTS* score of 6.0, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

Fees: UK/EU fees: £5,900

Molecular Pathology of Microbial Infections

Overview: This course provides the key skills required to find employment in the pharmaceutical industry. It will also provide an excellent background for gaining admission to a PhD programme.

Entrance requirements: Normally a 2.2 Honours degree, or an equivalent qualification acceptable to the University. In chemistry, biochemistry, microbiology, pharmacology, medical science, or other related and relevant subject acceptable to the University. Evidence of equivalent professional qualifications (MBBS, BDS or BVSc) or experience may also be considered on an individual basis.

English language requirements: Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

Fees: UK/EU fees: £5,900

International; Associate Scientist, Abbott; Bioscience; Quality Assurance, Baxter Support, Qiagen; Validation Scientist, BD such as; Formulations Analyst, Norbrook; This course is also an excellent foundation for careers including commercial, industrial and state of the art laboratory equipment.

Overview: We benefit from our international reputation for the application of Molecular Pathology in high quality translational research. We have established an integrated research environment supported by the Queen's Precision Medicine Centre of Excellence and the Northern Ireland BioBank (NIB) which are located within the University's Centre for Research and Cell Biology.

Fees: UK/EU fees: £5,900

Oncology and Drug Discovery

Duration: 1 year Full Time

Overview: Research Translation from concepts to community impact (full year). Diagnostics and treatment of cancer.

Entrance requirements: Cancer Care; Cancer Target Discovery Identification Processes required to validate a new Drug Target; Compound Profiling; Identification of high throughput development in early Drug Discovery.

Fees: UK/EU fees: £5,900

Parasitology and Pathogen Biology

Duration: 1 year Full Time

Overview: Tracing and understanding the infectious diseases impacting human health in the developing world and agri-food production systems, globally. This programme has the One Health approach, expertise applicable to human, plant and animal health and welfare and skills such as molecular biology techniques, diagnostics, epidemiology, drug/vaccine development, pathogen control, host-pathogen interactions and safety and the potential all aim at climate change. The training of which is provided in competitive laboratories, in vector and parasite epidemiology, in human parasitology and in high quality translational research.

Entrance requirements: Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

Fees: UK/EU fees: £5,900
### POSTGRADUATE TAUGHT PROGRAMMES

**POLITICS**

**DURATION** 1 year full time / 2 years part time

**OVERVIEW** An intensive programme to prepare graduates from a broad range of disciplines for careers in planning and development. It is overseen by professional Partnership Boards of practitioners, academics and members of the Institutes, and accredited by the Royal Town Planning Institute (RTPI) and the Royal Institute of Chartered Surveyors (RICS).

**ENTRANCE REQUIREMENTS**
- Normally a 2.1 Honours degree or above, or equivalent qualification acceptable to the University.

**FEES**
- UK/EU Fees: £5,900
- International Fees: £16,400

---

**POSTGRADUATE CERTIFICATE IN PROFESSIONAL MANAGEMENT (PGCM)**

**DURATION** 2 years part time

**OVERVIEW**
This programme is designed to prepare students for employment as managers in the pharmaceutical and related industries. There is currently a high demand, both in pharmaceutical and related industries.

**ENTRANCE REQUIREMENTS**
- A minimum of 5 years’ professional experience, or equivalent qualification acceptable to the University.

**FEES**
- UK/EU Fees: £5,900
- International Fees: £16,400

---

**POSTGRADUATE CERTIFICATE IN PRESCRIBING FOR PHARMACISTS (PGCP)**

**DURATION** 1 year part time

**OVERVIEW**
- Students study via a combination of online study, supported by on-campus workshops, and work placements, supported by their Designated Medical Practitioner.

**CAREERS**
- Pharmacists who complete this programme are eligible to register as a supplementary prescriber with the Pharmaceutical Society of Northern Ireland and the General Pharmaceutical Council.

---

**INTERNATIONAL FEES**
- £20,200
- £16,400

---

**ENGLISH LANGUAGE REQUIREMENTS**
- For non-native English Language speakers, an IELTS score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

---

Graduates who have successfully completed their RIBA/ARB Part 1 and Part 2 courses will be considered on a case-by-case basis. Applicants from other institutions must have achieved at least an upper second class qualification acceptable to the University. A deposit will be required to secure your place. Places are filled on a first come, first served basis.

PUBLIC HEALTH

Public Health MA (Global Health) (MPhil)

DURATION

1 year full time

OVERVIEW

You will undertake advanced study in public health, with a specific focus on the influence of growing up in the context of adversity such as parental mental illness, economic deprivation and community conflict. As well as exploring the psychological, educational and behavioural implications of adversity, you will learn about the factors which help promote resilience and learn to evaluate the effectiveness of preventive and recent interventions to promote better outcomes.

CAREERS

Our graduates pursue careers in the health and social care sector and in NGOs. Recent graduates have worked in organisations such as Medair and Save the Children.

PUBLIC HISTORY

Public History MA

DURATION

1 year full time

OVERVIEW

This degree will equip you with the cutting-edge quantitative and computational techniques used by leading financial firms. It will prepare you for a career in a quantitative finance, trading, portfolio management, data analytics or risk management background. You will learn through simulation-based teaching on the use of cutting-edge programming and statistical tools are used in the real world for the analysis and design of complex financial data.

