

Education Strategy 2016-2021: The Role of the Centre for Educational Development (CED)

The University's Education Strategy 2016-2021 has a major influence on teaching, learning and assessment. It also guides much of the activity of CED.

The key priorities of the Education Strategy, aligned to Vision 2020, are reflected in seven inter-related strands:

- Dynamic and relevant curriculum and assessment;
- Professional Standards;
- Widening Participation, Equality and Diversity;
- Employability, Enterprise and Global Citizenship;
- Internationalisation;
- Innovative and flexible delivery;
- Innovation in Postgraduate Taught (PGT) Education.

CED are happy to support staff in any developments related to the Education Strategy.
