

## Online Resources: Assessment Period 2019-20

The Learning Development Service has compiled a number of resources to support students working from home. These resources are intended to encourage students to explore learning approaches that may be useful in the current context of remote study. Areas of focus include time management, preparing for exams, including open-book assessments, and drafting coursework.

Please take some time to browse the list of resources below, all of which are easily accessed via our website. Should you require further guidance on self-directed study, or any other aspect of your learning, there is also the option of booking an online one-to-one appointment with a member of our team. Appointments can be accessed by following the link on our homepage [www.qub.ac.uk/lds](http://www.qub.ac.uk/lds).

In the meantime, if you have any questions, queries or requests relating to academic skills support, please feel free to get in touch with us at [lds@qub.ac.uk](mailto:lds@qub.ac.uk).

The Learning Development Service Team.
