Work Experience & Placement Fair

Organised by Careers, Employability & Skills, the Work Experience & Placement Fair will help you find out about a range of placements, vacation jobs, part-time work, voluntary opportunities and work and study abroad programmes.

WORK EXPERIENCE & PLACEMENT FAIR

Wednesday 5 February 2014
11.00 am – 3.00 pm, Whitla Hall

To access updates and additional opportunities get online

www.gub.ac.uk/careers and click on Careers Events, Fairs and Vacancies to search our database of

- Graduate jobs
- Work placements opportunities
- Work experience
- Postgraduate and study opportunities, with funding
- Part-time jobs on and off campus

www.gub.ac.uk/careers to read our weekly Events On Campus and follow us on Twitter and Facebook

Call in, we can help you

Based in the Student Guidance Centre, Careers, Employability and Skills offers a central point of contact for vacancies, information and professional guidance to help you, for example

- Identify which of the wide range of work experience opportunities that best meets your needs
- Make effective applications for placement or part-time jobs
- Develop skills for future employment through work experience
- Learn from your experiences, identify your skills and direct these toward career goals.

THIS PROGRAMME HAS BEEN COMPILED FROM INFORMATION PROVIDED BY ORGANISATIONS ATTENDING THE FAIR AND IS ACCURATE ON GOING TO PRINT. PLEASE VERIFY DETAILS WITH INDIVIDUAL ORGANISATIONS.

Allstate Northern Ireland

ALLSTATE NORTHERN IRELAND
9 Lanyon Place
Belfast
BT1 3LZ

www.allstate.com/about/Northern-Ireland

Allstate Northern Ireland, established in Belfast in 1998, provides high quality software development services and business process outsourcing solutions in support of its U.S. parent's global operations. Allstate NI employs more than 1900 people across three sites (Belfast, Derry, Strabane).

Allstate's on a mission to become the most data-driven insurance company in the world, and we invite you to join us on this journey!

PLACEMENT YEAR OPPORTUNITIES

Allstate Northern Ireland offers a wide range of jobs, including software development and maintenance roles at locations in Belfast and Derry. Its maintenance and support teams are responsible for the management of a number of Allstate's insurance systems which are critical to the company's operations. Jobs within Allstate NI's project development team include working on a range of technologies including older legacy systems such as COBOL, DB2 etc right through to more modern technologies such as Java, C++ and .Net.

We normally have 4 placement opportunities per year for students from local universities. Applications are normally due at the end of November for a variety of placement opportunities. Placements usually begin the following July and end a year later.

Subjects: Actuarial, Software Development, Testing, Information Services.

Discipline(s) **Any Computing related degree**
Location(s) Belfast, Derry
Apply For further information: Jody Wright, HR Administrator, jwirr@allstate.com
www.allstate.com/about/northern-ireland/opportunities.aspx by December 2014

INTERNSHIP OPPORTUNITIES

Allstate also offers a limited number of Quantitative Research & Analytics Internships where over half of the time is spent in Chicago. These Internships are a great way to gain a head start on your career by having meaningful work, working in a great environment and making good friends!

- Competitive salary
- While in Chicago, we offer the following: free accommodation, free flights to and from the US, daily transportation to and from the office and exposure to Chicago.
- A successful internship often leads to permanent employment offers.

Candidates should be in 3rd or 4th year of a Degree, Masters or PhD program in a quantitative degree and be on track to obtain at least a 2:1 or equivalent

Discipline(s) **Any Quantitative Degree**
Locations(s) Belfast, Chicago

Alzheimer's Society

www.alzheimers.org.uk

Alzheimer's Society is the leading support and research charity for people with dementia, their families and carers. We work to improve the quality of life of people affected by dementia in England, Wales and Northern Ireland.