CAREERS

This MA will equip students with the cutting-edge quantitative and computational techniques used by leading financial firms. Today, all full-service institutional finance firms employ quantitative finance professionals in their operations. Many IT software organisations also specialise in the interface between computing and finance and would be very attracted to graduates from this programme. Other roles will involve using your soft skills and excellent communication skills to buy, sell and manage financial assets. The skills developed in this programme will also provide an excellent grounding for those wishing to pursue general careers in financial services and portfolio management.

CONTACT

askiqm@qub.ac.uk

ENTRANCE REQUIREMENTS

Normally a 2.1 Honours degree or equivalent qualification acceptable to the University. Applicants with relevant work experience will be considered in addition to applicants with a cut-off date. In such circumstances, applications will normally be considered in order, with the cut-off date being 31st January 2019 at 4pm GMT; for EU and overseas student applications to this programme is normally the last working day in August of the year of entry.

ENGLISH LANGUAGE REQUIREMENTS

Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

PUBLIC HEALTH

Public Health MA (Global Health) (MPhil)

DURATION

1 year full time

OVERVIEW

This programme gives students the opportunity to:
- develop an advanced knowledge and understanding of the core frameworks, issues, principles and scholarly debates in the field of Public History;
- explore in depth the range of ways in which History is presented and experienced by different groups and communities; and how Public History is engaged with and used for a variety of purposes in the public realm;
- develop research and presentable material work collaboratively with practitioners in the cultural and heritage sector.

CAREERS

The Public History MA can enhance your employability skills as a researcher, or serve as a stepping stone to the higher research degree of PhD. Many graduates go into a wide variety of employment including careers in museums, archives or libraries; journalism or media related work; teaching; private and public administration; economic development and the voluntary sector.

ENTRANCE REQUIREMENTS

Normally a 2.1 Honours degree or equivalent qualification acceptable to the University. Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

QUALITATIVE FINANCE

Quantitative Finance (MSc)

DURATION

1 year full time

OVERVIEW

This degree will equip you with the cutting-edge quantitative and computational techniques used by leading financial firms. It will prepare you for a career in a quantitative finance, trading, portfolio management, data analytics or risk management background. You will learn through simulation-based teaching on the use of cutting-edge programming and statistical tools are used in the real world for the analysis and design of complex financial data.
This programme provides practical, career-oriented training in research design, data collection and data analysis skills related to both qualitative and quantitative modes of inquiry. You will have the opportunity to specialise in particular methodologies and to learn more about their application to illuminate important issues and debates in contemporary society. The programme is designed to develop your critical understanding of your chosen area of research and the ability to work independently.

CAREERS

Research skills are highly transferable and marketable, and needed across a range of sectors – academic, government, charities and business. MRes students receive advanced training in both qualitative and quantitative research skills and gain experience of independent project management through the dissertation. Graduates can use their qualification to develop a career in any aspect of local and international level research and consultancy. Research skills are widely available for students interested in sectors such as health care, technology, engineering and scientific and social care settings such as children’s services, older people’s services, physical health and disability, substance misuse, justice and mental health services.

ENTRANCE REQUIREMENTS

Normally a 2.2 Honours degree or above, or equivalent qualification acceptable to the University in any discipline excluding Computer Science or other similar Computing degree. In addition to the above qualification requirements, all applicants will be required to pass an on-line aptitude test. If you are successful in the first stage of the application process, an interview will be arranged to test your aptitude and make an offer based on your experience and relevant professional background.

This is a very popular course and applicants are advised to apply as early as possible, since it may be necessary to implement an application cut-off date. Applicants normally have a 2.2 Honours degree or above, or equivalent qualification acceptable to the University in any discipline excluding Computer Science or other similar Computing degree. In addition to the above qualification requirements, all applicants will be required to pass an on-line aptitude test. If you are successful in the first stage of the application process, an interview will be arranged to test your aptitude and make an offer based on your experience and relevant professional background. Applicants should normally have a 2.2 Honours degree or above and an equivalent recognised qualification. Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES

UK/EU FEES: £5,500
INTERNATIONAL FEES: £16,000

Theology

DURATION
1 year full time / 2 years part time

OVERVIEW
As a discipline, Theology promotes its own unique subject skills through developing students' capacity to understand and reflect upon the nature of its different sub-disciplines.

Students will be able to understand, differentiate, discriminate between, and evaluate critically conflicting theoretical and interpretative positions, and a form of judgment on their validity according to the persuasiveness of the arguments and the reliability of the evidence used.

More specifically, students on the Graduate pathway will acquire the ability to:
- read texts with a developed awareness and appreciation of their form, structure, historical, stylistic, and culturally specific properties;
- bring knowledge to bear on critical interpretation of the ways in which different cultural and historical contexts inform the reading and writing of texts, as well as subsequent theological interpretations;
- conduct critical debate, drawing on and engaging with different critical perspectives in the analysis of texts;
- be aware of key debates in theological debate;
- write coherent, structured and intellectually rigorous essays in answer to specific questions on theological and secular literature;
- comprehend and highlight key primary texts as a fundamental feature of academic debate, engaging with influential modern critical analysis;
- develop the key skills of academic presentation of work: fluency of expression, citation protocols and bibliographical conventions;
- reflect upon a wide range of experience and skills particularly in relation to communication and pastoral care.

