SHAPING A BETTER WORLD

Thank you for considering Queen's University Belfast for the next step in your educational journey.

You are not alone: we have more than 25,000 students fill our campus and online classes each year, with our 180-year-old university seen as a diverse, vibrant, transformative and challenging environment for every student.

This prospectus is designed to give you a real sense of life here at Queen's, a university committed to shaping a better world through world-leading teaching and life-changing research, an institution investing in both its students and staff to continually strive for excellence and make an impact locally, nationally and globally.

Our Strategy 2030 drives forward our work to shape lives at home and across the world

and sets out the impact that Queen's has across a range of areas. Our aim is to inspire you, the global citizens of tomorrow, by delivering a transformative education and deeply rewarding student experience. We offer flexible and broad-based learning opportunities, with wellbeing, inclusivity, and cultural diversity, at its heart.

Choosing Queen's is about more than earning a top-class degree. It's also about the holistic experience that you will enjoy here in Belfast, as part of the unique cultural fabric of the university and rich tapestry of the wider city. One of the longest established universities in the UK and Ireland as we celebrate our 180th year, Queen's is ranked 6th in the world for international outlook¹.

We are a global university which means our students are internationally connected,

benefitting from both an enriching multicultural experience on campus, and a wide range of global opportunities with our network of partners. Through our Pathway Opportunity Programme, we provide opportunities to support those students who may otherwise not have had the chance to access university.

Our educational programmes are increasingly focused on sustainability and the ethos of the United Nations Sustainable Development Goals (SDGs) at a local, national and global level. We recently further increased our score in the National Student Survey, achieving an overall positivity of 81%². Our central Student Centre and Students' Union, One Elmwood, is the beating heart of the student experience and a focal point for a range

TRANSFORMATIVE EDUCATION, GLOBAL IMPACT, AND LIFE-DEFINING EXPERIENCES

of integrated support services. Our sporting facilities are home to a wide variety of teams and activities, and our library facilities are highly-rated by students³ with a leading independent cinema Queen's Film Theatre on campus.

These are all located across our beautiful, vibrant campus at the heart of the dynamic and diverse city of Belfast, considered the UK's most affordable student city⁴. Belfast is a leading global location for investment projects and major developments in innovation and enterprise. Central to that is the Belfast Region City Deal which will unlock £1 billion of transformative co-investment.

Queen's is proud to be a lead partner in Belfast Region City Deal, driving forward projects in advanced manufacturing, clinical research and secure, connected digital technologies, linking

into UK and all-island networks. We are also the first university on the island of Ireland and only the second in the UK to achieve the prestigious Athena Swan Gold Award for our work improving gender equality.

So, if you are looking for a university that will enrich, engage and challenge you, that will broaden your horizons and where your potential is limitless, one that you will walk away from with a life-defining experience and global community of peers, on top of a top-class degree, then we look forward to welcoming you to Queen's.

Professor Sir Ian Greer
President and Vice-Chancellor

180 YEARS

Since 1845, Queen's University Belfast has been a stable presence, a force for positive transformation, a pioneer, a problem solver.

As one of the oldest universities in Great Britain and Ireland and a member of the prestigious Russell Group of UK universities, we take pride in celebrating our heritage, past contributions, and achievements.

Queen's has produced internationally renowned scientists and engineers whose

research has changed the world and transformed millions of lives for the better. We have nurtured writers, poets, philosophers, and artists who have shaped our global cultural outlook and reflected their understanding of our place in the world.

As Queen's University celebrates its 180th anniversary, we remain unshakeably focused on the future.

Queen's is at the centre of Belfast's rebirth as a modern, forward-thinking city of

innovation and aspiration; a home to changemakers, cultural icons and sporting legends. We seek to build on our distinguished past, equipping a new generation of students with the opportunities and tools to tackle the problems we face today.

We are proud of our contribution, sure of our expertise, and are fully committed to our leading role in shaping a better, shared future for all.

“

Studying at Queen's has truly been a life-changing experience.

I've found not only academic excellence but a supportive and welcoming community. I met my best friends here, and we've shared unforgettable memories on and off campus. My time here has also been a journey of self-discovery. At Queen's there are so many societies that help you discover new interests and hobbies, which added more excitement to my university life. The university also provides incredible opportunities to grow professionally. I've attended various career events and connected with professionals who've inspired and guided me on my journey. Queen's has truly become a second home and a launchpad for my future.

WHAT OUR INTERNATIONAL STUDENTS SAY

“

As an international student from Malaysia, pursuing Pharmacy at Queen's University Belfast, my experience has been incredibly fulfilling and supportive.

Queen's, being a prestigious Russell Group university, is consistently ranked among the top universities in the UK, and its School of Pharmacy is globally recognized for excellence in education and research.