VOLUNTARY OPPORTUNITIES

Alzheimer's Society offers a wide range of volunteering opportunities. Volunteering with us is flexible, ranging from a few hours a year to several hours a week and we greatly appreciate the time and energy our volunteers give to the Society. Roles on offer include:

Information Support Volunteer: Ensure services are highly visible and accessible to those who need them and increase people's awareness of dementia in local communities, eg leaflet/poster drops in GP surgeries, libraries, assisting at information stands or talking to groups of people about what dementia is and what the Society does.

Dementia Friendly Communities Volunteer: Volunteers will be trained to deliver talks/ presentations across the community to challenge misunderstandings and stigma surrounding dementia and increase awareness within the wider community to support people with dementia to carry out daily tasks independently.

PR Volunteer: By raising the profile of the Society's work locally and ensuring that the local media, in particular, are regularly updated about the organisation you will help to make sure that the subject of dementia retains a high profile in your area. You will also help to raise awareness and understanding of dementia and reduce stigma.

Support Services Volunteer: The Support Services Volunteer role is essential to support staff and to stimulate and engage with people with dementia during Activity Groups, Dementia Cafés and Carer Support Groups.

Befriending Volunteer: Volunteer Befrienders support people living with dementia in the local community. This involves companionship for a person in the early stages of dementia, helping them to take part in social and recreational activities.

Volunteer Advocate: The purpose of the role is to contribute to an advocacy pilot by enabling people with dementia and their carers to have a voice in the decisions made regarding the provision of personal health and social care services to meet their individual needs.

Fundraiser: Fundraisers spend their time, on an occasional or regular basis, helping with local events as diverse as coffee morning and tea parties, fashion shows, collections in the high street or in private premises, music events, book stalls, auctions, festival or faith based events. The list is endless...bring your ideas and get involved!

Online Selling Volunteer: Volunteers in this role will typically sell items online via companies such as eBay and donate all profits, or a percentage, to Alzheimer's Society.

Memory Walk Volunteer: Memory Walk is Alzheimer's Society's annual flagship fundraising event, with walks taking place throughout September across the UK. Various roles are available for this event, where you can support the Community Fundraiser in planning, organising, delivering and evaluating a Memory Walk.

Volunteer National Helpline Assistant: Volunteer Helpline Assistants support the National Dementia Helpline Advisers in providing an effective advice and information service for people affected by dementia. Volunteers enable the Helpline to respond to more callers in person and provide a better, more responsive service.

British Council is the UK's cultural relations organisation. We work in the areas of education, the arts and English and have a range of opportunities for students to study and work abroad.

STUDY and WORK ABROAD OPPORTUNITIES

Open your eyes to a world of international opportunity with Study Work Create. This is your go-to site for the chance to travel and work abroad or in the UK, develop your creativity and increase your chances of finding a job.

At the work experience fair we will be focussing on opportunities for those interested in studying or working in China or Thailand.

The British Council in China is offering up to fifteen scholarships as part of Generation UK, a new campaign to encourage and support UK student mobility to China. The British Council China Scholarship is available for outstanding students from the UK who wish to study at mainland Chinese universities in 2013-14. The **Generation UK internship programme** also offers two month internships for UK students to gain work experience in mainland China.

The **English Language Assistants** programme offers an inspiring opportunity to teach English in China, home to a vibrant melting pot of cultures and the world's fastest-growing economy. The British Council is recruiting graduates with the necessary independence, resilience and adaptability to undertake the challenges of teaching and living in China.

The **Thailand English Teaching Thailand (TET)** programme is a great opportunity for undergraduates or recently graduated UK University students to go to Thailand for placements in schools and colleges in order to gain valuable work and life experience and learn about the unique culture of Thailand.

The Thailand English Teaching Thailand (TET) programme runs throughout the summer and places students on assignments as 'English Teaching Assistants' or 'ETAs' all around the country.

31 Ferguson Drive
Knockmore Hill Industrial Park
Lisburn, BT28 2EX

028 9260 1133
m.loughran@camlingroup.com
www.camlingroup.com

Included in the Sunday Times 100 Fastest growing UK Tech companies in 2013, Camlin Technologies expects to create many new jobs over the next three years to keep pace with booming demand from the power and rail industries, through a combination of organic growth and acquisition.

