

## **Ted Jensen**

Widening Participation Outreach Officer - DASA / ESD / Widening Participation Unit

### **Supporting Statement**

While working within the Widening Participation Unit, running the Pathway Opportunity Programme, I have thoroughly enjoyed the opportunity to work with colleagues across the Professional Services as well as all three Faculties.

Adding to that my awareness of the student experience into and through university (promoting Higher Education in post-primary schools for 5 years, my own sons now studying in Russell Group universities, and my own 3 degrees from the US), I feel I could make a positive impact on the activities and committees of the Senate while representing my Professional Services colleagues.