What truly made the difference for me was the incredible support system for international students. I felt welcomed since day one and guided through various support services and student-led communities including an active Malaysian Students' Society that offered

a strong sense of community. These resources helped me settle in smoothly and build lasting friendships.

I was also given the opportunity to be part of the committee for the Malaysian Students' Society, where I helped organize cultural events and gatherings that made fellow Malaysian students feel at home.

Queen's also provided me with enriching experiences beyond academics, such as working part-time in a local community pharmacy and undertaking a summer research project. Studying at Queen's has not only helped me grow academically and professionally but has also given me a second home in Belfast.

”

Matilda Ely Teng Xiao Xuan
MPHARM PHARMACY
Malaysia

“

Studying Medicine at Queen's University Belfast has been an incredibly fulfilling experience.

The support available, both academic and personal, has helped me thrive and find a healthy work-life balance, even with the demands of a medical degree. From early patient exposure to a wide range of clinical opportunities, Queen's places a strong emphasis on practical learning, which has really shaped my confidence and skills as a future doctor.

Beyond the course, the University offers so many ways to get involved, whether it's through student societies, volunteering, or wellbeing events. I've grown so much since coming here, and I truly believe Queen's is a place that helps you become the best version of yourself—both personally and professionally.

Manya Ranganathan

India

”

“

One of the biggest reasons I chose Queen's was how student-friendly Belfast is. It's one of the most affordable cities in the UK, and the University's support made all the difference.

Since arriving in 2022, I've had an incredible journey. I've made friends from all over the world and immersed myself in University life through several clubs and societies. As someone who loves being social, joining these communities helped me feel right at home.

I went on to take up roles such as Global Student Ambassador, Peer Mentor, School Representative, and a committee member for the International Student Society — all of which allowed me to give back and support other students.

Academically, my experience has exceeded expectations. The teaching and support in the School of Mechanical and Aerospace Engineering have been outstanding, and the practical side of my course has been unforgettable — including collecting live flight data from a real aircraft cockpit! Opportunities like this have been truly inspiring.

The campus itself is stunning — I still find it hard to walk past the Lanyon Building without stopping for a photo. Belfast is easy to get around, safe, and full of charm. I genuinely feel lucky to be here. As I approach my final year, I'm excited for what's next — though I know I'll miss Queen's deeply. It's been the place where I've grown, made lifelong friends, and found my passion.

”

“

When I first came to Belfast in 2022 to start my foundation year at Queen's, I didn't know what to expect.

I had never been here before, and everything felt so new. But very quickly, this city and especially Queen's, became a second home to me. What made the biggest difference was the people, the teachers who are always ready to help, the staff who genuinely care, and the students who made me feel part of something bigger.

Queen's has given me so many chances to grow, not just academically, but personally. I've taken part in events that pushed me to challenge myself. Outside the classroom, being a student ambassador and secretary of a society helped me build confidence, leadership skills, and lifelong friendships.

Looking back, choosing Queen's was one of the best decisions I've made. It's a place that supports you, challenges you, and helps you discover who you are and who you want to become. I'll always be grateful for the experiences I've had here and the people I've met along the way.

”

“

Moving from Malaysia to study Aerospace Engineering at Queen's University Belfast was one of the biggest decisions of my life and without a doubt, the most rewarding.

My course has been really challenging and exciting, giving me the chance to apply what I've learned in class to real world scenarios. Thanks to the supportive lecturers, I've grown both technically and personally.

What really stood out to me was how easy it was to get involved. I've worked as a campus tour guide, helping new students settle in, and taken on various leadership roles that helped me build my communication and teamwork skills. The sense of community here is incredible as there's always someone to talk to, something to do, and somewhere beautiful to explore.

Queen's has genuinely shaped me into someone ready to take on the world and I'm grateful for every part of the journey.

GETTING HERE

Belfast, as the capital of Northern Ireland, is connected to the rest of the UK, Ireland and Europe by sea, road and air.

BY PLANE

Belfast is served by two airports: Belfast City Airport and Belfast International Airport, which are both linked to the city by regular bus services. Dublin International Airport is located approximately 100 miles to the south.

BY BOAT

Fast ferry services including Stena Line and P&O Ferries make multiple daily crossings from Northern Ireland to ports in Scotland and England, Larne to Cairnryan, Belfast to Cairnryan, Belfast to Liverpool. An alternative route runs from Holyhead to Dublin, with excellent motorway connections between there and Belfast.

BY ROAD

Queen's is located in south central Belfast and as such is close to both Northern Ireland's main motorways, connecting it easily with the rest of Ireland.