Camlin Technologies is the Engineering, R&D, manufacturing and operations centre for the Camlin Group. With headquarters in Lisburn, Northern Ireland, Camlin Technologies is an international company with a combination of engineering design, research and development and support locations worldwide. The company uses industry-leading R&D, state-of-the-art test facilities, in-house manufacturing and quality control. Drawing on a distinguished 30 year heritage of developing cutting-edge technology Camlin Technologies is focused keeping our customers' needs at the core of everything we do. Responsible for product development within the Camlin Group, Camlin Technologies works closely with Kelvatek, Camlin Rail and Camlin Power to develop the next generation of products and systems for the power industry.

PLACEMENT OPPORTUNITIES

We are looking to recruit only the best solutions driven engineering talent, either at 2nd /3rd year undergraduate or graduate level, for C++ Software Engineering & Web Javascript Application Development, Scientific or Electrical / Mechanical Engineer teams, to be based in our Lisburn offices for a one year industrial placement. There is then potential for a more permanent job opportunity following successful graduation.

We are interested to hear from Engineering, Physics or Computer Science undergraduates who are genuinely enthusiastic about their chosen scientific/engineering discipline and are passionate about their drive to work with among the best in their field. Camlin Technologies will offer up to two undergraduates the opportunity to work in an environment which is focused on INNOVATION within a growing progressive engineering technology business. We can offer real opportunities for development, on the job training, career progression and competitive salary/benefits

Current & Future Undergraduate opportunities include:

Entry level Embedded C / C++ Software Engineers with Linux
Entry level Web Application Developers (Java or C++)
Electronics / Mechanical Engineers
Scientific Research

There is also the possibility of up to 4 months Summer 2014 Vacation Work in the above areas:

Careers, Employability & Skills

Degree Plus

Abbie Branagh, Programme Co-ordinator
CAREERS, EMPLOYABILITY & SKILLS
Student Guidance Centre
Queen's University Belfast
University Road
Belfast, BT7 1NN

028 9097 3617

degreeplus@qub.ac.uk

The Degree Plus award allows full time & part time students to gain accreditation for skills developed outside of their academic programme, for example, through part-time work, volunteering, sports, clubs and societies or additional courses such as Insight into Management. Students who successfully complete the programme will receive the award of Degree Plus when they graduate. In a competitive graduate job market, Degree Plus is a positive way of developing your employability skills and setting yourself apart from the crowd.

Structure of Programme: Degree Plus gives students a choice of two routes to achieve the qualification which must be completed by March of final year at the latest. The two routes comprise:

Route A: Full Accreditation

Each year, many Queen's students undertake other courses or programmes in addition to their degree. For example, some students spend a year studying at a university in the United States under the Study USA programme. Programmes and activities like this allow students to acquire the skills and experience that the Degree Plus Award recognises, so, if you are interested in finding out about programmes under Route A why not visit the Degree Plus website and begin the process of making your interests work for you.

The programmes which represent Route A to the Degree Plus Award typically lead to a Certificate or Diploma in their own right. For example, students who successfully complete Study USA gain the Certificate in American Business Practice. They require significant input and work.

Examples of Route A activities include:

- Erasmus (academic year)
- Insight into Management
- Law and Finance study tours in London
- ECDL/ECDL Advanced
- Open Your Mind (Campaign Volunteer)
- Course/School Representatives
- Peer Mentoring

Route B: Combined Experience

Many activities that are an integral part of university life allow students to gain the skills and experience that employers are looking for. If you have served as a course rep then you may have gained important negotiating skills or become more confident in communicating with people. If you have worked in a part-time job then you will probably understand the importance to employers of reliability, good time-keeping and a customer-focused approach to work.

Route B allows students to combine a range of activities to create their own personalised Degree Plus Award. Students complete at least two activities which develop their employability skills and submit a Combined Pathway Application Form.