Many subject-specific skills are complementary and mutually reinforcing, and students should develop the ability to research, gather, sift and deploy relevant information and concepts, discriminating between what is central and what is peripheral to the issue in question; to evaluate sources critically within their context; and to make judgments on the basis of viewed and problematic evidence.

CAREERS
Our graduates have embarked on careers in areas such as teaching, publishing, youth work and the world of business.

VIOLENCE, TERRORISM AND SECURITY

DURATION
1 year full time / 2 years part time

OVERVIEW
This degree has been designed to provide you with an in-depth knowledge and understanding of the nature of the different types of violence and related issues.

You will develop skills of critical thinking and a reflexive framework to support your independent and critical study.

You will analyse the nature of violence and assess the range of social, cultural, political and personal factors involved.

You will be introduced to the role of terrorism, political violence, personal violence and moral violence, including definitions, cause, incidence and impact.

You will develop critical analytical skills and the ability to assess policy and practice against international standards and benchmarks.

CAREERS
Possible career paths include work in youth and social justice related fields. Previous graduates have gone on to work for NGOs in the criminal justice and youth justice fields. The programme is also an excellent stepping stone for Doctoral research.

VIOLENCE, TERRORISM AND SECURITY

DURATION
1 year full time / 2 years part time

OVERVIEW
Dynamic and critical study into a perpetual problem developing a critical and analytical approach to problems in history and the contemporary world. It challenges accepted wisdom and opens up debate on the role of violence in relation to political power, all too often a cause of conflict and violence. Colleagues are drawn from security, law enforcement or defence, and provide independent advice of policy-makers and governments.

CAREERS
Essential transferable skills and in-depth knowledge of theories and issues in the areas of violence, security and terrorism.

Career development at any stage, from recent graduates to those seeking continued professional development. The programme broadens horizons providing a competitive educational experience in a wide variety of areas such as the security sector, including intelligence agencies, government agencies and public office, the military, NGOs, academia, businesses and corporations, and the media among many other possibilities.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS® score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: £5,900
INTERNATIONAL FEES: £16,400

YOUTH JUSTICE

DURATION
1 year full time

OVERVIEW
This course may appeal to you if you are already a practitioner or policy maker in this area, or if you are interested in further academic study.

The course will enable you to advance your understanding of youth issues, youth offending, the discourse of children’s rights, and the response of the social and criminal justice systems to young people.

You will develop critical analytical skills and enhance your ability to assess policy and practice against international standards and benchmarks.

CAREERS
Possible career paths include work in youth and social justice related fields. Previous graduates have gone on to work for NGOs in the criminal justice and youth justice fields. The programme is also an excellent stepping stone for Doctoral research.

CLINICAL PSYCHOLOGY (GCP/Psych)

DURATION
3 years full-time

OVERVIEW
This is a professional Doctorate that aims to prepare graduates for professional employment as a clinical psychologist in the personal, health and social services, and for research and teaching in clinical psychology. The programme is accredited by the British Psychological Society and approved by the Health and Care Professions Council.

CAREERS
All graduates of this programme have successfully found employment, most as clinical psychologists in the NHS or voluntary sector. Some pursue careers in clinical practice in combination with academic/research posts.

ENTRANCE REQUIREMENTS
This is a three-year full time course leading to a professional qualification in Clinical Psychology, accredited by the British Psychological Society (BPS) as conferring eligibility for Chartered Status and approved by the Health and Care Professions Council (HCPC) for the purpose of training clinical psychologists. Successful applicants will be offered places on this clinical psychology course, which we are looking forward to welcoming you to.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 7.0, with not less than 6.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: £15,000
INTERNATIONAL FEES: £20,200

Apply to this programme at

EDUCATIONAL, CHILD AND ADOLESCENT PSYCHOLOGY (DECAP)

DURATION
3 years full-time

OVERVIEW
This Professional Doctorate is approved by the Health and Care Professions Council and accredited by the British Psychological Society to train Educational Psychologists. You will retain close links with your tutors and be able to attend university throughout all three years of the programme.

The programme includes foundation training in Cognitive Behaviour Therapy, Dynamic Assessment, Family Systemic Therapy, Incredible Years Parenting Programme and Video Interaction Guidance.

CAREERS
The programme confers a professional qualification to work as an Educational Psychologist. Graduates register with the HCPC, which qualifies them to work anywhere within the UK and in those countries which recognise UK qualifications. The DECAP programme is the only educational psychology training programme in Northern Ireland and almost all of the appointments of EPs in the EEA/PS are recruited from the programme.

ENTRANCE REQUIREMENTS
Applicants must have a 2.1 Honours degree in Psychology, or an equivalent qualification acceptable to the University. Applicants who have obtained a Psychology qualification by graduate study may be considered if evidence of study in Psychology at 2.1 standard is provided. The qualification must be such that the applicant is, or will be, eligible for the Graduate Basis for Chartered Membership (GBC) of the British Psychological Society (BPS).

Prospective candidates are expected to have pre-entry experience (see DECAP website; entrance to this course is competitive). Applicants with international qualifications, or where GBC is uncertain, should seek confirmation of their status from the BPS by the time of interview (March 2019).

