

Antrim Presbytery Book Collection Listing

About the Collection

Collection of theological, philosophical and literary works ranging from the 16th to 18th centuries, maintained and accumulated by the Presbyterian congregations in Belfast and Antrim, 1765-1873, for the purposes of local intellectuals and Presbyterian ministers.

In addition to items on theology, philosophy and religion, the collection is notable for its material on the classics, civil and ecclesiastical history and politics. The majority of these titles date from before 1800. Items of later date (19th century) include mainly published sermons and addresses produced locally.