Under the combined experience route, you will be required to provide documentary evidence of the activities you have engaged in. This evidence may be in the form of, for example, payslips or a written reference from a supervisor. Further advice on providing suitable evidence is available from Careers, Employability and Skills in the Student Guidance Centre.

Examples of Route B activities include:

- Part-time Work
- Voluntary Work
- Member of Club or Society
- Camp America
- Alumni Career Mentoring
- QuPlayers Workshops
- Staff/Student Consultative Committee

To find out more about Route A and Route B options go to our website www.qub.ac.uk/degreeplus

Insight into Management

7-9 April 2014

Insight into Management is designed to help students develop management and team-working skills. This three-day course is an interactive series of business games, simulations, case studies and presentations led by recent graduates in management positions. The programme is nationally recognised and valued by graduate recruiters, and is fully accredited for the Degree Plus award.

Insight is different from other training programmes. It is an active learning experience, delivered by a tutor team from all spheres of employment. You will not be listening to lectures, but rather learning for yourself by taking part in business simulations and 'real life' scenarios as part of a small team. The course is lively, informal and fun with the emphasis on 'learning by doing'. The course is designed to be intensive and challenging, however, the tutor team will help to ensure that you also have a lot of fun on the way!

Insight into Management 2014 will run from 7-9 April and costs approx £65 (includes refreshments and meals, materials and all activities).

www.qub.ac.uk/erasmus

www.qub.ac.uk/exchangeprogrammes

Internationalise your Degree - opportunities to study or work abroad as part of your Queen's degree programme.

STUDY AND WORK PLACEMENT OPPORTUNITIES

Would you like to spend from three months to one year studying or working in another European country; or studying in Canada or Australia, as a recognised part of your degree?

Each year, the Erasmus Programme enables more than 100 students at Level 2 and above to study at selected EU and EEA universities which have exchange agreements with Queen's in specific subject areas. There is a limited number of Erasmus grants available for participating students, which are in addition to the normal student loan. Also, approximately 150 students undertake Erasmus work placements in Europe as an integral part of their degree programmes.

The amount of the Erasmus grant depends on the country you visit and the length of time spent abroad. It won't be a large amount, but is designed to help cover the extra cost-of-living. A contribution towards travel is included in the amount you receive.

Students who went on an Erasmus study or work placement during 2013-2014 for the full academic year, and who were eligible for UK student loans, also received a tuition fee waiver at Queen's, so it could save you approx. £3000! This tuition fee waiver is a UK government concession and is reviewed annually.

Outside Europe, the University currently has exchange opportunities with the following universities.

- The University of Newcastle, New South Wales, Australia
- Queen's University, Kingston, Ontario, Canada
- The University of Alberta, Edmonton, Canada

There is a tuition fee waiver at the partner university, and successful applicants will receive a travel award.

The year or semester spent abroad will replace the similar period at Queen's and the courses taken will count towards your degree. Students undertaking study placements abroad as a recognised element of their degree are eligible to apply for the placement to be considered towards the Queen's Degree Plus award. The award provides official recognition by the University of the non-academic benefits of an Erasmus or exchange placement, such as improved employability skills, global and cultural awareness and increased self-confidence and motivation.

Would you like to gain valuable work experience on campus? Experience that won't interfere with your study commitments?

In the current economic climate, it is essential that graduates are prepared to enter the workplace, possessing key employability skills which will enable them to compete in today's job market. For this reason, employability skills are a top priority for the University.

The University believes that all students, through their academic programmes and through high-quality extra-curricular activities, should have the opportunity to achieve and demonstrate the following employability skills: Intellectual and cognitive skills, professional attributes and attitudes, technical skills and business and organisational skills.

Oncampus Jobs provides an opportunity for Queens University students to develop their employability skills through gaining work experience by way of part-time jobs and one year placement experience on campus, throughout the year.

Explore The Range Of Study Tours Available At Your University

- **Brussels (Careers in Europe) Tour, early June 2014**

Would you like to spend 3-5 days in Brussels learning more about internships and graduate roles in EU Institutions and other employer opportunities?