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 7.0, with not less than 6.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: £15,000
INTERNATIONAL FEES: £20,200

POSTGRADUATE STUDY AT QUEEN’S RESEARCH PROGRAMMES

For up-to-date programme information, please visit the University’s online Course Finder at go.qub.ac.uk/coursefinder
YOUR POSTGRADUATE RESEARCH JOURNEY TO QUEEN’S

FIND YOUR PROGRAMME
When you’ve spotted something you like in this prospectus, visit our online Course Finder at go.qub.ac.uk/coursefinder for the full details, or explore our individual School webpages to meet our researchers and read their profiles go.qub.ac.uk/schools

SPEAK TO YOUR SUPERVISOR
If you’re interested in a particular project, we suggest you contact the relevant academic before you apply, to introduce yourself and ask questions.
If you have your own research idea, contact the relevant School to discuss it with us. If you are unsure of who to contact, email our Faculty Hubs* for guidance. You might be asked to provide a short outline of your proposal to help us identify potential supervisors.

CHECK THE REQUIREMENTS
Check that you meet, or expect to meet the academic and, if applicable, English language entry requirements for your programme.
Also bear in mind that if you are applying for funding, there might be an application deadline. So keep an eye to see if your programme has a closing date for applications too. See also page 33.

CONSIDER THE COSTS
Our tuition fees are listed from page 38. For information on postgraduate funding opportunities, visit the Graduate School webpage go.qub.ac.uk/graduate-school or the website of the School for which you wish to conduct your research (go.qub.ac.uk/schools)

APPLY
Apply using our online Postgraduate Applications Portal go.qub.ac.uk/pgapply and follow the step-by-step instructions.

GET YOUR DECISION
When we’ve made a decision, we’ll send you an email which will advise you to log on to the Postgraduate Applications Portal to view the decision. You will also receive a letter by post.

* Arts, Humanities and Social Sciences: askahss@qub.ac.uk
Engineering and Physical Sciences: askeps@qub.ac.uk
Medicine, Health and Life Sciences: askmhls@qub.ac.uk
POSTGRADUATE RESEARCH

As part of the Russell Group, Queen’s is proud to be one of the UK’s leading research universities, offering postgraduate research opportunities across all fields of study.

A research degree offers you the opportunity to gain in-depth, specialised knowledge in an original research project, guided by a supervisory team, which culminates in the presentation of a thesis which you defend in an oral examination.

During your studies you will also develop research, personal and professional development skills that will support future careers within academia, industry or the public sector.

PHD/MPHIL/MD/CH

You will produce a traditional thesis, or, in the case of creative practice projects, your original creative works and an integrated critical analysis. If you are on an industry or the public sector.

Registration is normally on a part-time basis, under the direction of an advisor appointed by the University. You will be expected to submit your published works, with a 10,000-word critical analysis, within one year.

You will be subject to the University’s normal training and monitoring requirements.

You may be permitted to carry out some of your research away from Queen’s. You will need to satisfy the University that you will maintain appropriate contact with your supervisor, and have access to appropriate facilities, during any periods spent away, and you may be required to spend a specified period of time in residence at the University.

You will be subject to the University’s normal training and monitoring requirements.

SKILLS TRAINING AND DEVELOPMENT

The development of transferable skills is an integral part of the experience of being a postgraduate research student.

The development of higher degree and PhD by published works.

PHD BY PUBLISHED WORKS

This is awarded for the successful submission of a portfolio of research that was published prior to you registering on the programme, along with a critical analysis.

You must be an academic member of staff at Queen’s, and have been so for a minimum of one year.

Registration is normally on a part-time basis, under the direction of an advisor appointed by the University. You will be expected to submit your published works, with a 10,000-word critical analysis, within one year.

You will be subject to the University’s normal training and monitoring requirements.

For Admission, an Upper Second Class Honours degree from a UK or equivalent qualification is acceptable to the University.

You must be an academic member of staff at Queen’s, and have been so for a minimum of one year.

Registration is normally on a part-time basis, under the direction of an advisor appointed by the University. You will be expected to submit your published works, with a 10,000-word critical analysis, within one year.

The courses offered in the Development Programme supplement those provided by Schools and are available to all research students.

Funding is available for student-led initiatives. These are activities developed and delivered by postgraduate students for postgraduate students. These initiatives can involve organising a conference, research seminar or some other research event. To date these initiatives have proven to be very effective in encouraging students to identify their skills requirements and develop their own training.

For further information on the Postgraduate Development Programme, please visit.

The new £8.1m Centre for Doctoral Training in Photonic Integration for Advanced Data Storage at Queen’s, in collaboration with the University of Glasgow and funded by the Engineering and Physical Sciences Research Council (EPSRC), will address a skills shortage in the photonics industry and develop new products and systems to address the expanding data storage needs of today’s fast-moving digital world.

Queen’s is one of 12 partner universities involved in the AHRC Centre for Doctoral Training in the Celtic Languages. Also involving collaboration with BBC Northern Ireland, the National Library of Wales and Bòrd na Gàidhlig, the Centre will provide funding for 26 PhD awards across the partnership between 2014 and 2019. The Centre supports doctoral research and training in Celtic languages, literatures and cultures.

The new £3.5m Leverhulme Interdisciplinary Network on Cybersecurity and Society (LINCS), a collaboration between the Centre for Secure Information Technologies and The Leverhulme Trust, will provide 30 doctoral students with three-year scholarships over the next seven years, working at the interface between the social sciences and electronic engineering.
POSTGRADUATE RESEARCH PROGRAMMES

ACCOUNTING (PhD, MPhil)

OVERVIEW
You’ll join an energetic research group with strengths including accounting change, accounting education, performance measurement and management, governance and ethics in charities, and across the public sector and multinational companies, using both quantitative and qualitative research techniques. You’ll also benefit from attending courses, seminars and tailor-made reading groups.

