WHY POSTGRADUATE STUDY AT QUEEN’S?

WELCOME FROM PROFESSOR MARGARET TOPPING

The Graduate School is the gateway to your postgraduate experience. It’s not just about what comes next. It’s about something much more dynamic and challenging.

Being a postgraduate student at Queen’s is about going beyond – beyond current conceptions and categories, redefining and rethinking assumptions, being flexible and adaptive.

It’s what we call ‘What’s Next’ thinking. We train our postgraduates to become Thinkers, Communicators, Innovators and Leaders who are future-ready.

Key to this is disciplinary excellence, and transdisciplinary collaboration. A partnership involving academic Schools, Global Research Institutes and The Graduate School will enable you to stand out as a ‘What’s Next’ thinker. You’ll have the support of internationally-recognised leaders in your field of study. Meanwhile, The Graduate School is a world-class intellectual and social hub, connecting students from all disciplines to each other and to mentors and employers within the University and beyond.

The Graduate School is about intellectual challenge beyond borders. It’s about developing new skills and increased personal effectiveness. It’s about opportunity, innovation and enterprise, and a rich, diverse and inclusive social community.

The Queen’s postgraduate experience is about the whole person; helping you to achieve personal and academic goals that will enable you to stand out in the crowded and increasingly competitive local and global job market.

WELCOME FROM PROFESSOR MARGARET TOPPING

THE GRADUATE SCHOOL

THE GATEWAY TO YOUR POSTGRADUATE EXPERIENCE AT QUEEN’S

YOUR GRADUATE SCHOOL: A STATE-OF-THE-ART HUB

We are located in the beautifully restored and remodelled Victorian Lynn library, where distinguished heritage meets 21st-century vision. This fully accessible space has modern, hi-tech meeting and group study rooms, a silent study area and social spaces. It is a vibrant hub, inspiring intellectual exchange and collaboration.

MAKE VALUABLE CONNECTIONS

We have strong links and collaborations with leaders in business, government and the voluntary sector, both locally and globally. This means you’ll benefit from mentoring relationships and networks, and from our international partnerships with other graduate schools.

POSTGRADUATE CAREERS EVENTS

Develop readiness for the future and manage your own careers, whether in academia or beyond. As well as central career and employer events, we offer career development programmes to support you as you embark on your next steps.

GRADUATE PLUS AWARD (POSTGRADUATE TAUGHT)

Queen’s Graduate Plus award is a vehicle for accrediting work-related learning and skills that current postgraduate taught students develop through extra-curricular activities, including the range of skills development workshops offered by The Graduate School. The Graduate Plus is a specific award for Master’s students and is recognised by a range of employers.

RESEARCHER PLUS AWARD (POSTGRADUATE RESEARCH)

As well as developing research expertise in your subject discipline, postgraduate research students have opportunities to develop a range of skills transferable beyond research degrees to both academic and non-academic careers. Researcher Plus provides official recognition of skills and assists researchers in demonstrating them to employers.

ACCESSIBILITY TO WORK-BASED LEARNING PROJECTS

Access real-life, work-based projects by supporting collaborations with external organisations, providing opportunities for some Master’s students to undertake a work-based project in place of a more traditional Master’s dissertation.

INDUSTRY INSIGHTS

Gain insights in a range of industries through onsite visits, hearing from employees directly and getting a chance to ‘prototype’ their chosen career pathway.

RESEARCH WITH GLOBAL IMPACT

We’re answering the big questions and we’re doing it here in Belfast.

OUR LEADING POSTGRADUATE AND POSTDOCTORAL COMMUNITY

We are committed to an environment where ideas and innovation flourish, where students and researchers develop their talents and fulfill their ambitions. Flagship programmes and researchers across disciplines address the biggest global challenges of our time. How do we tackle cancer? How do we help societies recovering from conflict? How to stay secure in the information explosion?

DRIVING CLEAN TECHNOLOGY

Queen’s and the Northern Ireland company Wrightbus, which supplies London’s new Routemaster bus, are leading the way developing advanced hybrid engines. This is one of our most enduring research collaborations with industry – the William Wright Technology Centre at Queen’s, promoting research and advanced engineering for today’s bus industry.

A NEW STREAM OF TALENT

Seagate Technology, one of the world’s largest manufacturers of hard disk drives, collaborated with Queen’s to set up ANSIN, a new research centre at the School of Mathematics and Physics. It has become a source of highly-educated and employable PhD students in Science and Technology. It has also led to the establishment of an Erasmus Centre for Doctoral Training, supported by Seagate and other industry partners.

