MSc Molecular Pathology of Cancer – Funding Opportunities

The future of Medicine will be dictated by technical developments and advancements in genomic medicine, both of which are already influencing the way we treat our patients and we carry out science. Molecular Pathology is at the heart of this development, and will help you to be better clinicians and better scientists, opening valuable career opportunities in healthcare, academia and industry.

Interested candidates should apply for admission via Queen's University Direct Application Portal:

https://dap.qub.ac.uk/portal/user/u_login.php

QUB Coursefinder provides further information on this course: <http://go.qub.ac.uk/6Zcbc>

Some bursaries are available for UK/EU applicants. Those interested in applying for these will need to provide additional information (see below)

- **Four CRUK training fellowship** (fees and salary)
Open to all applicants however priority will be given to participants of the CRUK Digital Molecular Pathology Accelerator Network. The CRUK Accelerator partnership includes (Belfast, Southampton, UCL-Neuropathology ICR/Marsden, Manchester, Leicester, Newcastle and Edinburgh).
- **One Belfast Health and Social Care training fellowship** (fees and salary)* open to applicants who are employed in the Belfast Trust, priority will be given to those based in a relevant laboratory environment whereby upskilling to support the transformation of Genomic Medicine in Northern Ireland is essential. ***Salary agreed at Band 6.**

To apply for any of the above bursaries, candidates are asked to provide:

Short Curriculum Vitae, with particular focus on your research experience (1 A4 page max)

Declaration of interest as to your motivation for being a MSc student in Molecular Pathology (1 A4 page – 500 words max)

Submit to Postgraduate & Professional Development in the School of Medicine, Dentistry & Biomedical Sciences - pgoffice.smdb@qub.ac.uk

**CLOSING DATE: 4 pm on 24 April 2017
(late applications will not be considered)**

- Short-listed applicants may be called for interview
- Decisions will be made based on the quality of the candidate, their progress to date, suitability for the programme and potentially their performance at interview
- The Committee reserves the right to only appoint candidates of particular quality to this exciting new programme at Queen's
- The decision of the Committee will be final
