YEAR 1

Glasgow

- Induction
- Insights to Industry (10)
- Exploratory Group Research Project (30)
- Photonics (10)
- Nano & Atomic Scale Imaging (10)
- Solid State Physics (10)
- Electronic Devices 3 (10)
- Nanofabrication (10)

Belfast

- Induction
- Teamwork & Collaboration Skills in a Cross-Geographical Environment (10)
- Exploratory Research Project (30)
- Electronic Materials (10)
- Magnetic Materials (10)
- Electronic Materials (10)
- Optical Materials (10)
- Modelling (10)

PhD/EngD Project Development Phase

Substantive PhD project (primary base either QUB or UoG)

Substantive EngD Project (primary base industry project partner)

CMI Level 7 Certificate in Strategic Leadership and Management

Specialized Training Courses at IPIC, University of Glasgow and Queen’s University Belfast

Engagement & Outreach Opportunities (including STEM Ambassador Training)