BY BUS AND TRAIN

Queen's is a five-minute walk from Botanic Train Station on the Bangor, Larne, Newry, and Derry-Londonderry lines. Belfast's new Grand Central Station is the main transport hub for Northern Ireland and is the largest of its kind on the island of Ireland. Use it as a launchpad to explore further afield, an excellent choice when used in conjunction with the various student travel discount schemes available. A newly launched hourly Enterprise train service to Dublin makes it easier than ever to travel to and from Ireland's capital.

City Hall

Belfast is renowned for being welcoming, so wherever you go to eat, drink or catch up, you'll feel right at home. It is a modern capital city, friendly, easy to get around, and an affordable place in which to live and study. While Belfast thrives as a global food, culture, arts, and shopping destination, Queen's is at the social and cultural heart of the city.

BEST FOR YOUR BUDGET

Belfast is the No.1 most affordable city in the UK for students (Natwest Student Living Index 2024), so you don't need to break the bank to enjoy your time here. There are loads of free activities, from art galleries, karaoke, Belfast Free Walking Tours, the Titanic Trail, and guided tours of City Hall. Many places offer student discounts, so whether you're looking for a bite eat or to catch a movie you're guaranteed to find something to suit your budget.

STREET FOOD, BELFAST STYLE

Belfast has a vibrant street food scene with some real hidden gems, including vegan-friendly options. You can try international food from Thai to Cuban, as well as classics like fish and chips. St. George's Market has a City Food and Craft Market every Saturday and is a fantastic place to try new food as a student. For a caffeine fix, Belfast has any number of brilliant coffee shops offering great coffee, snacks, and atmosphere.

CULTURE ALL OF OUR OWN

Belfast is known for its energy and rich history, with a unique clubs, food, culture, and arts scene of its very own. It is a city of artists, writers, and performers who are celebrated in venues such as The MAC and The Black Box. Events throughout the year include Belfast International Arts Festival, Belfast Film Festival, and the always popular Late Night Arts which is held the first Thursday of every month.

From the punk scene in the 1970s, Belfast has embraced the uniting power of music. Nowhere quite matches the vibe of Belfast nightlife, which is known for its music. The Cathedral Quarter has some of the best bars, clubs, and live music venues.

GETTING AROUND

It only takes about 15 minutes to walk to the city centre from Queen's. There are frequent bus and train services, and you can benefit from discounted travel when you register for a yLink Card. Belfast Bikes are also a green, cheap and flexible way to explore our beautiful city.

BEYOND THE CITY

Belfast is your gateway to the rest of Northern Ireland, and from coastline to mountains, there's plenty to explore. Belfast and the Causeway Coast is frequently hailed as one of the most beautiful places in the world. Northern Ireland's stunning scenery has made it an internationally renowned filming location, with HBO's Game of Thrones and Netflix's The School of Good and Evil filmed around the countryside and coast.

Meet students from over
90 COUNTRIES

Carrick-a-Rede Rope Bridge

Northern Ireland is one of the most beautiful places on the planet. From golden beaches and wild, rugged coastline to lush forests, the most breathtaking landscapes will be right on your doorstep as a student in Belfast.

There are so many wonderful spots around Northern Ireland that are accessible by public transport. If you're living in Queen's Accommodation, you can take advantage of organised tours and day trips to places such as The Giant's Causeway – Northern Ireland's most famous UNESCO World Heritage Site and an absolute must when visiting Northern Ireland.

If you're a fan of Game of Thrones, don't miss a trip to the Dark Hedges. Used as a filming location for the Kingsroad in the series, this twisted avenue of light and shade is one of Northern Ireland's most photographed natural phenomena. You can also follow the 22-mile Mourne Wall, another Game of Thrones location.

Marble Arch

WE'RE A GLOBAL UNIVERSITY

Over 25,000 students live and study at Queen's, representing over 90 countries worldwide. Our diverse community is further enriched by more than 800 international staff from over 80 nationalities.

As a member of the prestigious Russell Group, Queen's University is ranked 6th in the world for international outlook (Times Higher Education World University Rankings 2025). We are a truly global institution, welcoming students from across the globe and offering an exceptional international experience designed to set you up for success.

With connections to 250 universities and 3,500 employers across 120 countries, you'll gain access to career-shaping opportunities and an expansive global network. To support your ambitions, we offer up to £11,500 in scholarships exclusively for international students—empowering you to focus on what truly matters.

A COSMOPOLITAN CAMPUS

Belfast is known for being a diverse and welcoming city, and you'll see that reflected on campus. From Indonesian Culture Shows and Chinese New Year celebrations to Culture Shock – a lively showcase of music and dance from Ireland to Malaysia – you'll experience a truly international community that celebrates cultures from every corner of the globe. At Queen's, you'll build connections, broaden your horizons, and graduate ready to take on the world.

