

INTERNSHIPS – DEVELOPMENT WEEKS 2018

QUEEN'S
UNIVERSITY
BELFAST

Development Weeks Engineering & Science Internship

Job Description

We are delighted to be offering up to 5 internships across our manufacturing and R&D functions as part of Queen's Development Weeks. We are looking for students with great enthusiasm and initiative. You will get to experience how a manufacturing floor operates, and how targets/objectives are met. You will get to do some problem solving of your own and get an insight into what employers from this sector will be looking for from young, talented engineering/science applicants.

There are 5 internships available across our manufacturing and R&D functions as part of the Queen's Development Weeks. The internships will take place during the Development Weeks period of 14th May to 1st June

Candidate Criteria

- Must be available for one week over the Development Weeks period 14th May to 1st June.
- Must be currently studying a Science or Engineering degree
- Enthusiasm and interest for the functional area applied for
- Analytical, reliable and dependable
- Ability to work as part of a team
- Inspired and curious