ENTRANCE REQUIREMENTS
Normally a UK 2:1 Honours degree (or equivalent qualification acceptable to the University) and a UK Master’s degree in a relevant discipline with a final result of 60% (or equivalent qualification acceptable to the University).

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 7.0, with not less than 6.0 in any component, or an equivalent qualification acceptable to the University is required.

FEES
UK/EU FEES: TBC. See website for details. INTERNATIONAL FEES: £16,300

ARCHAEOLOGY & PALAEOECOLOGY (PhD, MPhil)

OVERVIEW
You’ll join a research community that explores the material manifestations of culture through time and space, focusing particularly on the development of agriculture, domestic and rural space, populations and palaeolandscapes from Ireland to Europe, religion, society and material culture in the Mediterranean, prehistoric, medieval and post-medieval Ireland, connections with the New World, and social and bio-archaeological approaches to death. You’ll join a vibrant palaeoecology research group studying past environmental and climate change, using a variety of records from around the world.

ENTRANCE REQUIREMENTS
The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: TBC. See website for details. INTERNATIONAL FEES: £20,300

ARCHITECTURE (PhD, MPhil)

OVERVIEW
The School welcomes applications for research, particularly research-by-design, which are underpinned by empirical and/or theoretical methodologies. We are also interested in action research methods as well as those methods that are stakeholder engaged and participatory. We have a strong commitment to the development of interdisciplinary approaches that take account of culture, policy and management as historical and social processes.

ENTRANCE REQUIREMENTS
A 2.1 Honours degree or equivalent qualification acceptable to the University. While a Master’s degree (or equivalent qualification acceptable to the University) is not essential, it is desirable and applicants without the qualification will be considered on a case-by-case basis.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.0, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: TBC. See website for details. INTERNATIONAL FEES: £20,300

CONTACT
askhba@qub.ac.uk
The School of Biological Sciences provides PhD and MPhil research degree programmes in areas spanning from basic biochemistry with applications in e.g. cancer research, all the way to the economic evaluation of ecosystem services and the feeding of food. The choice of project for a research degree is partly that of the student and partly determined by available funding and sources and their needs and b) the research interests of academic staff. In every case, a PhD or MPhil course offers the chance of being part of a cutting-edge scientific research team and contributing to genuine new discoveries or the development of new methods of practical use.

The School is organised into three research themes:
- Ecosystem Biology and Sustainability
- Microbes and Pathogen Biology
- Food Safety and Nutrition

ENTRANCE REQUIREMENTS
The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University. Further information can be obtained by contacting the School.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: TBC
INTERNATIONAL FEES: £20,300

* Taken within the last two years.
As part of a lively community of over 200 full-time and part-time research students you'll have the opportunity to develop your research potential in a vibrant research community that embraces the cross-fertilisation of ideas and innovation in the advancement of knowledge.

ENTRANCE REQUIREMENTS

1. The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree or equivalent qualification acceptable to the University. Further information can be obtained by contacting the School of Social Sciences, Education and Social Work.

ENGLISH LANGUAGE REQUIREMENTS

Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES

UK/EU FEES: TBC. See website for details.

INTERNATIONAL FEES: £16,300

OVERVIEW

English at Queen’s incorporates a diverse range of dynamic projects across literary studies, creative writing and linguistics but also forms a close-knit community of fellow scholars, writers and critics.

You’ll be taught by international experts in your field and have access to outstanding resources such as The Seamus Heaney Centre for Poetry, the Ireland of Irish Studies and the manuscript and print collections held by the McClay Library.

ENTRANCE REQUIREMENTS

A 2:1 Honours degree or equivalent qualification acceptable to the University. A Master’s degree (or equivalent qualification acceptable to the University) is not essential, it is desirable and applicants without this qualification will be considered on a case-by-case basis.

English Language Requirements

Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES

UK/EU FEES: TBC. See website for details.

INTERNATIONAL FEES: £16,300
POSTGRADUATE RESEARCH PROGRAMMES

FRENCH

PHD

OVERVIEW
This course offers you the ability to work closely with world-leading experts in French and Francophone literature, culture and linguistics.

A 2.1 Honours degree or equivalent qualification acceptable to the University is required. While a Master’s degree or equivalent qualification is not essential, it is desirable and applicants without this qualification will be considered on a case-by-case basis.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: TBC. See website for details.
INTERNATIONAL FEES: £16,300

GEOGRAPHY

PHD, MPhil

OVERVIEW
For projects related to Physical Geography, your research will focus on themes such as environmental dynamics and resilience, and will apply tools of wide use in the discipline, such as Geographical Information Systems, remote sensing, or spatial and temporal modelling. Our research takes place both within Ireland and the UK, and many other countries around the world.

For projects related to Human Geography, your research will focus on a number of themes, such as the environment and changing society, and culture. Themes include the Geographies of Knowledge, Landscapes, Critical Cartography, and Geographical Information Systems, Political Geography, and The Population Dynamics of Contemporary Societies.

