

Accessing video interviews in MyFuture

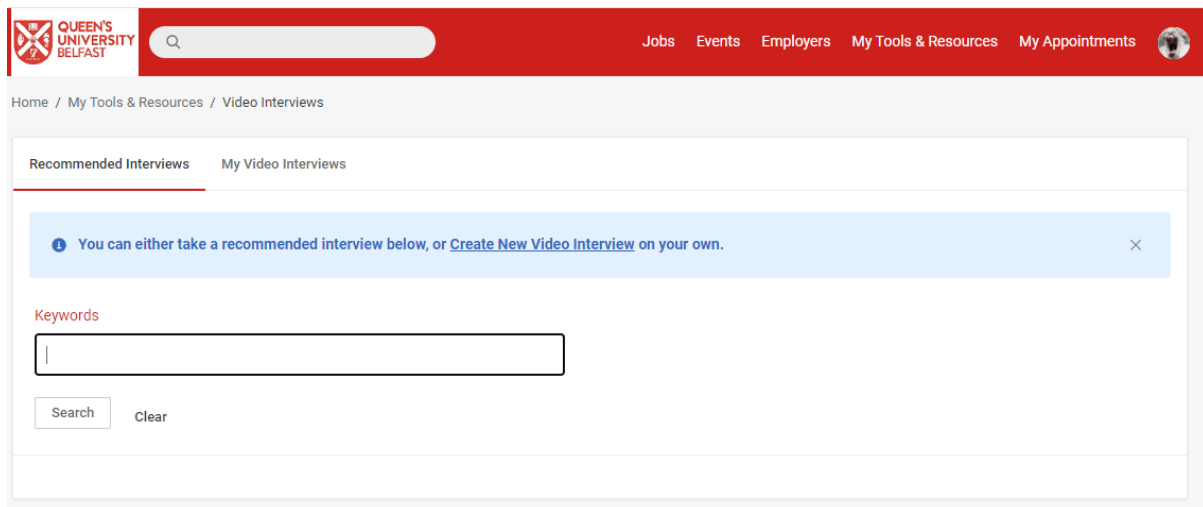

You can find the video interview tool through the My Tools & Resources menu on MyFuture.

Choose the option for “Mock Video Interview”

In the search tool, search for **“University Exchanges to Australia, Canada & USA”**

The screenshot shows the Queen's University Belfast website interface. At the top left is the university logo. A search bar is located in the top right of the red header. Navigation links for 'Jobs', 'Events', 'Employers', 'My Tools & Resources', and 'My Appointments' are visible. The breadcrumb trail reads 'Home / My Tools & Resources / Video Interviews'. Below this, there are two tabs: 'Recommended Interviews' (which is active) and 'My Video Interviews'. A blue notification box contains the text: 'You can either take a recommended interview below, or [Create New Video Interview](#) on your own.' Below the notification is a 'Keywords' section with a text input field, a 'Search' button, and a 'Clear' button.

To help you prepare, you will find some general help for interviews on the [Careers website](#)

You could also book an appointment with one of the Careers Consultants. They will not be able to give you any specific insight into the interview questions for this programme but can give you some general tips.