ONE ELMWOOD

STUDENT CENTRE AND STUDENTS' UNION

One Elmwood isn't just about your degree: discover hidden talents, find new passions, and create unforgettable memories.

GETTING STARTED AT QUEEN'S

Starting your journey at Queen's is exciting. Our dedicated resources for students include essential information, engaging videos, insightful podcasts, and practical checklists. These resources support everyone regardless of background or course, helping you feel prepared and confident. Access them anytime on your phone, tablet, or computer.

ONE ELMWOOD Student Centre and Students' Union

From finding like-minded people to getting support, you'll find everything you need in One Elmwood. Our Student Centre and SU, which opened in 2022, is a sustainable, open-plan modern space that has gender-neutral toilets, extensive student seating, accessible facilities, baby changing rooms, parenting rooms, and quiet reflection spaces.

The vibrant social hub offers multiple hangout spaces, tech-friendly study areas, plus the revamped Mandela Hall, Union Bar, and Shop. The Union Bar - 'your 'local' - features an outdoor terrace, great food, pool tables, quizzes, and music.

Within One Elmwood: University Student Services, Students' Union, Social Cafe, Union Bar and Terrace, Union Shop, and Mandela Hall.

STUDENT SERVICES – Support From Registration to Graduation

Student Information Point

One Elmwood's dedicated Student Information Point assists with any query or refers you to appropriate services throughout your student journey.

Careers, Employability and Skills

Access one-to-one career advice and focused skill development programmes through our dedicated team. Employability programmes include off-campus industry visits, management and leadership insights, and interactive skills workshops. Access up-to-date resources and networks for work experience and placement opportunities.

Student Wellbeing

Our Student Wellbeing Team offers friendly, comprehensive support services that are free, flexible, and responsive. From wellbeing adviser meetings to specialist support connections like counselling, they're always available.

Student Finance

The student finance team helps with money concerns, overseeing financial enrolment, tuition fee collection, university bursary schemes, and the student support fund, offering personalised advice based on your circumstances.

Immigration Support Service

Specialist advice for visa and immigration matters, including UK visa applications and ongoing queries. Drop-in services are available throughout the year.

Accessible Learning

Ensuring students with disabilities or long-term conditions access all aspects of university life. The Accessible Learning Support team creates a safe environment and provides inclusive, enriching university experiences.

Learning Development Service

Academic skills support for undergraduates through on-course integration and individual appointments. Support includes time management, exam preparation, academic writing, referencing, academic integrity, and research skills.

Academic English Service

Free courses for international students to develop academic English skills for whom English is not a first language. A range of free courses for undergraduate and postgraduate students. Programmes are relevant and tailored to your degree.

Student Registry Services

Manages student records from enrolment and registration to exams and graduation. Provides key information and post-graduation services, including transcript requests, replacement parchments, and education verification letters.

(International Student Barometer 2024)

The Lanyon Building

The Computer Science Building

OUR EVER-EVOLVING CAMPUS

Queen's campus is a beacon of learning and innovation, providing world-class education and research facilities.

The KN Cheung SK Chin InterSim Centre provides interdisciplinary, simulation-based education to students across health and social care disciplines. Purpose-built facilities, including a hospital ward and multi-sensory simulation 'Cave', closely replicate real clinical settings, helping to prepare students for the realities of contemporary clinical practice.

Our award-winning, five-floor School of Biological Sciences building offers state-of-the-art teaching and research facilities for its 750 students and 170 staff, helping to grow our life sciences sector.

At the heart of the campus, the £20m School of Law, Moot Court Room and the Herbert

Smith Freehills Student Hub exemplify Queen's commitment to the future-thinking needs of its students.

Further along the campus skyline, the exciting facilities and space in the colourful Computer Science Building recognise the importance of this subject to the global market. It features computer labs, project spaces, breakout rooms and a three-floor Student Hub.

The School of Mathematics and Physics features a dedicated space for teaching, with lecture and group-study rooms, a student social area, computer facilities and a state-of-the-art Physics laboratory.

Investing £700m over a 20 year capital development programme, Queen's has some of the best campus facilities in the UK and Ireland.

One Elmwood

The Seamus Heaney Centre

Reboot Gaming Café

Queen's Business School

BOARD THE 'STARSHIP FOR SCHOLARS'

Designed by the international architects who inspired the libraries at Yale and Harvard, it's little wonder Nobel laureate Seamus Heaney dubbed the McClay Library a 'starship for our scholars'. Blending the best features of a traditional library with the latest smart technology, you'll have access to extensive book and journal collections, reader spaces, computer workstations and group study rooms.

