

Looking to Study or Work in Spain?

Learn more about the visa process and what you need to do next.

We are pleased to announce that members of the Spanish Consulate (London) will be hosting a webinar for students preparing to study or work abroad in Spain during the 2024/25 academic year.

Staff from the Consulate will provide a short presentation to help students starting along the visa application route. They will also aim to answer some of the most frequently asked questions from students.

The session will be facilitated by members of the UUKi Visa Working Group.

Please note, the Teams event states Cardiff University as the organiser, however students and colleagues from all UK institutions are invited to join.
