A close-up photograph of a sculpture of a lion's head. The sculpture is constructed from numerous thin, rectangular metal rods of various colors, including silver, gold, and bronze. The rods are arranged to form the mane, which is a dense, spiky ring around the head. The face of the lion is also made of these rods, with a yellow eye and a dark nose. The background is dark and out of focus.

A vibrant photograph of two young boys playing in a public water fountain. The boy in the foreground is wearing a blue t-shirt with a graphic and patterned shorts, running towards the camera with his arms outstretched. The boy behind him is shirtless and wearing dark shorts, also running and smiling. The fountain consists of several vertical jets of water, creating a misty, refreshing atmosphere. In the background, a yellow sign with the letters 'H & W' is visible. The overall scene is bright and joyful, capturing a moment of childhood fun in an urban public space.

A coastal scene featuring a large, ornate church with a steeple and several houses on a green hillside overlooking a rocky beach. In the foreground, a person in a dark jacket and white hat sits on a concrete ledge, and a child in a colorful patterned jacket and pink boots stands on the rocks. The water is calm, and the sky is overcast.
