# Present Around the World

Present around the World (PATW) is the IET's presentation competition for young professionals. This year three very different topics will be presented in what promises to be a fun and informative evening.

**Guanitta Brady, PhD Student, University of Ulster Jordanstown**  
**Robotics and Autonomic Computing: The Future?**

**Josh Lockhart, Undergraduate Student, Queen's University Belfast**  
**Quantum Technologies and Quantum Computation: Why I'm Excited and Why  
You Should Be Too**

**Richard McKnight, Process Engineer On Placement, Schrader**  
**Analyzing the efficiency of a production line within Schrader Electronics**

**Sable Campbell, PhD Student, Queen's University Belfast**  
**Intelligent Unmanned Surface Vehicles: "Driverless Cars of the Sea"**

**Paul Kennedy, Mechanical Design Engineer, Schrader Electronics**  
**New Product Development within Schrader Electronics**

This event is free and open to everyone. Pre-registration is not required. For more information visit
