

Continuing Professional Development: Introduction

It is part of the role of the Centre for Educational Development to support the continuing professional development of staff, in particular where it impacts on the student experience. CED organises Guest Speaker events facilitated by well known national/international experts in higher education teaching, as well as the CPD programme and Lunchtime Forum events. Staff in the Centre have close links with the Higher Education Academy, so all our CPD activity is informed by national developments and initiatives. The Centre can offer support and guidance in a number of areas and are happy to discuss your requirements.