This is a chance to experience high profile institutions such as the EU Parliament and Commission, and to find out more about careers in Europe.

Open to registered students of Queen's University studying Arts, Humanities and Social Sciences. Students should ideally have some language proficiency and be interested in internships and graduate roles at the heart of Europe.

To register your interest for the Brussels tour please email programmes@qub.ac.uk

And drop into the Information event on Wednesday 19 February 2014, 12 noon – 3.00pm in the Student Guidance Centre where Tour 2013 students will share their experience and outcomes.

- **London Law Study Tour 2014 dissemination event**

Students who participated in the January 2014 Law Tour will provide an event to share the experience of everything from lifestyle and recruitment practice of 12 global law firms based in London.

To ensure you don't miss this February/March 2014 event please email programmes@qub.ac.uk to be added to the mailing list.

- **London Finance Study Tour 2014**

Normally mid-September, but dates are to be confirmed

Spend five days in London visiting corporate graduate recruiters to provide a real insight into WORK practices, people and environments.

Open to registered students of Queen's University Management School (QUMS). However a small number of places are available to **non** QUMS students subject to further agreement.

To register your interest for the London Finance Study tour please email programmes@qub.ac.uk

Depaul Ireland

Jenny Groves
Volunteer Co-ordinator
DEPAUL IRELAND
Ravara House
1 Fitzwilliam Avenue
Belfast, BT7 2HJ

028 9064 7755 / 07872841093
volunteerni@depaulireland.org
www.depaulireland.org

Depaul Ireland is a charity supporting people who are homeless or at risk of homelessness, and those with poor physical health and mental health and addiction issues. Our services span: Community and Outreach; Vulnerable Families; Harm Reduction Accommodation Services; Criminal Justice and Mental Health Services. Our services work from low threshold principles, we support people who are often multiply excluded from other services. We manage four supported accommodation projects, a drop in centre for street drinkers, Floating Support Services and a Befriending Programme.

VOLUNTARY PLACEMENT OPPORTUNITIES

We place students from many local colleges including Queen's and overseas students via Erasmus + programmes. We currently have regular placements agreed with Queen's Medical Department and BMC Health and Social Care. Students from any discipline are welcome to apply if their placement would be mutually beneficial. This may include those from Arts, IT or Media/PR background. Flexible hours available.

Students can develop their working knowledge of the following:

- How Depaul provides holistic support to homeless or vulnerable individuals and families
- Low Threshold and Harm Reduction Practice (chaotic lifestyles and alcohol/substance misuse)
- Measuring Change with Outcomes Star™ / Support Plans
- Empathy/Active Listening Skills
- Dealing with Challenging Behaviour
- Health & Safety, Risk Assessment & Management

We are also seeking support for our Fundraising and Communications department based in our central office.

Discipline(s) **ANY**
Locations(s) Belfast, Dungannon, L'Derry, Newry/Mourne
Apply email for an application form, informal interview, AccessNI check (free)

VOLUNTARY WORK OPPORTUNITIES

Within the values of the work of Depaul NI lies a holistic approach to each individual with whom we work. We use the "Outcomes Star" system in key-working wherein both the staff member and the service user assess needs under headings such as Self Care & Living skills, Social Relationships or Drug & Alcohol misuse etc. Volunteers support this work.

Volunteer Roles can vary depending on the needs of the Service or the interests and skills of the volunteer: Creative Projects, Life Skills Support, Befriending, Activities/Social Support, Gardening, Health Support, Fitness, IT/Job skills, Music, Fundraising & Events etc. You may be able to offer something else so let us know!

Family Supported Accommodation Services: Cloverhill, West Belfast; Mater Dei, North Belfast

Low Threshold, Harm Reduction Supported Accommodation Service: Stella Maris, North Belfast

Low Threshold Supported Accommodation Service: Castlehill, Dungannon.