GROUNDBREAKING GREEN CHEMISTRY

Our partnership with the Malaysian oil and gas giant PETRONAS has led to the development of ionic liquids – green chemistry – hailed as the most important British innovation of the 21st century. The technology developed by Queen’s University Ionic Liquid Laboratories (QUILL) and PETRONAS is being used to produce mercury-free natural gas at plants in Malaysia.

DUBAI HEALTHCARE PARTNERS

Queen’s is partnered with Dubai Healthcare City, the world’s largest healthcare free-trade zone, to develop the Mohammed Bin Rashid University of Medicine and Health Sciences and its College of Medicine. It is a long-term partnership and collaboration to address the healthcare education, training and research needs of Dubai and other regional communities.

FROM RESEARCH TO ENTERPRISE

Every day, our talented researchers work on new ideas and new concepts, making exciting discoveries to advance our global society. QUBIS, our venture spin-out arm, translates this into impact. QUBIS companies have an annual turnover of £215m and sustain 1,800 high-value jobs in Northern Ireland. These companies include Andor Technology, developer of scientific cameras, and Kainos, the digital technology company. Both are now highly successful global enterprises.

AFTER RESEARCH

Our research reputation is attracting major international investment.

For example, California-based CV6 Therapeutics has chosen to partner with our Centre for Cancer Research and Cell Biology, with an initial investment of £5.5m, on the development of a new drug with the potential to make chemotherapy more effective.

Queen’s University is in the top 200 global universities*, ranked 8th in the UK for research intensity and 9th in the world for international research collaboration.

We have established global networks, working with more than 250 institutions and partners.

Our research reputation is attracting major international investment.

GLOBAL RESEARCH INSTITUTES

Working to ensure a healthy global population that's digitally secure, socially enriched and disease-free.

The Institute for Global Food Security
Queen’s University was rated No.1 for Agriculture, Food and Veterinary Sciences (REF 2014), based on research intensity. We are leading the world in addressing one of the greatest global challenges – how to ensure the integrity and sustainability of our food systems. Led by Professor Nigel Scollan, a world expert in animal agriculture and associated supply chains, the Institute’s work is conducted around three main themes – the development of future farming systems, food safety and authenticity and traceability, and human nutrition. Currently it is leading one of the world’s largest food safety projects, a Europe-China partnership to tackle food fraud, through an award of €10m euro by the EU Horizon 2020 programme. The project will involve key research organisations and major companies, universities, governments and is being coordinated by Professor Chris Elliott who led the independent review of the UK’s food system, following the horsemeat scandal in 2013. The Institute has gained a worldwide reputation for research in several areas of food safety, including uncovering high levels of toxic arsenic in rice, the staple diet of half the world’s population. Through the European Institute of Innovation and Technology, a Knowledge and Innovation Community on Food has been formed, involving 50 major companies, universities and scientific partners. From 2019, the Institute will have a new home. It will be a core component of the University’s new £39m School of Biological Sciences building, which will offer the most modern teaching and research facilities for 750 students and 170 staff. go.qub.ac.uk/qri-iisf

Questions about peace, security and justice dominate the discourse of governments, international agencies and civil society. As it emerges from conflict, Northern Ireland can help to answer these questions through the work of the Mitchell Institute. Senator George J. Mitchell was a major influence in bringing peace to Northern Ireland (and was a Queen’s Chancellor). The Institute’s role is to respond to the unprecedented challenge of building a peaceful, secure and inclusive world.

It brings together the University’s unparalleled expertise, linking peace-making with social transformation and pointing out the need for governance reform of state institutions alongside cultural and social processes for healing in society. There is an emphasis on multidisciplinarity and interdisciplinarity, with international researchers from fields as diverse as Politics, History, Mental Health, Management and Planning working together. This collaborative research also includes a shared grant with the Centre for Secure Information Technologies (CSIT) looking at cyber security and issues of trust, privacy and ethics.

The Institute’s key research themes include:
- How do peace processes become a part of everyday life?
- How to embed international human rights norms into local cultures?
- How do we secure ‘just’ and ethical responses to a range of security risks?
- How do values and beliefs in different cultures shape approaches to peace-building?

An £800,000 award from the Arts and Humanities Research Council is examining the role of sound, narrative, music-making and digital media in conflict transformation.

