

Participating in a Virtual Career Fair

The step-by-step guide

How to get started

Accessing the event

1

You need a Recruiter account. This is easily created - if you already have one, just log in. You can invite your colleagues at a later point.

2

Next, you need to find and register for the event. Events are located in the event tab of your Recruiter page.

3

Once you have registered you should start setting up your stall. You'll find detailed instructions further in this document.

4

You may add the career opportunities that you want to bring with you to the fair. This is done easily as part of the stall setup interface.

5

Once you are happy with your stall, you can set your stall online - then students can access your content and start their preparation.

Set up your stall

Some tips before you get started...

ADD A PHOTO TO YOUR PROFILE

If you add a picture to your profile, you are more likely to get more chats because candidates can see the people sitting on the other side.

POST YOUR JOBS IN TIME

Always include relevant jobs and put them online at least 10 days before the event. This will give you more job views and applications.

PREVIEW YOUR STALL

Use the preview function to preview your stall so that everything looks great and be sure to include all relevant jobs.

PUT YOUR STALL ONLINE

Your stall will be visible to candidates 10 days before the event. The sooner you put your stall online with your jobs, the more applications.

UPDATE YOUR FAQs

Always have FAQs added to your stall and remember that you can always update them during the event as well.

How to Chat & Interact

Virtual Career Fair

Chat and Interact

Some tips before you get started...

BE PROACTIVE AND REACH OUT

Any time that you are not spending on answering questions should be used to reach out to new potential candidates.

SHARE THE RIGHT JOB LINK

When chatting, be sure to share links to job ads on our portal as opposed to your own career site. You will avoid confusion and receive a more accurate data report after the event.

SHARE AND PROMOTE THE VCF

The more you alert your fans and followers on social media that you are participating, the more candidates you will have to chat with at the actual event.

DECIDE WHO'S WORKING THE EVENT

We usually recommend 3-5 team members to make the most out of the event. If you're in doubt, reach out to your account manager for a recommendation.

ORGANISE YOUR TEAM MEMBERS

Decide who's in charge of your different topics. One person should have the full overview of the chats and appoint the suitable team member to the incoming chats.
