NORTHERN IRELAND: OUTDOOR ADVENTURE

Northern Ireland is one of the most beautiful places on the planet. From golden beaches and wild, rugged coastline to lush forests, the most breathtaking landscapes will be right on your doorstep as a student in Belfast

Spend your downtime testing your nerve crossing the death-defying Carrick-a-Rede rope bridge. Alternatively, scale the heights of our tallest peak, Slieve Donard, set in the picturesque Mourne Mountains – an Area of Outstanding Natural Beauty and the inspiration for CS Lewis’ magical world of Narnia.

You can also follow the 22-mile Mourne Wall, featured in *Game of Thrones*. And if you’re a fan of the hit HBO show, you can’t afford to miss a trip to the Dark Hedges. This twisted avenue of light and shade is one of Northern Ireland’s most photographed natural phenomena, and doubles as the King’s Road in the series.

Well worth the road trip for the spectacular Antrim Coast Road drive alone, the Giant’s Causeway, a UNESCO World Heritage Site, is a must. There are also plenty of stunning beaches to enjoy a lazy Sunday walk – some just 25 minutes from Belfast.

If adrenaline thrills are your thing, the lakes, waterways and beaches of the region offer outdoor fun to suit everyone – from Sea Safaris on Strangford Lough, where you might spot seals, porpoises or a basking shark, to the north Atlantic surf off the coast at Portrush, ranked among the best in the world.

FEES AND FUNDING

We know that going to university is a huge investment, so at Queen's we do everything we can to be transparent about the costs of studying and living in Northern Ireland.

ADMISSIONS AT QUEEN'S

Applying to study in the UK is quite different to applying to colleges in the Canada. There are some big differences (like choosing a major before you apply), but this section of our guide will talk you through all the things you need to know to build a successful application to UK universities – and hopefully to Queen's!

YOUR ADMISSIONS JOURNEY

Research – choosing your major

- At universities in the UK (except Scotland!), you go directly into your major on day one. If you're a student who knows what you want to study, this gives you a great opportunity to focus on the things you want to learn about – with no required general education classes.
- This does mean that the first step in your admissions journey is making sure you pick the right course. Don't worry though, there are loads of great resources to help you choose:
 - University websites and brochures (like this one!)
 - UCAS Subject Guides (ucas.com/explore/subjects)
 - International advisors (like our very own North America team)

ADMISSIONS PHILOSOPHY AT QUB

UK university admissions are centred on the concept of academic merit and potential. With our three year degree programmes, we want to know that our students are prepared academically to meet the challenges of their chosen subject head on – so our entry requirements focus on the capability of

an applicant to succeed primarily in the classroom as evidenced in their prior academic attainment and focus of study if there are subject specific requirements. We want all of our students to be able to thrive in the learning environment we provide and our approach to admissions is designed to support this goal.

What we consider

- Your academic record – in the form of your high school transcript and any tests and academic achievements
- Your academic suitability – in the form of demonstrated knowledge and understanding of the subject area, and your personality as a student

What we don't consider

- Institutional fit – we don't consider class rankings or balance at Queen's, just individual merit of each applicant
- Demonstrated interest – we'd love it if you were able to visit the campus, join our open days or speak to our team – but it has no bearing on your admissions decision
- Legacy – there is no weight applied to legacy candidates
- Unrelated extra-curricular activities – things like athletic achievement and musical ability are great, but

if it isn't relevant to your major or your potential as student, it won't play a role in our decision making

How we assess our applicants – the components of your application

Academic background

- Transcripts, exams taken and exams you plan to take – these are used to evaluate your academic suitability

Personal statement

- This is used to assess your understanding of the subject area, and for you to demonstrate why you would make a good student at QUB

Letter of recommendation

- This is a chance for your teachers or counsellor to give us a better idea of who you are as a student

HOW TO APPLY

There are two ways to apply to Queen's as an international student: UCAS and Direct Application

UCAS

- UCAS Application is the centralised application system for UK universities – similar in purpose to the Common App in the US
- All applications are done through the UCAS website (ucas.com)
- Through UCAS, you are able to apply to a maximum of five universities or courses – which is why the research stage of your admissions journey is so important.
- There is a small fee to apply – £27.50 for up to five.
- The application deadline for most courses is June 30th
- The application deadline for Medicine and Dentistry is October 15th

Direct Applications

- We also accept Direct Applications for students who are not applying through UCAS to other UK universities. This is important – you can't do both!

