5 NI AHA Award for Research and Development

This award celebrates the achievements of an individual or team who has made an outstanding contribution to research and development. The award winner is a role model for the next generation of AHPs demonstrating leadership in research delivery across NI. This award can either be self-nominated or you can nominate a colleague or member of their team. This award is open to AHPs working in HSC, private practice, charity sector and Universities.

Criteria

The judges will be looking for evidence of:

- Impact of research for patients and/or the public
- Leadership in research delivery
- Collaborative working
- Engagement and raising the profile of research in health and/or social care.