The recent expansion of the award-winning McClay Library continues to increase provision of reader, computer and social spaces to maintain and enhance the student experience.

ONE ELMWOOD

Our vibrant new Student Centre and Students' Union facility brings all student services under one roof. The heartbeat for life on campus, access services, collaborate in shared spaces and get

support and advice. It's also an exciting space to catch up with friends, grab lunch or take in a gig in the new Mandela Hall.

A CONNECTED CAMPUS

The Wireless Campus Project is a £1.93m investment programme providing a world-class connectivity service across the university through more than 2,000 access points. It enables you to have anytime, anywhere access to the resources you need.

SUPPORTING LANGUAGE LEARNING

Our Language Centre, located in the McClay Library, provides you with the opportunity to acquire skills in a foreign language and improve your career prospects through our advanced multimedia facilities.

QUEEN'S BUSINESS SCHOOL

Queen's Business School (QBS) offers world-class undergraduate, postgraduate, and

executive education. As a member of the Global Business School Network, the School is connected across the world through strategic partnerships.

REBOOT GAMING CAFÉ

Calling all gamers. Your campus experience just got an epic upgrade with Reboot, your new gaming paradise at 92 Lisburn Road. This alcohol-free zone is your perfect between-classes hangout, study break destination, and weekend social spot.

THE SEAMUS HEANEY CENTRE

The Seamus Heaney Centre at Queen's has been home to some of the UK and Ireland's foremost poets, novelists, scriptwriters and critics for over 20 years.

A £4.9 Million landmark venue for the centre opened in June 2024, which has allowed us to expand on our dedication to excellence and innovation in poetry, creative writing and criticism.

YOUR HOME FROM HOME

Our international students are guaranteed a place in our accommodation for their first year, which means you can be confident you'll be living somewhere safe, comfortable and affordable.

YOUR OPTIONS, AT A GLANCE

FUNDING AND SCHOLARSHIPS

At Queen's we are proud to offer a wide range of scholarships. Use our Funding and Scholarship Finder to identify scholarship opportunities and funding options you may be entitled to.

Course and Level of study	2026/27 (£ GBP)
Fee Rate 1 (classroom based courses)	22,400
Fee Rate 2 (laboratory)	26,600
Medicine	39,200*
Dentistry	41,500

* The Northern Ireland Department of Health has introduced a mandatory clinical placement levy for all new international medical students commencing study at the University. The levy is payable in each year of study to cover access to clinical placements in the Northern Ireland Health and Social Care system. The clinical placement levy is not included in the tuition fee quoted above and is payable in addition to the fee quoted in each year of study. As a guide, the levy payable for 2025/26 was £11,780. Please note, the clinical placement levy is reviewed regularly and is subject to change.

** International Tuition fees will remain at the same level during students' studies, with the exception of Medicine and Dentistry.

£5.5 MILLION IN SCHOLARSHIPS EACH YEAR

available to international students

Queen's believes in rewarding hard work and excellence. Each year, we offer a range of scholarships and prizes for new students. Our fantastic scholarship opportunities can help ease financial stress and enable you to achieve your academic ambitions. Most of all, a prestigious Queen's scholarship is a reward in itself, recognising student excellence within a top Russell Group university. For students enrolling in 2025, awards include:

INTERNATIONAL OFFICE SCHOLARSHIPS

£2,000 – £5,000

This award is exclusively for new international students who are beginning their first year of full-time undergraduate or postgraduate study in Queen's University Belfast and meet the conditions of their academic offer.

VICE-CHANCELLOR'S INTERNATIONAL ATTAINMENT SCHOLARSHIP

50% Reduction in Tuition Fees

Eight scholarships offering a 50% reduction on full tuition fees are available to exceptionally talented international students paying international tuition fee rates and who will be starting their full-time undergraduate or postgraduate studies on an eligible programme at Queen's University Belfast.

QUEEN'S BUSINESS SCHOOL SCHOLARSHIPS

£6,000

Awards of £6,000 available exclusively for outstanding international applicants who choose to study postgraduate taught programmes at Queen's Business School.

QUEEN'S LOYALTY SCHOLARSHIPS

20% discount on Year 1 tuition fee

Alumni returning to an eligible programme at Queen's University Belfast. Available to eligible international students returning to study on a full-time undergraduate, postgraduate taught or postgraduate research programme. Exclusions apply.

EARLY CONFIRMATION AWARD

£1,500 Tuition Fee Discount

A £1500 reduction in tuition fees is available to new international students beginning a full-time course who hold an unconditional offer and pay their net tuition fees by the appropriate deadlines.