Drop in Centre for people with alcohol issues: Foyle Haven, John's St, Derry City

Floating Support & Befriending Services: for people who are at risk of homelessness or have moved on from above Services, focusing on tenancy issues and other specific needs. (All Services above incl Newry/ Mourne)

Discipline(s) **ANY**
Locations(s) Belfast, Dungannon, L'Derry, Newry/Mourne
Apply email for an application form, informal interview, AccessNI check (free)
Spring recruitment is open. Training to be held in March.

Dow Chemical Company

Dow Recruitment Team
DOW CHEMICAL COMPANY
Northern Ireland Science Park
Queen's Road
Belfast, BT3 9DT

FBLFDOW@dow.com
www.dow.com

Dow is a leading Global Chemical Company, with annual sales of \$60bn and employing 52,000 people in 36 countries. Dow combines the power of science and technology to passionately innovate what is essential to human progress.

PLACEMENT OPPORTUNITIES

Internships in Supply Chain Technology

We are creating a number of 9-month internships (flexible up to 12 months) in Belfast which provide the opportunity to gain valuable experience in designing distribution networks and implementing supply chain improvements. Training will be provided in the following areas:

- Introduction to Dow Chemical's supply chain concepts;
- Basic principles of supply chain management;
- Data mining and reporting tools;
- Modelling and simulation tools (LogicNet+, iThink);
- Roles in multiple projects.

Successful applicants will have the opportunity to work on projects which will have a real impact on the business and gain exposure to senior members of the organisation.

Discipline(s) **Candidates currently engaged in engineering, mathematical, science, computing or business studies will be best positioned to avail of these temporary internship opportunities.**

Location(s) Belfast

Apply Email cover letter explaining why you are a fit for the role with your CV to FBLFDOW@dow.com. Interviews will take place mid February 2014 so please forward CV by 9 February 2014

EBCDA

East Belfast Community Development Agency

Katy Gaston
Volunteer Development Coordinator
EBCDA
East Belfast Network Centre
55 Templemore Avenue
Belfast, BT5 4FP

028 9045 1512
katy@ebcda.org
www.ebcda.org

EBCDA is the 'umbrella organisation' supporting community development in East Belfast. It is representative of a broad range of interests and needs within communities and encompasses a variety of groups. The volunteer project helps these groups to recruit volunteers.

VOLUNTARY OPPORTUNITIES

*Does volunteering sound like something you want to try out but you're not sure where to start?
Do you want someone to help you through the process of finding the perfect opportunity for you?*

Why not make an appointment with EBCDA's Volunteer Development Coordinator?

You'll be guided through thinking about your skills, where best to use them and other areas where you might want a helpful steer in the right direction. You will also be kept informed of the latest training opportunities open to EBCDA volunteers.

Volunteering is a great way to develop existing skills and learn new ones, enhance your CV and career prospects as well as give your time to help others. There are a wide variety of volunteering opportunities in East Belfast.

Our membership is made up of community groups drawn from an area that contains almost 109,000 people. It is representative of a broad range of interests and needs within communities and encompasses a variety of groups, including local residents' associations, faith based organisations, sports clubs, older people's projects and women's groups.

Student Recruitment Team
EY
Harcourt Centre
Harcourt Street
Dublin 2, Ireland.

00353 1 4750 555
studentrecruitment@ie.ey.com
www.ey.com/IE/en/home

EY are a global leader in assurance, tax, transaction and advisory services. Worldwide, our 186,000 people are united by our shared values and an unwavering commitment to quality. We make a difference by helping our people, our clients and our wider communities achieve potential.

VACATION OPPORTUNITIES

At EY, we can offer you an exceptional experience during your summer; an opportunity to develop key business skills and take the first step in your career and go further, faster. You'll be part of an international business, working with a variety of organisations. Your ideas, information and expertise will help our clients improve the way they work.

It's a given that you'll collaborate with interesting people from all sorts of backgrounds. At the same time, we'll help you make the most of your individual abilities and talent to take yourself, our business and our clients from strength to strength. It's about working together, spotting opportunities and – sometimes – asking difficult questions. But most of all it's about using your personal strengths and embracing an entrepreneurial spirit to help determined organisations realise their ambitions.