The Institute has three pillars:
- The Centre for Secure Information Technologies (CSIT) – the UK’s Innovation and Knowledge Centre for cyber security, responsible for delivering some of the nation’s flagship cyber security innovation programmes such as HuZero, Cyber 1010 and London Office of Rapid Cybersecurity Advancement (LORCA)
- The Centre for Wireless Innovation – Developing underpinning technologies for mobile, medical and space
- The Centre for Data Sciences and Scalable Computing

ECIT’s continued success:
- The award of a Queen’s Anniversary Prize to CSIT for its work in protecting the online activity of billions of internet users
- The granting of a Regius Professorship to Queen’s
- A Knighthood to Professor John McCanny, ECIT’s head and founder

At CSIT, multinational partners include Allstate, BAE Systems, Direct Line, Equiniti, Infosys, and Thales. It is the UK’s largest academic research and innovation centre in cyber security and one of the largest in Europe. It has been an ‘Academic Centre of Excellence in Cyber Security Research’ status, since 2012.

Going forward, new challenges arise: how to process, transmit and secure large volumes of information and how to accelerate the global adoption of technical innovations for greatest economic impact.

ECIT is answering these questions by developing next generation technologies.
“Studying at Queen’s has been one of my best experiences. I particularly found the programmes offered by The Graduate School for holistic education amazing. I’m glad to have had the opportunity to study at a Russell Group University in a city that is not only friendly but has one of the lowest costs of living in the UK.”

Nana Berfi
MSc Pharmaceutical Analysis from Ghana

“I was attracted to the UK because of world-class universities and first-class teaching. I chose Queen’s University Belfast for my Master’s degree, as it has an international reputation for research excellence but because it is also part of the prestigious Russell Group, ranked in the top 200 global universities.”

Atasi Jain
MSc Data Analytics from India

“Belfast is big enough to be a city and has everything - culture and history, but also small enough that you can walk anywhere. This is a welcoming city, and the people really do make it.”

Ciara McHugh
MA International Relations from USA

Local people are hospitable and warm-hearted. It’s always easy to find someone for help either in the life or in study.”

Jiaxin Zhang
PhD Physics from China

“I chose to study at Queen’s University Belfast because of its ranking as the No. 1 School of Pharmacy in the UK (Times Good University Guide 2019), and its status as a Top 200 World University. Queen’s is a member of the prestigious Russell Group - the UK’s equivalent to the ‘Ivy League’ – and is based in Belfast; which is a bonus for students as it is the most affordable student city in the UK.”

Delly Ramadon
PhD Pharmacy from Indonesia

“Queen’s offers students world-class facilities and many global experiences. You feel like you are at home when you are studying at Queen’s.”

Ahmed Ibrahim Osman
PhD Chemistry from Egypt

“Queen’s University Belfast offers an excellent programme of study and a fantastic variety of facilities. Belfast is the best city to live in and the people are so welcoming and friendly.”

Ahmed Ibrahim Osman
PhD Chemistry from Egypt
A place that has produced poets, scientists, historians, musicians, engineers, writers, leaders of society... We’re building on a rich heritage of culture and creativity, supporting new generations of thinkers and innovators who will make their mark in the world. People like you.

This is a place of rugged, natural beauty, where every day there’s something new to discover. Breathtaking landscapes, lakes and forests. A dramatic coastline. Exciting cities. And the friends you haven’t met yet.
A GLOBAL DESTINATION
The world is catching on to the secret that locals have always known: Northern Ireland is one of the most beautiful places on the planet. Just ask the experts at Lonely Planet (Belfast and the Causeway Coast No.1 region in the world to visit in 2018). From golden beaches to lush forests, as a postgraduate student in Belfast, the region’s most breathtaking landscapes are right on your doorstep.

OUTDOOR ADVENTURE
You’re never more than a short distance away from a beach, a hillside, a river, or a landmark to our history.
Take an exciting road trip along the twisting, turning North Coast. See the Giant’s Causeway, a UNESCO World Heritage Site, plunge into the Atlantic surf near Royal Portrush Golf Club where The Open will be played in 2019, or steel your nerves to cross the famous Carrick-a-Rede rope bridge. And all in one day.

SWEEPING TO THE SEA
Our tallest peak, Slieve Donard, dominates the Mourne Mountains, an Area of Outstanding Natural Beauty, and the inspiration for C.S. Lewis’ magical world of Narnia. Soak up the rich culture, heritage and mythology of the region, and enjoy sweeping views down to the sea as you scale the fantastical soaring mountains in search of Aslan.