QUEEN'S EXCELLENCE AWARD

£3,000

Merit-based award for international students who excel in their studies at Queen's and achieve a GPA in excess of 60% will be awarded this scholarship for future years of study.

OTHER SCHOLARSHIPS

Please visit go.qub.ac.uk/ScholarshipsInternational to browse the complete list of available scholarships.

Awards are subject to funding availability. Please note that terms and conditions apply for all our scholarships. Details are correct at time of print (August 2025). Please see website for further information.

INTERNATIONAL STUDY CENTRE

Queen's International Study Centre provides academic preparation and English language courses to help prepare international students for future study at Queen's.

PREPARING THE PATH TO SUCCESSFUL STUDY

Queen's University Belfast International Study Centre is a college of the university that provides a range of specialist academic programmes and English language courses to prepare international students for future study at Queen's.

Located on the Queen's campus, Queen's International Study Centre students have access to all Queen's facilities while studying at the centre and are taught to the highest standards by experienced, qualified teaching staff.

Students can also avail of excellent support services from the International Study Centre Student Services team, dedicated to helping support students during their studies.

SCHOLARSHIPS

Scholarships are available for academic programmes at Queen's International Study Centre.

See go.qub.ac.uk/INTOSchol for more details and how to apply.

If you progress to undergraduate study at Queen's through an Queen's International Study Centre programme, you will also be eligible for **University Scholarships for Queen's International Study Centre Progressors**.

ENGLISH LANGUAGE COURSES

Academic English

Improves English language skills to prepare for further academic study at either Queen's or Queen's International Study Centre. An intensive course offering rapid progress of up to the equivalent of one IELTS band per term.

Pre-sessional English

Short and intensive English preparation course for students who are already academically qualified and are due to start an undergraduate or postgraduate degree at Queen's University Belfast.

In-sessional English

Embedded English and Academic Skills courses run in all schools: designed with your lecturers to help you reach your full potential at Queen's once you have met your English language requirements. These are for 2 hours per week. You can also sign up for additional English language and academic skills courses if you would like further support.

INTERNATIONAL FOUNDATION

The International Foundation Programme provides entry to the first year of over 140 degree programmes here at Queen's. The pathways are:

- Architecture
- Business, Humanities and Social Sciences
- Science and Engineering

INTERNATIONAL YEAR ONE

The International Year One programme is equivalent to the first year of a UK undergraduate degree. The pathways are:

- Accounting
- Engineering
- Management and Finance

UNDERGRADUATE DEGREE WITH INTERNATIONAL FOUNDATION

Combining your preparation studies with your undergraduate degree in a single study plan, you can choose from the following degrees:

- BSc Architecture with International Foundation
- BEng Civil Engineering with International Foundation (Placement option is available)
- BSc Computer Science Professional Experience with International Foundation

**INTEGRATED CAS (ICAS)
OPTIONS AVAILABLE ON
SELECTED PROGRAMMES**

HOW TO APPLY

You may apply for an academic or English language programme by submitting a direct application form online at: qubisc.com

Alternatively, for further information, please contact us at:

t: +44 (0)28 9097 6850
e: qubisc@qub.ac.uk

UNDERGRADUATE DEGREE WITH INTERNATIONAL YEAR ONE

Combining your preparation studies with your undergraduate degree in a single study plan, you can choose from the following degrees, which including placement options:

Business degrees

- MAcc Advanced Accounting with Placement
- BSc Economics and Accounting
- BSc Business Management with Placement
- BSc Business Economics
- BSc Finance with a Year in Industry
- BSc Economics with Finance
- BSc Economics

Engineering degrees

- BEng Aerospace Engineering
- BEng Chemical Engineering
- BEng Civil Engineering
- BSc Computer Science
- BEng Electrical and Electronic Engineering
- BEng Mechanical Engineering

APPLYING TO QUEEN'S

UNDERGRADUATE

Most undergraduate students make their applications through UCAS (Universities and Colleges Admissions Service). The UCAS application deadline for international students is 30 June 2026, except for those applying for Medicine and Dentistry who should apply by 15 October 2025, and those applying for Nursing/Midwifery, Pharmacy or Social Work who should apply by 14 January 2026. Applicants should apply online at: ucas.com

The Queen's Portal is to be used by international applicants who wish to apply directly, and only, to Queen's or who have been asked to provide information in advance of submitting a formal UCAS application. Please note that the Queen's Portal must not be used for applications to Medicine, Dentistry, Nursing/Midwifery, Pharmacy or Social Work.

Visit: myportal.qub.ac.uk for more information.