ENTRANCE REQUIREMENTS
The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University. Further information can be obtained by contacting the School.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: TBC. See website for details.
INTERNATIONAL FEES: £16,300

HISTORY

PHD, MPhil

OVERVIEW
You will engage in ground-breaking research in a historical subject of your choice. Throughout your research you will be supervised by our internationally recognised scholars.

A 2.1 Honours degree or equivalent qualification acceptable to the University is normally required. It is desirable and applicants without this qualification will be considered on a case-by-case basis.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: TBC. See website for details.
INTERNATIONAL FEES: £16,300

INTERNATIONAL STUDIES

PHD

OVERVIEW
You’ll become part of our vibrant postgraduate research culture, focused on areas including contemporary Irish political history, governance and public policy, security, terrorism and international relations, and philosophy and political theory.

You’ll share our thriving research culture yourself, through visits and talks, seminars and conferences and workshops, reading groups and the staff seminar series.

ENTRANCE REQUIREMENTS
The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University.

ELIGIBILITY
A 2.1 Honours degree or equivalent qualification acceptable to the University. While a Master’s degree (or equivalent qualification acceptable to the University) is not essential, it is desirable and applicants without this qualification will be considered on a case-by-case basis.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: TBC. See website for details.
INTERNATIONAL FEES: £16,300

IRISH AND CELTIC STUDIES

PHD

OVERVIEW
The Institute of Irish Studies has a long-established international reputation for interdisciplinary research exploring the social, political, cultural and geographical factors that have influenced the people of this island and its diasporas. Research is conducted into the physical and political environment of the north of Ireland, mapping its unique influence on easier Irish and British identities.

ENTRANCE REQUIREMENTS
A 2.1 Honours degree or equivalent qualification acceptable to the University. While a Master’s degree (or equivalent qualification acceptable to the University) is not essential, it is desirable and applicants without this qualification will be considered on a case-by-case basis.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS*score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

LUSOPHONE (PhD, MPhil)

OVERVIEW

Lusophone Studies is part of the Modern Languages research cluster, which provides a breadth of research for both disciplinary and interdisciplinary scholarship. Recognised as a centre of excellence for research into the languages, literatures, histories, linguistics, visual cultures, and cultural identities of Europe, the research programme is focused on a dynamic and forward-looking research ethos.

Within this cluster, Lusophone Studies aim to contribute to the School’s educational strategy and deliver, across a variety of areas relating to the Portuguese-speaking world, a body of work with particular emphasis on Brazil and Portuguese-speaking Africa. Africa’s specialism includes critical culture, gender studies, postcolonial literatures and film, and urban cultural studies. The PhD programme promotes interdisciplinary and collaborative research partnerships in the training and supervision of graduate students.

Staff are actively involved in two cross-subject research research, focusing on Latin American Studies and Postcolonial Studies. All staff and postgraduate students participate in international conferences and are encouraged to become involved, where appropriate, in international networks. Amongst other networks, staff in Lusophone Studies are involved in the Latin American Cultures Network and the Lusophone and Hispanic Caucus work on conferences.

For more information about the research interests of individual members of staff in Lusophone Studies, please see our staff profile on the School of Law’s website.

The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University. Further information can be obtained by contacting the School of Law.

INTERNATIONAL FEES: £16,300

LAW (PhD, MPhil)

OVERVIEW

The School of Law has over 100 years’ experience of achievement in both education and research and is ranked as a leading centre for legal research in the UK, and we offer PhD supervision across the full range of law. The School is committed to supporting the research activities of its doctoral students, and we take a range of measures to help maintain a dynamic and forward-looking research ethos.

Within this cluster, Lusophone Studies aim to contribute to the School’s educational strategy and deliver, across a variety of areas relating to the Portuguese-speaking world, a body of work with particular emphasis on Brazil and Portuguese-speaking Africa. Africa’s specialism includes critical culture, gender studies, postcolonial literatures and film, and urban cultural studies. The PhD programme promotes interdisciplinary and collaborative research partnerships in the training and supervision of graduate students.

MATHMATICS (PhD, MPhil)

OVERVIEW

Your research will take place under the auspices of the Pure Mathematics Research Centre, an established, world-class research group in Functional Analysis and an emerging but very active group in Algebraic Topology. We maintain vibrant international links with a large number of researchers around the globe and regularly host international conferences, workshops, and research visitors.

Our research strengths revolve around algebraic topology, and non-commutative Functional Analysis, with an emphasis on Operator Algebras. Further information can be obtained by contacting the School.

ENGLISH LANGUAGE REQUIREMENTS

Evidence of an IELTS® score of 6.0, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES

UK/EU FEES: TBC. See website for details.

INTERNATIONAL FEES: £16,300

MECHANICAL ENGINEERING (PhD, MPhil)

OVERVIEW

We aim to conduct high-quality, fundamental studies of value to international industries and to prepare you for employment in those industries. The research is spread across five interrelated research themes: Advanced Manufacturing and Processing (modeling, engineering; intelligent control; laser processing; life cycle analysis); Material characterisation, mechanics, tribology, parallel kinematic machines; polymer processing; robotics and ultra precision manufacturing; energy systems, thermodynamics, aerodynamics, aeroelasticity, aircraft operations; design and manufacturing, composites and nano-enhanced composites, composite materials and structures, design and analysis of composite materials and structures, design and analysis of composite materials and structures. Simulation Technologies (FEA/CFD/DEFORM/ ES) (Design software, computational mechanics: multiphysics, simulation, systems modeling, uncertainty quantification, testing and design of explosion, and big data). Clean Energy (biofuels, catalysts, life cycle analysis, power systems, turbomachinery and waste management). Biomaterials and Biomimetics (biomechanics, material characterisation, mechanics of materials, biomechanics). Further information can be obtained by contacting the School.

