GL Brown Prize Lecture

19 June 2019 | Queen's University Belfast

“Tackling the pathophysiology of motor neuron disease: a translational neuroscience approach”

Professor Dame Pamela Shaw
of the University of Sheffield

Professor Dame Pamela Shaw is Professor of Neurology at the University of Sheffield & Director of the Sheffield Institute for Translational Neuroscience, one of the world's leading centres for research into motor neuron disease. She leads a multidisciplinary programme of research investigating genetic, molecular & neurochemical factors underlying motor neuron disease & she evaluates potential treatments in the fight against this debilitating condition.

Wednesday, 19th June 2019, 3 p.m.

North Lecture Theatre, Medical Biology Centre,

97 Lisburn Road, Queen's University Belfast

All welcome

If you have a disability or any additional needs & require assistance to attend this event, please contact Dr Joe Quinn (joe.quinn@qub.ac.uk). Parking spaces are limited & will be allocated on a first come, first served basis (all enquiries to joe.quinn@qub.ac.uk).

For all other queries, please contact Dr Etain Tansey (e.tansey@qub.ac.uk)

Hosted by the Centre for Biomedical Sciences Education, Queen's University Belfast