- The deadline for Direct Applications is also June 30th

- Direct Applications are free!

Common App and how it ties into UCAS

- Some UK universities are on the Common App – but we are not. It is strongly recommended that you use UCAS to apply to the UK and stick to your five course limit – applying to extra universities through the Common App can lead to complications later in the admissions cycle if you accept multiple offers.

UCAS – YOUR NEW BEST FRIEND!

The UCAS website is a fantastic resource for all stages of your admissions journey. From helping you to decide on a major, to useful tips and videos explaining how to write a great personal statement – it's full of great advice about how to build a successful application for studying in the UK. Check it out at ucas.com

UNDERSTANDING YOUR OFFER

Once you've submitted your application, it's over to us to process it. If you are successful in getting an offer from Queen's, it will be one of two things:

A Conditional Offer

This is by far the most common type of offer students receive in the UK. It will be an offer letter guaranteeing your place at QUB, subject to you meeting conditions which will be outlined in your offer letter. Typically they will be for you to meet the entry requirements. It may also be conditional on an interview or audition, but it will all be laid out in your offer letter. If you meet the conditions – you're in!

An Unconditional Offer

If, at the point you apply, you are deemed to have met the entry requirements, you may be issued an Unconditional Offer. If you are lucky enough to get an Unconditional Offer – your place at Queen's is guaranteed, you just need to accept!

WHAT TO DO WHEN YOU GET YOUR OFFER

If you've applied through UCAS, you'll be able to view the decisions as they come in through your UCAS Hub account. This is where you registered and made your application to us. Your UCAS Hub account is your go to place for information on the status of your offer with us at Queen's. Once you have all your responses (Unconditional Offers, Conditional Offers or Rejections), you'll need to make a Firm (or first ranked) choice and an Insurance (or second ranked) choice. You will be required to reject any other offers, other than those two choices.

Your Firm choice should be the place you most want to go, and your Insurance choice is a back-up – in case you don't meet the conditions for your Firm choice. If you've applied directly to Queen's, we'll have emailed you with your offer letter. You just need to reply to our admissions office to let them know if you'd like to Accept or Reject the offer.

More details are on the website at qub.ac.uk/Study/Undergraduate/offer-holders/your-application-what-next/

STEPS TO UNIVERSITY

We want to make your journey to becoming a student at Queen's as easy as possible. In the following section, we'll tell you all you need to know about the application process, your funding options and meeting our entrance requirements to make sure you're suitably prepared for your chosen course(s) at Queen's.

We'll also let you know about key events like our Open Days, which allow you to get a sense of what life at Queen's is really like, as well as our events for potential students, which give you a chance to find out more about the courses that interest you.

ENROLMENT AND REGISTRATION

Details of arrangements for enrolment and registration will be sent to your home address in late August/early September. This will include your Queen's University email account, student number and credentials for logging on to Qsis, the University's

Student Information System. During registration, you must provide documentary proof of your qualifications and an approved form of photographic identification eg a current passport. International students will be required to provide passport and satisfactory visa information before they can enrol. All students will be asked at enrolment to confirm that they will abide by the Terms and Conditions which are sent to them as part of their offer of a place at the University.

JOIN THE CLUB

Meet new people, have fun and make the most of your time at Queen's by joining one of our 220 plus clubs and societies. There's a wide range to suit everyone, including sport, gaming, creative, cultural, academic and charitable groups – or if you can't find one that suits you, you can even start your own! Over 15,000 students are members of our student-led clubs and societies. Remember, there are many reasons to join our clubs and societies, and many students find participation a central part of their downtime. They give you a little bit more: more fun; more time to be part of something; more time to find out about you.

ARTS, CULTURE AND LANGUAGE

Learn a new language and more about a foreign culture or simply meet up with students from the same part of the world as you. Our multicultural societies include the African and Caribbean Society, the Chinese Students Association and the South Asian Students Society. In our inclusive campus environment, you'll have the opportunity to meet other students with shared interests and make new friends from across the globe.

MEDIA AND GAMING

Enjoy all things gaming with the Dragon Slayers Society, compete across the UK as part of the Queens's Esports team, make your mark in the world of film or music, or host your own radio show with Queen's Radio society.

ACADEMIC AND CAREER ENHANCEMENT CLUBS

Many courses have related clubs but they do much more than discuss what happened in your latest lecture – including organising social events and fundraisers. Academic clubs can also help enhance your studies and your career opportunities in the process.