ENGLISH LANGUAGE REQUIREMENTS

Evidence of an IELTS® score of 6.0, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES

UK/EU FEES: TBC. See website for details.

INTERNATIONAL FEES: £16,300
MEDICINE

MPharm (Hons)

OVERVIEW

As a postgraduate student in the School of Medicine, Dentistry and Biomedical Sciences, you will gain a vibrant research community addressing key global health care challenges. You will work closely with academic and postdoctoral staff as a central and highly-valued component of the School's research programme, thereby contributing to key discoveries in disease mechanisms which are translated towards innovative prevention and therapeutic strategies which will ultimately improve quality of life and survival of patients. Direct translation of research findings from bench to bedside is facilitated by close collaborative interaction between clinical and basic research scientists as a hallmark of our research programme, allowing the direct translation of excellent science to clinical benefit.

ENTRANCE REQUIREMENTS

The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University. Further information can be obtained by contacting the School.

ENGLISH LANGUAGE REQUIREMENTS

Evidence of an IELTS* score of 6.0, or an equivalent qualification acceptable to the University.

FEES

UK/EU FEES: TBC. See website for details. INTERNATIONAL FEES: £16,300

LABOURATORY-BASED FEES

Laboratory-based £20,300

MUSIC

BMus (Hons)

OVERVIEW

You’ll follow one of two broad research pathways.

If you pursue research in Musicology, you’ll focus on scholastic study of significant figures such as Bach, Handel and Mozart as well as contemporary performance, critical debates in music, improvisation and Irish traditional music.

If you’re a composer, you’ll work across a broad range of creative practice from acoustic composition through to creative work in sonic arts. You’ll have invaluable workshop contact with visiting international artists and with the Ulster Orchestra.

ENTRANCE REQUIREMENTS

A 2:1 Honours degree or equivalent qualification acceptable to the University. While a Master’s degree (or equivalent qualification acceptable to the University) is not essential, it is desirable and applicants without this qualification will be considered on a case-by-case basis.

ENGLISH LANGUAGE REQUIREMENTS

Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES

UK/EU FEES: TBC. See website for details. INTERNATIONAL FEES: £16,300

NURSING AND MIDWIFERY

BNurs (Hons)

OVERVIEW

The aim of this research programme is to illuminate the experiences of cancer survivors and patients requiring palliative care, their informal carers and their professional carers, with a view to improving the experience of both survivorship and palliation.

You’ll work with these insights to provide a sound evidence base for care and to help develop a research continuum, from bench to bedside, through the development of a co-ordinated research project.

ENTRANCE REQUIREMENTS

The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University.

As part of the application process candidates will be required to submit a research proposal and undertake an interview.

Further information can be obtained by contacting the School of Nursing and Midwifery.

ENGLISH LANGUAGE REQUIREMENTS

Evidence of an IELTS* score of 6.0, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES

UK/EU FEES: TBC. See website for details. INTERNATIONAL FEES: £16,300

PHARMACY

PharmD (Hons)

OVERVIEW

We focus our research on key areas of the pharmaceutical sciences, and clinical and primary care aspects of pharmacy.

Our research spans a wide range of scientific and professional disciplines. You will be supervised by world leading researchers working on projects with the potential to positively impact on science and healthcare.

We are passionate about what we do, and aim to inspire you with the same drive, instilling the aspirations to make a difference in the world.

ENTRANCE REQUIREMENTS

The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University. Further information can be obtained by contacting the School.

ENGLISH LANGUAGE REQUIREMENTS

Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES

UK/EU FEES: TBC. See website for details. INTERNATIONAL FEES: £16,300

PHILOSOPHY

PhD (Hons)

OVERVIEW

You’ll become part of our vibrant postgraduate research culture, focused on areas including contemporary political thought, governance and public policy, security, terrorism and international relations, and philosophy and political theory.

You’ll see our thriving research culture through visits to archives, conferences and workshops, reading groups and our staff seminar series.

ENTRANCE REQUIREMENTS

The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University. Further information can be obtained by contacting the School of History, Anthropology, Philosophy and Politics.

ENGLISH LANGUAGE REQUIREMENTS

Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES

UK/EU FEES: TBC. See website for details. INTERNATIONAL FEES: £16,300

PHOTONIC INTEGRATION AND ADVANCED DATA STORAGE

OVERVIEW
The Centre for Doctoral Training offers unique four-year PhD training in Photonics Integration and Advanced Data Storage, leading to a jointly awarded degree from Queen’s University Belfast and the University of Glasgow.

Students spend time at both universities and are based in the largest global Seagate Technology university for Nanostructured Media, host to the Research Centre for Nanoscale Interactions, researching in an interdisciplinary environment that supports the development of musicians, artists and academics.

Our doctoral students join of a close-knit students who are supported by world-leading researchers from Queen’s University’s Centre for Nanostructured Media, host to the largest global Seagate Technology university engagement, and from the University of Glasgow’s capabilities include the James Watt Nanofabrication Centre in the Engineering & Metallurgy facility of the Department of Physics and Astronomy. Students spend time at both universities benefiting from the excellent facilities available to postgraduates including The Graduate School at Queen’s and The Graduate School at Glasgow.