GAME OF THRONES
The most popular TV series in the world is filmed throughout Northern Ireland and at the Titanic studios in Belfast. Tour the real locations – both spectacular and mysterious, such as the Dark Hedges – that have helped to create the legend and have fuelled the growth of our local film industry.

GATEWAY TO EUROPE
Uniquely and perfectly positioned within easy reach of the Republic of Ireland, the rest of the UK and mainland Europe, this is the perfect UK student destination for exploration and adventure. It’s a short hop from Belfast to other UK major cities, less than a couple of hours to Paris, while Dublin is just 100 miles down the road.
You’re going to like it here. So make yourself at home. Belfast is a modern capital city, welcoming, easy to get around and an inexpensive place in which to live and study. It is also a learning city. It has a passion for progress – a passion shared by Queen’s University.

As Belfast flourishes as a global food, culture, arts and shopping destination, Queen’s is on the pulse of the city’s social and economic heart, sharing a commitment to excellence, innovation and prosperity.

Belfast:
Friendly
Affordable
Ambitious

Northern Ireland is the happiest place in the UK
(Office for National Statistics, 2016)
INNOVATION AT ITS HEART

Belfast’s young, dynamic population translates into a thriving business community with a determination to succeed. This is a place where innovators and entrepreneurs can find the support network and urban workspaces they need to nurture success. A city with innovation at its heart, technological advances infiltrate every sector, helping to build our competitiveness on the global stage.

HOME TO THE WORLD’S BIGGEST COMPANIES

The prevalence of venture capitalists, business angels and private investors mean that young, high potential companies are booming in the city. In fact, Northern Ireland has the highest proportion of start-ups reaching £1m in revenue within three years (Enterprise Research Council, 2016).

There are almost 900 international companies located in Northern Ireland, making Belfast the second most successful city in the UK (after London) for attracting US trade. Belfast is also one of Europe’s top 10 small cities for Foreign Direct Investment strategy (Financial Times, FDI European Cities of the Future, 2018).

The Titanic Quarter has become an economic and technological powerhouse, hosting global companies such as Citi, Microsoft, IBM and HBO. Catalyst Inc, formerly the NI Science Park, houses 200 companies which are spearheading tech innovation. It is also the home of Queen’s globally-renowned Centre for Secure Information Technologies which has helped to create 1,100 new jobs in cyber security in Belfast over the past three years.

Belfast is a compact city, best explored by foot or by bicycle. The city’s popular Belfast Bikes scheme has cycle racks located all over the city. There are good bus and train services, with student travel discounts widely available.

A CITY OF CULTURE

Beautiful architecture, art galleries and museums, such as the Ulster and Titanic Museums, shape the city’s unique character. There’s a thriving music and arts scene in a modern cultural landscape of cool gig venues, pop-up theatres and urban festivals.

Queen’s University is at the heart of a city of artists, poets, writers and musicians celebrated in the Cathedral Quarter, with its busy restaurants, pubs and arts venues, such as The MAC and the Black Box. The energy of the city is tangible in the legendary nightclubs, artisan cafés, cloth-cap bars and cobbled streets, where street art, street food and street markets deliver a colourful punch at every turn.

Northern Ireland has the lowest student cost of living in the UK. In fact, it’s over £3,000 per year cheaper for students to live in Northern Ireland compared to London (Which? University, 2018). At an average of £90 per week, Belfast was found to have the cheapest weekly rent compared to anywhere else in the UK in 2018 (Marbles.com).

The average student’s cinema ticket costs £4.95 and just £4 in Queen’s Film Theatre – less than half the price of London.
CONTEMPORARY APARTMENTS TAILORED TO POSTGRADUATE AND INTERNATIONAL STUDENTS

Our purpose-built postgraduate accommodation, Willow Walk, offers a mix of studio, one, two, three, and four-bedroom apartments, each with a modern contemporary design. Apartments are light and spacious, and each study bedroom has a double bed and shared bathroom facilities.

OPTIONS TO SUIT ALL BUDGETS AND LIFESTYLES

By choosing Queen’s Accommodation, students benefit from the advantages of the University managing and supporting their living needs. This includes a residential life programme with over 350 annual events, pastoral care, 24/7 safety and security, as well as regular maintenance.

ROOM TYPES AND COSTS

Mount Charles has a number of room options including twin, standard, premium standard, en suite and premium en suite for you to choose from. As a guide, our accommodation prices in 2017/18 range from £75 per week if sharing a twin room and up to £175 for an exclusive one-bedroom apartment in Willow Walk. This makes us one of the cheapest places to rent in Belfast. For your convenience we also have a variety of payment plans to help you decide which best suits your situation.

