<b>Paper Title</b>	The "Good Friday Agreement" and cancer research on the island of Ireland: Evidence for the impact of a tripartite cancer research partnership
<b>Authors</b>	Grant Lewison, Anna Gavin, Richard Sullivan, Mark Lawler
<b>Journal</b>	European Journal of Cancer
<b>DOI</b>	<a href="https://doi.org/10.1016/j.ejca.2020.01.014">https://doi.org/10.1016/j.ejca.2020.01.014</a>
<b>Funders</b>	none directly, the N. Ireland Cancer Registry is supported by the Public Health Agency for N. Ireland
<b>Full paper available online</b>	YES <input checked="" type="checkbox"/> NO <input type="checkbox"/> NOT YET <input type="checkbox"/>
<b>Conclusion</b>	The international All Ireland Cancer Consortium which had many aspects including training opportunities afforded for Irish researchers and others working in the cancer area significantly enhanced cancer research activity over the last 20 years, underpinning the potential for improved cancer outcomes on the island of Ireland.
<b>What this means for the service</b>	International collaborations are important in improving research opportunities locally.
