

IncuCyte Live Cell Imaging system
presentation 17th May Basement
seminar room Wellcome-Wolfson
Institute for Experimental Medicine
12:00 to 13:00.

Tell your cell's story
with real-time
live-cell analysis

With over 1,500 publications and counting, the IncuCyte® live-cell analysis system automatically acquires and analyzes images so researchers can get answers faster – and with presentation-ready images and graphs – get published faster!

The IncuCyte S3 system is a flexible assay platform that enables real-time, automated measurements of cell health, movement and function – inside your incubator.