ENTRANCE REQUIREMENTS
The minimum academic requirement for admission to this research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University. Cognate disciplines include physics, chemistry, electrical engineering, chemical engineering.

Please note this programme will run for 2019 entry subject to funding being secured. Further information can be obtained by contacting the School of Mathematics and Physics.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: £20,300
INTERNATIONAL FEES: £20,300

PYSCHOLGY

OVERVIEW
You’ll explore the high level of spontaneous peer-support, initiative, and engagement that exists amongst our diverse community of psychological doctoral researchers.

Your research may cover topics such as: development and cognitive psychology, social psychology, health psychology, movement and action and animal behaviour and welfare. You may wish to continue within academia to take up postdoctoral research positions, fellowships or lecturships in psychology, move into clinical or educational psychology training, or take up a research position in the private public sector.

ENTRANCE REQUIREMENTS
The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University. Further information can be obtained by contacting the School of Psychology.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS score of 7.0, with not less than 6.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: TBC. See website for details.
INTERNATIONAL FEES: £16,300

askeps@qub.ac.uk

POLITICS

OVERVIEW
You’ll become part of our vibrant postgraduate research culture, focused on areas including contemporary and critical political history, governance and public policy, security, terrorism and international relations, and philosophy and political theory.

You’ll use our thriving research culture yourself, through vats and talks, conferences and workshops, reading groups and the staff seminar series.

ENTRANCE REQUIREMENTS
The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University. Further information can be obtained by contacting the School of History, Philosophy, Politics and Psychology.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: TBC. See website for details.
INTERNATIONAL FEES: £20,300

SOCIAL WORK (MA)
OVERVIEW
You’ll be a social scientist committed to ways of working, through multidisciplinary research, that build knowledge and capacities in the communities around us and have a positive impact on human wellbeing. You’ll care about young people and families, conflict and social change, social inequality, disability, ageing and health, criminal justice, drugs and alcohol, trauma, violence and abuse and the effect these have on society.

ENTRANCE REQUIREMENTS
The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University. Further information can be obtained by contacting the School of Social Sciences, Education and Social Work.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: TBC. See website for details.
INTERNATIONAL FEES: £16,300

SOCIOLOGY (PhD)
OVERVIEW
You’ll be a social scientist committed to ways of working, through multidisciplinary research, that build knowledge and capacities in the communities around us and have a positive impact on human wellbeing.

ENTRANCE REQUIREMENTS
The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University. Further information can be obtained by contacting the School of Social Sciences, Education and Social Work.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: TBC. See website for details.
INTERNATIONAL FEES: £16,300

SPANISH (PhD)
OVERVIEW
You’ll be a social scientist committed to ways of working, through multidisciplinary research, that build knowledge and capacities in the communities around us and have a positive impact on human wellbeing. You’ll care about young people and families, conflict and social change, social inequality, disability, ageing and health, criminal justice, drugs and alcohol, trauma, violence and abuse and the effect these have on society.

ENTRANCE REQUIREMENTS
The minimum academic requirement for admission to a research degree programme is normally an Upper Second Class Honours degree from a UK or ROI HE provider, or an equivalent qualification acceptable to the University. Further information can be obtained by contacting the School of Social Sciences, Education and Social Work.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: TBC. See website for details.
INTERNATIONAL FEES: £16,300

THEOLOGY (PhD)
OVERVIEW
You will examine the historical and textual bases in theological areas including theologically-motivated movements and peoples in Christian history, the development of doctrine from New Testament times to the present, strategies and movements of Christian mission, the literature, language and worlds of both the Old and New Testaments, and theories of worship/Christian communication.

ENTRANCE REQUIREMENTS
An Upper Second Class Honours degree from a UK or ROI HE provider or equivalent qualification recognised by the University. In addition applicants are required to have a Master’s degree, or equivalent qualification recognised by the University, in Theology/ Divinity with an overall average of 60% or above and 60% or above in the Dissertation. Further information on entrance requirements for this PhD can be obtained by contacting the Institute of Theology.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: Fees not collected by Queen’s University. Fees not collected by Queen’s University.
INTERNATIONAL FEES: £16,300

TRANSLATION (PhD)
OVERVIEW
You’ll become part of a research field that is expanding dynamically. We welcome research topics in a variety of areas such as audiovisual translation, translation and cultural encounter and the role of translation in the fields of linguistics, literature, performance, sacred texts, ethics and the global stage.

ENTRANCE REQUIREMENTS
A 2:1 Honours degree or equivalent qualification acceptable to the University. While a Master’s degree (or equivalent qualification acceptable to the University) is not essential, it is desirable and applicants without this qualification will be considered on a case-by-case basis.

ENGLISH LANGUAGE REQUIREMENTS
Evidence of an IELTS* score of 6.5, with not less than 5.5 in any component, or an equivalent qualification acceptable to the University.

FEES
UK/EU FEES: Fees not collected by Queen’s University.
INTERNATIONAL FEES: £16,300

* Please see page 33 and the online Course Finder for full information.
* Research Fees for 2018-19 for NI/GB/EU will be set by early 2019. See page 35 for full information and qub.ac.uk/TuitionFees for updates.
* Taken within the last two years.