Background to Assurance - Assurance professionals play a vital role in the economy by providing companies, investors and regulators with confidence about the validity of financial statements, business-critical information or processes. But our skills are not limited to audit or finance. We also help clients make informed decisions about environmental policies, governance and management systems and fraud investigation. **Background to Tax** - Companies today face ever-growing, increasingly complex tax and regulatory change. Helping them negotiate these difficult conditions requires intellectual rigour, a sound understanding of tax legislation and the ability to manage client relationships effectively. Expect to use your research and analytical know-how, apply yourself to stay on top of the law and acquire in-depth knowledge of clients' businesses. **Background to Advisory** - To succeed, organisations must tackle their most pressing issues and improve their performance year after year. Trusted business advisors play a key role in helping companies address these challenges. If you have strong relationship abilities, see issues from multiple perspectives and can identify opportunities hidden in complex information, Advisory Services could be a good fit for you. **Background to Transactions** - EY's Transaction Advisory Services team provides integrated, objective advisory services. We work with businesses to evaluate opportunities, make transactions more efficient and achieve strategic goals. Whatever the size, nature or location of a company - and deals - EY plays a critical role throughout the deal lifecycle.

What will you do on your Summer Internship?

A summer internship is a great opportunity to learn more about professional services - and about yourself. You'll pick up the core technical skills and business knowledge and learn how to put them into practice. And with support from your counselling manager and your team, you'll learn more about your own individual strengths, which you can use to help our clients and to get your career off to a great start. Working as a summer intern, you'll be performing a role similar to that of a new graduate. From day one, you'll be working on current client projects and will contribute to a variety of assignments across a range of sectors.

Summer Internships also provide an opportunity to potentially receive a graduate contract from EY and commence your journey to commencing a world-class career with a global organisation. Additionally all our summer interns are eligible to apply for a place at our International Intern Leadership Conference in Florida, with a week's all expenses paid trip to Disneyland Florida in July 2014.

Queen's Students' Union

028 9097 3106
www.qubsu.org

The Union is run by students, for students – Queen's students. Students decide what we do, when we do it and where. No matter who you are, where you're from, what School you're in, or what type of student you are, we're here to help and support you. We're also here to represent you and your views, run missions to change things - be it on your course, on your campus, in your Students' Union, in the University, in your community, or in the world.

You elected seven full-time Student Officers to do just that and they are ready and waiting to help and represent every single one of you.

ENTERPRISE SU OPPORTUNITIES

If you want to boost your CV, Enterprise SU has it covered. They can help you gain all the skills and experience you need to either land your dream job, placement or even start your own business. They have loads of enterprise and volunteering opportunities, which will fill you to the brim with business know-how and real world experience.

Our expert Advisers are ready and waiting to give you 1-1 advice, direction, and help whether you already have a business idea or are still thinking about it. Many of our students have started their own business on their placement year and our team is here to support you with this option.

VOLUNTEER SU OPPORTUNITIES

We're on a mission at the Students' Union to be THE NUMBER ONE Union in the UK and Ireland and we want you to be a part of it. We have lots of fabulous staff already but we are always on the lookout for more awesome students to join the team.

Keep an eye of our new website www.qubsu.org for upcoming vacancies.

There are over 3,000 voluntary opportunities up for grabs in community groups, charities, and voluntary organisations in areas ranging from animal welfare to human rights and education to fundraising in sectors such as health, IT, or the Arts. There's bound to be something to interest you and what better way to develop your skills, enhance your employability and boost your confidence than doing a good deed (or two!)

We have lots of workshops for you too, such as:

How to volunteer internationally, for all you jet setters out there
How to find funding, if you are a saint wanting to start up your own community project
As a thank you (because every good deed deserves another), there are also a few ways that your volunteering efforts can receive recognition:

If you have any questions Lucia, your Volunteer & Development Expert, is happy to help!

