

## RE-IMAGINING BUNDORAN

Just before Christmas 2019, Bundoran was selected as Failte Ireland's destination town for county Donegal and it will receive a €500,000 cash injection to help make the seaside resort more appealing and attractive to visitors and potential visitors. The funding will cover 6 different projects but ideas are needed to relate to the following challenges.

- 1. Landscaping at the three roundabouts**
- 2. Upgrade of 3 side streets (Meehan's, Central, Rennison's)**
- 3. Public Realm Enhancement**

The Planning School at Queen's University Belfast in conjunction with Discover Bundoran invite you to submit design intervention ideas for these challenges of reconnecting Main Street with the coast, creating welcoming and inviting spaces on the urban fringes and redesigning streets that become vibrant places.

You can choose to illustrate how the improved space will look using either digital (Photoshop, AutoCAD or similar) or more traditional techniques (sketches etc). Multiple entries are allowed.

The admissions should be forwarded to Dr Neil Galway by email or WeTransfer – [n.galway@qub.ac.uk](mailto:n.galway@qub.ac.uk) by 1st September at 16.00. All entries will be considered for the Masterplan and the best entry will be awarded a 200-Euro Amazon voucher, with runners up prizes for the 3 categories.

If you are interested in getting involved please e-mail [n.galway@qub.ac.uk](mailto:n.galway@qub.ac.uk) for additional information on Bundoran, photographs and maps.
