Dave's role is to promote all study abroad and short term study opportunities in the Faculty of Arts, Humanities and Social Sciences, being the point of contact to students prior to them submitting an application. He will be available to attend study abroad and recruitment events in market and will liaise with partners about future activity and collaborations. Dave will also provide up to date information about courses, modules and the student experience at Queen's as well as arranging for promotional materials to be made available for partners.

## Supporting Study Abroad Students

Claire provides a dedicated resource in the Faculty of Arts, Humanities and Social Sciences to develop and support the overall experience of students studying with us on a Study Abroad programme, working closely with both academic AHSS Schools and relevant professional support units across the University. Claire will usually be in touch with students a few weeks before their arrival to provide information about their Faculty and School induction and welcome, and will provide support mechanisms for them during their time at Queen's.