CHANGE THE CONVERSATION

Argue your point with the Literific Debate Club, or if your passion is politics then you can join one of many political societies at Queen's. Alternatively, help raise money and awareness for a number of great causes by volunteering for one of our charitable and environmental clubs.

MAKE IT COUNT

Being part of a club or society is more than a great way to make friends: it's an opportunity to improve your skillset and bolster your CV. What's more, if you get involved in the running of a club or society, you can get credit towards a Queen's University Degree Plus Accreditation.

SPORTING ACTION

Since our foundation in 1845, sport has played an important part in the Queen's student experience. We're one of the premier sporting universities in the UK and Ireland and our Gameplan and Active Campus initiatives set the goal of sport for all - whatever the level.

EMPOWERING WELLBEING AND ACHIEVEMENT THROUGH SPORT

Whether you are interested in keeping active, trying a new sport, being part of a team or representing Queen's, you can be part of our Gameplan.

We aim to provide everyone with the opportunity to engage with sport at Queen's through world-class sporting participation programmes that will connect you with other students in an environment where you feel safe, supported and happy to exercise and enjoy sport.

We realise the important role sport can play in supporting your physical, mental and social wellbeing. With on campus sports facilities and gym membership to suit your budget and with over 50 student sport clubs to choose from, there is something for everyone.

We are proud to promote an Active Campus with initiatives and programmes that are open to all abilities and we empower you to find your level and find your game at Queen's Sport.

We host a weekly Parkrun at our Outdoor Sporting Facility at Upper Malone and our annual Deep RiverRock 5K race, which attracts thousands of recreational runners. We have also recently launched an Active Campus initiative with sporting activities and programmes to suit everyone - no matter what your fitness level.

SPORTS FANS

Belfast offers a wealth of choice for sports fans and spectators, whether you fancy a night at the rugby, a Belfast Giants ice hockey game, a soccer match or a fastpaced Gaelic football or hurling match. The Belfast City Marathon attracts 20,000 participants from around the world every year.

A BALANCED STUDENT ATHLETE EXPERIENCE

Being a student athlete at Queen's is very different from NCAA colleges in the US. Our athletes are first and foremost high performing students, with a support structure dedicated to ensuring success inside and outside the classroom.

OUTDOOR FACILITIES

UPPER MALONE

Champions have been made, trophies won and accolades heaped onto thousands of students throughout Upper Malone's existence.

We have heavily invested in our outdoor facilities, and the new Arena Pitches and Clubhouse is the only facility in the UK and Ireland to showcase rugby, Gaelic games, hockey and soccer all at one site, with an additional 16 floodlit grass and synthetic playing surfaces.

QUEEN'S BOAT HOUSE

Extensively upgraded in 2015, the Queen's Boat House is home to the Men's and Ladies' Boat Clubs, who have an excellent pedigree through performances at Senior and Novice levels in Ireland, Great Britain and on the international stage.

ATHLETE SUPPORT

SCHOLARSHIPS

We support talented athletes towards their potential through our specialist scholarships, such as the Elite Athlete Programme, which offers a support package including up to £2,000 per year for tuition fees and £3,000 per year for living and travel costs. Our Scholarship programmes are just one of many ways you can enhance your experience at Queen's through the Degree Plus scheme.

ACADEMIES

Queen's Sport work with student clubs, governing bodies and alumni networks to develop our sporting academies. Currently there are five academies – Rugby, GAA, Soccer, Rowing and Hockey – with more than thirty five teams and six hundred students competing each year as part of our Performance Pathway.

We created these academies to provide a high performance culture within each sport, but also to promote recreational and community initiatives. Many sporting legends have graced the Queen's jersey with pride. We've named Rugby and GAA Academy Scholarships in honour of:

- Sean O'Neill (Gaelic Football)
- Jack Kyle (Rugby)
- Henry Downey (Hurling)

There are also Hockey, Rowing and Soccer Academy scholarships distributed annually.

In recent years, Queen's have supported athletes competing in top-level competitions in over twenty countries, including Olympics, Paralympics, World University Championships, European Athletics Championships and US Open Swimming Championships.

SPORTS BURSARIES

Our Sports Bursaries provide support for those non-academy athletes who are developing in their chosen sport. They also support students to compete nationally and on the world stage.