ADDED EXTRAS INCLUDED IN YOUR RENT

Our all-inclusive residential fees include rent, all utility bills (electricity, heating and hot water), contents insurance, maintenance repairs, TV licence for communal areas, weekly clean of communal areas and high-speed Wi-Fi throughout all accommodation.

Our Residential Life Coordinators also offer support, help and guidance on settling into student life in Belfast. And now you can also benefit from free off-peak membership of Queen’s Sport.

Applications for admission to the majority of postgraduate programmes are submitted online via the Postgraduate Applications Portal (go.qub.ac.uk/pgapply). The online system allows applicants to apply for funding where appropriate.

The following programmes have separate application procedures, so please refer to the appropriate School/Institute website for details:

- Postgraduate Diploma in Professional Legal Studies (qub.ac.uk/lps)
- Doctorate in Educational, Child and Adolescent Psychology (School of Psychology: qub.ac.uk/pgpsych)

A step-by-step guide on the application process to study with INTO Queen’s is simple, here’s how it works...

### 1. Fill in your online application form with your chosen course and university.

### 2. You’ll receive a confirmation email to let you know that we’ve received your application.

### 3. You’ll receive a reply from one of our enrolment services team within two working days.

### 4. You’ll be asked to provide the following supporting documents:

- a copy of your passport
- a copy of your latest academic transcript (or mid-term report if you are still studying)
- an English language certificate, e.g. IELTS

### 5. You’ll receive an offer letter, with information on tuition fees and accommodation deposit.

### 6. Once you have paid your fees, we’ll send you the documents you need to apply for your visa.

### 7. Apply for a visa. If you have any questions about your visa, please get in touch - our support team are happy to help!
APPLYING TO QUEEN’S

ENGLISH LANGUAGE REQUIREMENTS
If your first language is not English, evidence of an acceptable level of proficiency will be required. In addition, applicants who are non-EEA nationals must satisfy the UK Visas and Immigration (UKVI) immigration requirements for English language for visa purposes. This evidence should be in the form of a Secure English Language Test (SELT), normally the IELTS Academic for UKVI purposes test, or another English language qualification acceptable to the University which examines all four elements of language learning – Listening, Reading, Writing and Speaking. Within this Prospectus, the English language requirement for entry to each postgraduate taught and research programme is expressed in terms of IELTS Academic test scores. The IELTS Academic scores listed are the minimum overall score requirements. For each individual test component, the minimum score required is normally 5.5, however for some programmes the component scores necessary may be higher. Please refer to the University’s online Course Finder for individual programme requirements at go.qub.ac.uk/courses.

For details of other English language qualifications which may be accepted by the University please visit go.qub.ac.uk/EnglishLanguageReqs.

VISA AND IMMIGRATION
Visa and Immigration requirements can sometimes seem intimidating; Queen’s provides a high level of support and advice on UK student visas directly for you. Working within Office of the Immigration Services Commissioner’s code of standards (OISC), the International Student Support office is here to help you make a smooth transition from your home country to life in Belfast. For information on how visa requirements are calculated, as well as Points Based System (PBS) and your Confirmation of Acceptance for Studies (CAS) number, please see: go.qub.ac.uk/intvisa

Further information is also available at: go.qub.ac.uk/visas-immigration

APPLICANTS WITH A DISABILITY OR LONG-TERM CONDITION
If you have declared a disability or long-term condition at the time of application and you receive an offer, you will be directed to a questionnaire, which you should complete and return to the Disability Services unit. The information you provide will be treated as sensitive and kept strictly confidential. It will only be used to plan for your individual support requirements, ensuring that your transition to Queen’s is as smooth as possible (see also page 9).

If you need any advice about disclosing a disability, or the arrangements which we can make, please contact: Disability Services T: +44 (0)28 9097 5250 E: disability.office@qub.ac.uk

APPLICANTS WITH A CRIMINAL RECORD
It is the policy of the University to consider applications for admission on their individual merit in the light of all available information. The primary selection criteria are those relative to the qualifications, skills, abilities and personal qualities of an applicant. The University will investigate the criminal record of a new applicant only if the primary selection criteria for the programme have been met. The University acknowledges the key role of education in the rehabilitative process and a criminal record will not debar an applicant unless the nature and seriousness of the offence in question are incompatible with:

• the study programme applied for
• the ultimate professional or vocational goal
• participation in an academic and social setting and the University’s responsibility to ensure a safe and neutral environment

Regulations concerning admission of applicants who have a criminal record are available at go.qub.ac.uk/PGAdmissionsPolicy

ADMISSIONS APPEALS AND COMPLAINTS PROCEDURE
If you consider that your application has not been dealt with fairly, you should contact the Admissions and Access Service in the first instance.