Raleigh International

Marketing & Recruitment Team
RALEIGH INTERNATIONAL
Third Floor, Prince Consort House
27-29 Albert Embankment
London, SE1 7TJ

0207 183 1286
info@raleighinternational.org
www.raleighinternational.org

Raleigh International is a sustainable development charity. We challenge and inspire young volunteers from around the world to work with communities living in poverty. Our programmes focus on providing access to safe water and sanitation and protecting vulnerable environments.

VOLUNTARY OPPORTUNITIES

We are recruiting volunteers for two programmes, Raleigh Expeditions and Raleigh ICS.

Raleigh Expeditions are 5, 7 or 10 week overseas placements; involving environmental, community and adventure aspects. Volunteers are aged 17-24 and there are also positions available for Volunteer Managers (aged 25+). We run programmes in Costa Rica & Nicaragua, Tanzania and Borneo. Our volunteers come from a wide range of countries and backgrounds, and expeditions give you a different perspective on a country, an opportunity to take part in meaningful projects and a chance to learn about sustainable development.

Raleigh ICS (International Citizen Service) is a UK government funded development programme that brings together young people to fight poverty in communities around the world. It's a great opportunity to make a difference whilst gaining transferable skills and experience. Raleigh ICS involves a 10 week overseas placement in India, Nicaragua or Tanzania; followed by a project based in your own community. It's funded by the Department for International Development and is open to UK & EEA citizens who have lived in the UK for a year or more.

05511431212
Colm.Quinn@santander.co.uk

Santander Universities Global Division was born in 1997 with the aim to support higher education as a means to contribute to the development and prosperity of society. Today, over 1,020 universities in many countries across the world are members of the Santander Universities network

INTERNSHIP and WORK PLACEMENT OPPORTUNITIES

Santander SME Internships

Queen's is delighted to announce that Santander is offering an increased number of Internship opportunities with small and medium sized enterprises for Queen's students. These internships will be for 3 months duration and offer an excellent opportunity for current students to gain valuable experience.

The internships may be undertaken over a summer vacation period or on a part time basis throughout the academic year.

Programme aims to provide first and second year students with work experience and any undergraduate student may apply from any discipline

To register interest please email the Placement Learning Team at: plt@qub.ac.uk

Santander Work Placement Scheme

The Work Placement Scheme within Santander is aimed at all students who either have an interest in banking or have a desire to develop their skills in preparation for employment once graduated.

The successful candidate(s) will be expected to work for 32 hours per week over a two week period. A specific timetable is laid out for the placement. Activities will include Product Knowledge Learning, shadowing the Branch Manager on Risk and Control checks, reviewing people policies, observing customer interviews in branch and directly communicating with potential customers in the branch.

Catherine Lawless, Administrator
VOLUNTARY SERVICE INTERNATIONAL
30 Mountjoy Square
Dublin 1

00 353 1 855 1011
info@vsi.ie
www.vsi.ie

Voluntary Service International (VSI) is the Irish branch of Service Civil International, a worldwide peace movement that began in 1920. We work to promote peace, social justice, sustainable development and intercultural understanding through volunteering abroad and in Ireland.

VOLUNTARY OPPORTUNITIES

International Volunteer Projects:

700 short term (2-4 weeks) volunteer projects with volunteers from all over the world joining in. They take place in 60 countries worldwide – Europe, Asia, Africa, Latin America, North America, Middle East, Australia. International Volunteer Projects are a unique form of volunteering, bringing together people from different countries, cultures and backgrounds to live and work together on short-term projects with local communities. The projects are designed to assist and encourage local initiatives that will be continued when the volunteer project is completed. The projects help these groups in their long-term work for a more just and peaceful society. The projects aim to break down barriers between people and to develop international understanding. A wide variety of projects are undertaken – environmental, social, community, arts and culture, peace etc.

Medium/Long term volunteering:

3 months + individual volunteer placements in community and social projects in Europe and North America and other parts of the world.
