

The Bleakney Family Scholarship

The Bleakney Family scholarship was established by Dr Robert Bleakney, a Queen's medical graduate, now based in Toronto.

The scholarship, to the value of £5,500, will assist with payment of tuition fees. The terms of this Scholarship, including eligibility, are as follows:

- The scholarship will be awarded to a Queen's medical student to undertake the intercalated degree – MSc (Res) Cancer Medicine. This will include an extensive project and dissertation in radiation oncology and medical physics.
- This Award is open to current medical students of Queen's University, Belfast and will be conditional upon successful completion of at least three years of medicine to 2:1 honours standard or equivalent standard or above.
- In the event of a tie, the Award may be split between candidates.
- If in any year no suitable candidate is identified then the award may be deferred until the following year. The donor is to be made aware should this situation arise.
- The donor will receive a copy of the dissertation when it is submitted.
- The recipient is required to write a thank you letter to the donor, copied to Head of School and the Stewardship Officer within the Development & Alumni Relations Office.

Application Process

1. Applicants should submit the following documentation to support their application by the closing date: Monday 16 April 2018 at 12 noon to pgoffice.smdb@qub.ac.uk.
 - Candidates should submit a 300 word application clearly stating their reasons for wishing to undertake the intercalated MSc (Res) Cancer Medicine and specifically in Radiation Oncology and Medical Physics
2. Must have applied online to undertake one of the masters intercalated degrees by Monday 16 April 2018 at 12 noon via the University's [Direct Applications Portal](#).
3. Applications received after this date/time will not be considered

Please direct any queries regarding the MSc (Res) in Cancer Medicine to the Programme Co-ordinator, Dr Paul Mullan (p.mullan@qub.ac.uk).