REGISTRATION
If you are accepted for a programme of study, you must provide original documentary proof of your academic qualifications (and English language qualifications and/or certified English translations where appropriate). You will also need to bring photographic identification (Current UK/ EU passport, EU National Identity Card or Driving License issued in the UK or Ireland) with you to registration. International students will be required to provide passport and visa information. Details of arrangements for enrolment and registration will be provided in your Welcome Guide.

Find out more go.qub.ac.uk/PGapply
The payment of deposits for one year postgraduate taught courses is mandatory for international students. Details will be communicated by the Admissions and Access Service.

If the student’s visa application is successful, but the student chooses not to accept his/her place at the University, the deposit will not be refunded.

The standard tuition fees for international postgraduate students, commencing a course in 2019-20, are as follows:

FUNDING FOR POSTGRADUATE STUDY

Applicants are advised to explore fully the funding opportunities for studying in the UK, for example, international students may find funding is available from sources within their own countries. Some closing dates can be a year before commencing studies, so please ensure to apply in good time. Possible sources of funding are available at go.qub.ac.uk/intlschol

The funding set out in this section includes funding available from the University and from some external sources. Information provided in this section is intended to highlight some sources of funding: it is not a comprehensive list of funding sources.

Applying for funding which is available from the University is part of an integrated, online, postgraduate admissions process. An offer of a place at Queen’s does not constitute an offer of financial support.

For 2019 entry, Faculties and Schools in the University will be setting their own deadlines for postgraduate applications for admissions, studentships and scholarships. Applicants who wish to apply for postgraduate funding available from the University for 2019 entry should refer to the relevant Faculty and School websites for information. Details may be found at qub.ac.uk/schools

The majority of funding available is for full-time postgraduate research.

Applicants from Mexico can apply for the CONACyT award. www.conacyt.gob.mx

For more information, please contact the International Office on +44 (0)28 9097 5088 or email international@qub.ac.uk

Applicants from Mexico can apply for the CONACyT award. www.conacyt.gob.mx

For more information, please contact the International Office on +44 (0)28 9097 5088 or email international@qub.ac.uk

Applicants from developing/ Commonwealth countries

Commonwealth Shared Scholarship Scheme for Postgraduate Taught Study
At Queen’s, subject to availability of funding from the Commonwealth Scholarship Commission, there will be up to four scholarships allocated for eligible taught postgraduate students on one of the eligible one-year courses. For further details see qub.ac.uk/graduate-school/funding-scholarships/international-prospective-taught and http://cscuk.dfid.gov.uk/apply/shared-scholarships/

The scholarship covers the student’s tuition fees, a maintenance grant and travel costs. Additional allowances for spouses or other dependants are not usually available. Only students from developing Commonwealth countries are eligible to apply.

Commonwealth Scholarship Commission cscuk.dfid.gov.uk

Applicants from the USA

The majority of funding available is for full-time postgraduate research.

US Federal Loans

Many US students opt to finance their studies at Queen’s through US Federal Loans. Queen’s is approved by the US Department of Education for participation in the Title IV Federal Loans programme. US Federal Loans are generally available to eligible students who will be undertaking Bachelor’s, Master’s or PhD programmes at Queen’s, except for medical and nursing programmes.

Graduate students, or dependent undergraduate students and their parents, can normally borrow up to the full cost of attendance of their programme (including tuition, subsistence and airfare). YOUR POSTGRADUATE TAUGHT JOURNEY TO QUEEN’S

CONSIDER THE COSTS
Our tuition fees are listed from page 39.
For information on postgraduate funding opportunities, visit The Graduate School webpage (go.qub.ac.uk/graduate-school) or the School webpage for which you wish to study (go.qub.ac.uk/school).
You may be asked to pay a tuition fee deposit.

CHECK ENTRY REQUIREMENTS AND DATES
Check that you meet, or expect to meet the academic and, if applicable, English language entry requirements for your course.
Check if a closing date is applicable. Although most of our Postgraduate Taught courses don’t have closing dates, there are some exceptions. (See Page 34).