POSTGRADUATE

Postgraduate applicants should use the online application system for the majority of taught courses and research programmes at Queen's. For full details of the undergraduate and postgraduate application procedures, please visit: go.qub.ac.uk/Applying

CLICK
FOR
MORE

ENGLISH LANGUAGE REQUIREMENTS

Applicants will normally need to demonstrate a minimum level of proficiency in English language equivalent to an overall score of IELTS Academic 6.0, or TOEFL 80 (internet-based test); however, many courses have higher requirements. Please note that minimum scores will be required in each component of the test.

More information about acceptable English language qualifications can be found at: go.qub.ac.uk/EnglishRequirements

Guidance regarding the acceptability of qualifications from other countries is available at: go.qub.ac.uk/YourCountryRegion

For full details of programme entrance requirements, see the Queen's online Course Finder: qub.ac.uk/courses

ADMISSIONS AND ACCESS SERVICE

The Admissions and Access Service processes the vast majority of applications to the University. We have a team dedicated to handling applications from international students, who can provide answers to any queries you might have about entry requirements and how to apply. Please see: go.qub.ac.uk/AdmissionsAccess

VISA AND IMMIGRATION

Visa and immigration requirements can sometimes seem intimidating; Queen's provides a high level of support and advice on UK student visas directly for you. Working within the Office of the Immigration Services Commissioner's code of standards (OISC), the Immigration Support Service team is here to help you make a smooth transition from your home country to life in Belfast.

For information on how visa requirements are calculated, as well as Points Based System (PBS) and your Confirmation of Acceptance for Studies (CAS) number, please see: qub.ac.uk/sites/iss

EXPLORING EUROPE

During your time at Queen's, we hope you will take the opportunity to travel to other countries. You may decide to do this during vacation periods for tourist purposes, or you might go on a field trip with your School. Travelling will widen your knowledge and understanding of other cultures and enhance your experience in the UK. If you will be travelling, you may not need a separate visa (depending on your nationality). For more information on travelling within Europe, including visa requirements, visit the UKCISA website: ukcisa.org.uk

MEET QUEEN'S STAFF

Our International Office staff attend educational events in several countries and are available for admissions advice and guidance.

For more information, please contact the international office: international@qub.ac.uk

COURSE DIRECTORY

The university welcomes applications from international students, and details about the acceptability of qualifications from other countries are available on the University's website at:

go.qub.ac.uk/YourCountryRegion

Our degree courses are listed alphabetically in the following tables and include the minimum grades required in terms of A-levels. Alternative international qualifications awarded by a recognised organisation may be accepted in lieu of A-levels. Prospective applicants should check the most up-to-date course requirements before applying. For full details of our entry requirements for each course, please refer to: qub.ac.uk/courses

Where alternative A-level grades are listed in Column 6, specific subject requirements may apply for the lower offer. It should be noted that some courses require specific A-level subjects and grades (or equivalent qualifications). Please refer to the Course Finder on the University's website, which will have current grade and subject requirements: qub.ac.uk/courses

Where a course offers a placement option, this is indicated 'Y' in the placement column. Students taking the placement will have an additional year added to their course. Those participating normally receive remuneration.

Column 3 shows the duration of the course in years. Courses involving the study of a foreign language as a Single, Major or Joint Honours subject normally require a year to be spent in the appropriate country (or countries, in the case of Joint Honours).

This undergraduate guide is prepared well in advance of the 2026 academic year to which it relates. Therefore, the entry requirements stated here are for guidance only.

Further details about selection procedures are available in the individual degree programmes listed at qub.ac.uk/courses under 'Entry Requirements'. This includes a section on 'How we Choose our Students'.

Subject ¹	Course	Years	Placement	IELTS	International Entrance Requirements 2026
Advanced Accounting with Placement	MAcc	4	Y	6.5	ABB + GCSE Mathematics grade B/6 or equivalent
Actuarial Science and Risk Management	BSc ¹	4	Y	6.5	AAA including Mathematics

Zoology	BSc ¹	3/4	Optional/Y	6.5	BBC including Biology and normally at least one from Chemistry (preferred), Geography, Mathematics or Physics + GCSE Chemistry grade C/4 (if not taken at A-level) and GCSE Mathematics grade C/4 or equivalent or BBB including Biology + GCSE Chemistry grade C/4 + GCSE Mathematics grade C/4
	MSci ¹	4/5	Optional/Y	6.5	ABB including Biology and normally at least one from Chemistry (preferred), Geography, Mathematics or Physics + GCSE Chemistry grade C/4 (if not taken at A-level) and GCSE Mathematics grade C/4 or equivalent or AAB including Biology + GCSE Chemistry grade C/4 + GCSE Mathematics grade C/4

FURTHER INFORMATION

* The IELTS scores listed in these tables are the minimum overall score requirements. Unless otherwise indicated (**), the minimum score required in each test component is normally 5.5.

