Analyst / Programmer - Information Services

Dear colleague, I'm grateful for the opportunity to represent you on Senate since June 2016. It was an honour and a responsibility and I hope that I successfully represented you and defended staff rights at Senate, in Health and Safety committees and through union, UCU, activities. I wish to continue this work and I seek your support for election for a second and final term. I joined QUB in 2008. I worked in a school and a directorate and I managed to establish connections with staff at all levels in various parts of the university.

Vote Abu-Khiran 1 Flanagan 2.