APPLY
Apply using our online Postgraduate Applications Portal (go.qub.ac.uk/pgapply) and follow the step-by-step instructions.

GET YOUR DECISION
When we’ve made a decision, we’ll send you an email which will advise you to log on to the Postgraduate Applications Portal to view the decision. You will also receive a letter by post.

FIND YOUR COURSE
When you’ve spotted something you like in this guide, visit our online Course Finder (go.qub.ac.uk/courses) for full details.

CONFIRMATION OF ACCEPTANCE FOR STUDY (CAS)
Receive your unconditional offer letter and confirm through the Direct Application Portal you intend to take up your place.
POSTGRADUATE TAUGHT

TAUGHT MASTER’S DEGREES

Master’s degrees are designed to enable students to focus on a particular subject area or field of study in greater depth than they have encountered before in undergraduate study or employment experience. Students on our taught Master’s programmes usually undertake a combination of taught modules, assessment and supervised independent research. Master’s programmes usually involve two semesters of classes and assessed work followed by four or five months of research culminating in a dissertation or project.

Students undertaking a Master’s degree have the opportunity to undergo a programme of training and development which aims to develop their leadership skills. Through the programme, students are able to undertake a 360-degree assessment of their skills and to participate in a range of training sessions and developmental activities, relevant to their needs.

Taught Master’s degrees at Queen’s include:

- Master of Arts (MA)
- Master of Architecture (MArch)
- Master of Business Administration (MBA)
- Master of Education (MEd)
- Master of Law (LLM)
- Master’s in Law (MLaw)
- Master of Public Health (MPH)
- Master of Research (MRes)
- Master of Science (MSc)
- Master of Theology (MTh)

For admission to a Master’s degree, a Second Class Honours degree from a UK or Republic of Ireland Higher Education Provider or an equivalent qualification acceptable to the University is normally required. Entrance requirements vary by programme and you should consult the individual programme entries in this guide or the online Course Finder.

POSTGRADUATE DIPLOMAS AND CERTIFICATES

Postgraduate Diploma courses usually last for nine months, with Postgraduate Certificate courses normally lasting four months. Where offered as a standalone qualification, they are typically structured in the same way as Master’s degrees, without the research dissertation or project, and usually cover some of the same modules as the related Master’s degree.

The Postgraduate Certificate in Education (PGCE) is a vocational course which lasts for nine months and includes teaching placements.

The University offers postgraduate study for diplomas and certificates in a wide range of subjects. It may be possible for you to transfer registration from a Postgraduate Diploma to a Master’s degree after completion of assessment.

All postgraduate taught students have the opportunity to undertake training in academic skills such as dissertation writing and referencing.

CONTINUING PROFESSIONAL DEVELOPMENT (CPD)

Some Postgraduate Taught programmes can be used for Continuing Professional Development. In addition, the University provides some non-credit bearing CPD courses for example, through the William J Clinton Leadership Institute in Queen’s Management School.

YOUR POSTGRADUATE RESEARCH JOURNEY TO QUEEN’S

FIND YOUR PROGRAMME
When you’re interested, visit our online Course Finder at qub.ac.uk/courses for full details, or explore our School webpages to meet our researchers and read their profiles: qub.ac.uk/schools

SPEAK TO YOUR SUPERVISOR
If you’re interested in a particular project, we suggest you contact the relevant academic before you apply, to introduce yourself and ask questions.
If you have your own research idea, contact the relevant School to discuss it with us. If you are unsure of who to contact, email our Faculty Hubs* for guidance. You might be asked to provide a short outline of your proposal to help us identify potential supervisors.

CHECK THE REQUIREMENTS
Check that you meet, or expect to meet the academic and, if applicable, English language entry requirements for your programme.
Also bear in mind that if you are applying for funding, there might be an application deadline. So keep an eye to see if your programme has a closing date for applications too. See also page 34.

CONSIDER THE COSTS
Our tuition fees are listed on page 39. For information on postgraduate funding opportunities, visit the Graduate School webpage go.qub.ac.uk/graduate-school or the website of the School for which you wish to conduct your research (qub.ac.uk/schools)

APPLY
Apply using our online Postgraduate Applications Portal go.qub.ac.uk/pgapply and follow the step-by-step instructions.

GET YOUR DECISION
When we’ve made a decision, we’ll send you an email which will advise you to log on to the Postgraduate Applications Portal to view the decision. You will also receive a letter by post.

As part of the Russell Group, Queen’s is proud to be one of the UK’s leading research universities, offering postgraduate research opportunities across all fields of study.

