

An Invitation to the Mason Technology Olympus IXplore SPIN SR Workshop

Wednesday 25th September 2019

Queens University Belfast (QUB), Advanced Imaging CTU, Wellcome-Wolfson Institute for Experimental Medicine

Join the Mason Technology Olympus Workshop to learn about the latest advances in confocal macro to micro Imaging. Discover the latest addition to the range: IXplore solutions and the SPIN SR System.

Practical hands-on sessions throughout the day with a "Lunch & Learn" presentation from 12.30 pm.

- Bring your samples and test the systems for yourself
- Participation is free of charge. Please share information about this event with other interested colleagues

To register for this free event please contact either Chris or Gordon below:

Chris Bradley, Olympus Product Specialist, Mason Technology, E:cbradley@masontec.ie

Gordon Wright, Olympus Product Manager, Mason Technology, E:gwright@masontec.ie