** Minimum scores vary for each component of the IELTS test. Please refer to the University's Course Finder for individual programme requirements at: qub.ac.uk/courses/

Details of other English language qualifications acceptable to the University are available on our website at: go.qub.ac.uk/EnglishLanguageReqs

1 Indicates courses which are offered with and without a Sandwich year option; or where a Sandwich year (or shorter placement) is normally a required element of the degree programme, but international students can (under exceptional circumstances) be exempted from it. Students undertaking a year of professional experience (Sandwich year) do not need a work permit as long as the placement is in the UK. Students who do not take the year of professional experience are transferred to an equivalent programme without the extension 'with Professional Experience' in the title.

Disclaimer: Queen's University Belfast has made all reasonable efforts to ensure that these lists are accurate and up to date when compiled, but can accept no responsibility for any errors or omissions. The University reserves the right to revise, alter or discontinue courses of study. Entry may be restricted by number or quality of entrants.

INTERNATIONAL BACCALAUREATE

Queen's welcomes applications from International Baccalaureate (IB) Diploma students.

Offers will normally be conditional upon successful completion of the IB, to include three subjects at Higher Level (with scores between 6,6,6-5,5,5), in addition to an overall score (normally between 29 and 36 points). Points obtained for the Extended Essay and Theory of Knowledge can count towards the total.

The table to the right shows the IB requirements compared to the University's UK A-level entry requirements. We may also require specific grades in relevant Higher Level subjects. Details of the A-level grades and any specific subject requirements for each programme may be found in our Course Finder at: qub.ac.uk/courses/

A-level grades	International Baccalaureate Diploma
AAA	36 points overall including 6,6,6 at Higher Level
AAB	34 points overall including 6,6,5 at Higher Level
ABB	33 points overall including 6,5,5 at Higher Level
BBB	32 points overall including 6,5,5 at Higher Level
BBC	30 points overall including 5,5,5 at Higher Level
BCC	29 points overall including 5,5,5 at Higher Level

Please note that these grades should be treated as a guide as variations may occur in certain circumstances.

ENGLISH LANGUAGE REQUIREMENTS

Applicants should also hold an acceptable English language qualification at the appropriate level. English (Syllabus A) with a score of 5 at Standard Level or 5 at Higher Level will normally meet the English language entry requirement for the majority of our programmes. English (Syllabus B) with a score of 7 at Standard Level, or 5 or 6 at Higher Level is also acceptable. However, please note that English language requirements may vary depending on your chosen programme. Please refer to our Course Finder for English language requirements by programme.

Applicants who are not studying English as part of the International Baccalaureate Diploma should refer to the full list of other acceptable English language requirements.

MATHEMATICS REQUIREMENTS

We will accept both Mathematics Standard Level and Mathematical Studies Standard Level in lieu of GCSE Mathematics. The corresponding grade requirements are:

GCSE	IBD Standard Level
A	6
B	5
C	4

HOW AND WHEN TO APPLY

HOW TO APPLY

Applications for admission to full-time undergraduate and sandwich courses at the university should normally be made through the Universities and Colleges Admissions Service (UCAS). Full information can be obtained from the UCAS website at: ucas.com/apply.

WHEN TO APPLY

UCAS will start processing applications for entry in autumn 2026 from 1 September 2025.

The UCAS Equal Consideration Deadline for the receipt of applications for entry in 2026 is Wednesday 14 January (18:00) 2026. However, for applicants applying to Oxford or Cambridge and for those whose choices include Medicine, Dentistry or Veterinary Medicine/Science the closing date is Wednesday 15 October (18:00) 2025.

There are two intakes for Professional Nursing in Adult and Children and Young People's (one in September and the other in February). Application for these courses

must be made by the UCAS Equal Consideration Deadline on Wednesday 14 January 2026 deadline (18:00) prior to the academic year of entry i.e. for September and the following February.

Applicants are encouraged to apply as early as is consistent with having made a careful and considered choice of institutions and courses. Earlier applicants normally receive decisions more quickly, however, UCAS accepts that some applicants, especially those from outside the UK, may find this difficult. Late applications are, in practice, accepted by UCAS throughout the remainder of the application cycle, but you should understand that they are considered by institutions at their discretion, and there can be no guarantee that they will be given the same full level of consideration as applications received by the advisory closing date.

Applications for Nursing, Midwifery and Social Work must be submitted by the 14 January 2026 deadline (18:00). Applications received after this deadline will not be considered.

Take care to enter the details of the institutions and courses clearly and correctly on the application. For Queen's, the institution code name is QBELF and the institution code is Q75. These should be entered in the Choices section of your UCAS application. Please note a Campus Code is not required.