A research degree offers you the opportunity to gain in-depth, specialised knowledge in an original research project, guided by a supervisory team, which culminates in a thesis which you defend in an oral examination.

During your studies you will also develop research, personal and professional development skills that will support future careers within academia, industry or the public sector.

**PHD / MPHIL / MD / MCH**

You will produce a traditional thesis, or, in the case of creative practice, a portfolio of research that was published prior to you registering on the programme, along with a critical analysis.

You must be an academic member of staff at Queen’s, and have been so for a minimum of one year. Registration is normally on a part-time basis, under the direction of an adviser appointed by the University. You will be expected to submit your published works, with a 10,000-word critical analysis, within one year.

Go to [www.qub.ac.uk/published-works](http://www.qub.ac.uk/published-works)

**PROFESSIONAL DOCTORATES**

These are specialist qualifications available in the area of psychology which combine taught postgraduate modules with independent research projects located within a profession or practice placement.

**HIGHER DOCTORATES**

These are awarded to individuals who have an authoritative standing in their field of study, and seminal publications which have led to extensions or the development of knowledge by others.

You will be expected to submit your thesis at the end of three years, with full-time registration for PhD, two years for MPhil/MD and one year for MCH (or part-time equivalent).

**PHD BY PUBLISHED WORKS**

This is awarded for the successful submission of a portfolio of research that was published prior to you registering on the programme, along with a critical analysis.

You must be an academic member of staff at Queen’s, and have been so for a minimum of one year.

Registration is normally on a part-time basis, under the direction of an adviser appointed by the University. You will be expected to submit your published works, with a 10,000-word critical analysis, within one year.

**SKILLS TRAINING AND DEVELOPMENT**

The development of transferable skills is an integral part of the experience of being a postgraduate research student.

The Postgraduate Development Programme led by The Graduate School offers you a choice of training courses and development activities aimed at providing you with the skills to complete your higher degree and enhance your employability. The funding bodies for postgraduates consider the development of these skills as an essential part of training for careers both in academic and non-academic work environments.

The courses offered in the Development Programme supplement those provided by Schools and are available to all research students.

Funding is available for student-led initiatives. These are activities developed and delivered by postgraduate students for postgraduate students. These initiatives can involve organising a conference, research seminar or some other research event.

To date these initiatives have proven to be very effective in encouraging students to identify their skills requirements and develop their own training.

For further information on the Postgraduate Development Programme, please visit [www.qub.ac.uk/graduate-school](http://www.qub.ac.uk/graduate-school).

**WORKING AWAY FROM THE UNIVERSITY**

You may be permitted to carry out some of your research away from Queen’s. You will need to satisfy the University that you will maintain appropriate contact with your supervisor, and have access to appropriate facilities, during any periods spent away, and you may be required to spend a specified period of time in residence at the University.

You will be subject to the University’s normal training and monitoring requirements.

**POSTGRADUATE RESEARCH**

**QUEEN’S DOCTORAL TRAINING CENTRES**

Queen’s has four outstanding competitive Doctoral Training Centres:

The £11.2m Northern Bridge project, funded by the Arts and Humanities Research Council (AHRC), is part of a national network of Doctoral Training Partnerships which brings together the cutting-edge expertise and exceptional resources of Queen’s, Newcastle University, Durham University and their partners for the training and development of outstanding Arts and Humanities postgraduate researchers.

The new E8.1m Centre for Doctoral Training in Photonic Integration for Advanced Data Storage at Queen’s, in collaboration with the University of Glasgow and funded by the Engineering and Physical Sciences Research Council (EPSRC), will address a skills shortage in the photonic industry and develop new products and systems to address the expanding data storage needs of today’s fast-moving digital world.

Queen’s is one of 12 partner universities involved in the AHRC Centre for Doctoral Training in the Celtic Languages. Also involving collaboration with the British Library, the National Library of Wales and Bòrd na Gàidhlig, the Centre will provide funding for 26 PhD awards across the partnership between 2014 and 2019. The Centre supports doctoral research and training in Celtic languages, literatures and cultures.

The new £1m Leverhulme Interdisciplinary Network on Cybersecurity and Society (LINCS), a collaboration between the Centre for Secure Information Technologies and The Mitchell Institute for Global Peace, Security and Justice, will provide 30 doctoral students with three-year scholarships, following which they will conduct research in residence at the University for a minimum of 10 years’ research experience at a postdoctoral level.
